FORCING A MATCH.

Jeffries Must Fight Rubin or Give Up the Championship.

NEW YORK, June 20.—Billy Madden, manager of Gus Rubin, declared that he has waited long enough on Jeffries and if the Californian does not agree to a match at a very early date he will claim the world's championship for the Akron giant. He will then, he says, arrange a fight with the next best man and will let Jeffries go. Madden says that he has done everything possible to get a definite answer from the champion to his numerous propositions, but he has been practically ignored. More than a year has elapsed since Jeffries defeated Corbett, and Madden thinks it about time he entered the ring again.

FILLMORE WILL RETIRE.

J. M. Herbert Likely to Become Manager of the Southern Pacific.

SAN FRANCISCO, June 20.—While the operating officials of the Southern Pacific say they have no official knowledge of the proposed appointments of E. H. Fitzhugh and J. M. Herbert, it is generally understood among the employees that J. A. Fillmore, manager of the Southern Pacific system, will retire and that his place will be filled by J. M. Herbert.

Mr. Fillmore, however, stated today that he has not been officially notified of any contemplated change in his department. There is also a general expression that E. H. Fitzhugh will be ultimately made assistant to President Hays.

FOR NINE-HOUR DAY.

Demand Made by Trades Council on Lumber Manufacturers.

SEATTLE, June 20.—A demand has been made by the Seattle Building Trades Council upon lumber manufacturers and woodworking shops of Seattle for a reduction of the hours of labor to nine hours a day without decrease of pay.

This demand grew out of the action of the Seattle Lumber Exchange in declaring a boycott on members of the Trades Council as a means of retaliating for the action of the council in boycotting lumber manufactured by the Morans.

KRUGER WILL COME.

The Ex-President Will Visit This Country in the Autumn.

NEW YORK, June 20.—According to a Times special from Washington, the Boer sympathizers in the United States are making preparations for a visit by Mr. Kruger to this country in the autumn, which was announced some time ago by Montagu White, the Transvaal representative in Washington. C. W. Van der Hoogt, an active Boer sympathizer of Washington, who has returned there from New York, says a conference of leading pro-Boers was

held Saturday, Sunday and Monday, and that the chairman of the reception committee was chosen. He will be the guest of Consul General Pierce, of the Orange Free State, whose office is in New York.

Mr. Van der Hoogt says the Boers agents in this country are in possession of complete information both by telegraph and mail about the progress of the war and that their cable advices show that Mrs. Botha's visit to Mr. Kruger is in no way connected with peace negotiations. Mrs. Botha took with her to Europe detailed information from her husband and from General Schalkberger, the acting president. Mr. Van der Hoogt said that General Botha was permitted to communicate by cable with Mr. Kruger on condition that he would try to get Mr. Kruger to agree to certain peace terms favorable to Great Britain and that the British authorities should see the dispatches. Botha carried out the agreement and Mr. Kruger's reply was that independence was the first basis of any terms of peace.

SPOKANE, Wash., June 20.—Fifty bankers from all parts of Washington, with a sprinkling from neighboring states, were in of the sixth annual meeting of the State Bankers' Association.

In the absence of President Jacob Furch, of Seattle, Vice-President Dyer, of Spokane, presided. The address of welcome by Mayor Byrne was responded to by Miles C. Moore, of Walla Walla.

The opening address, "Early Banking and Business Methods," was written by M. M. Cowley, of Spokane, but owing to Mr. Cowley's illness, the paper was read by Levi Ankeny, of Walla Walla. Other papers were:

"Oriental Exports Relating to Bankers," by P. C. Kauffman, of Tacoma; "Needed State Legislation," by E. T. Coman, of Colfax.

The following resolution was adopted relative to "Burdensome federal tax upon banks": "Resolved, That our senators and congressmen be requested to make every effort to secure the repeal of this burdensome tax at the coming session of congress."

TO RECLAIM ARID LANDS.

TUCSON, Ariz., June 20.—Tom Burns was shot and killed by a cowboy named Wallace at Mammoth. Burns and Wallace had been riding together on the range and had trouble. Burns, who is known all over the southwest as a gun fighter, was slow in pulling his six shooter and was shot off his horse.

INJUNCTION DENIED.

Indian Lands in Oklahoma Will Be Opened to Settlement.

WASHINGTON, June 20.—Justice Bradley, in the equity court today, denied the application of Dr. Lene Wolf and other Indians for an injunction against the secretary of the interior to restrain him from opening Klowa Comanche and Apache lands in Oklahoma to settlement.

Without going into the facts of the case the court held that the question was purely a political one with which the court had no power to deal.

FATAL CONFLICT BETWEEN MINERS

Two Union Men Killed at Matewan, West Virginia.

ATTEMPTED TO ENTER MINE

Non-Union Men Blocked the Way and Fired on Superintendent's Order—Miners Gathering and Serious Trouble is Expected.

MATEWAN, W. Va., June 20.—The strained relations between union and non-union miners here has resulted in bloodshed. Today several hundred union miners were marched in a body against the Marquette mines of this place, where non-union men were at work. They tried to effect an entrance but the operators, with twenty guards armed with Winchester, blocked the entrance. The non-union miners were headed by Superintendent Lumber, and when the union men persisted in their attempt he gave the command to fire. Fully fifty shots were fired.

Bord Martin and Riley Johnson were fatally shot and Sam Arttrip was dangerously wounded. The union men did not return the fire but dispersed.

All the union miners throughout Matewan are collecting and serious trouble is expected tomorrow.

ATTEMPT AT ASSASSINATION.

Former American Has a Narrow Escape in Mexico.

NEW YORK, June 20.—A special to the Times from El Paso, Tex., says: Word has been received from Chihuahua that an attempt has been made to assassinate A. R. Shepard, who did so much to build up the City of Washington during the administration of President Grant.

Shepard after leaving the District of Columbia, many years ago, went to a small settlement in the republic of Mexico, where he since has been engaged in the mining business.

On Saturday, while Mr. Shepard was away quite a distance from his mine at Batopilas, he was shot at by a Mexican in ambush, the bullet grazing his head. Shepard beat a hasty retreat in the direction of the settlement, the would-be assassin following and keeping up a running fire. Luckily none of the bullets went true to the mark and the intended victim finally reached the door of his hut.

Shepard has great influence among the Mexicans and is almost a king in the little town. As soon as the news of the assault became known, the settlement became greatly excited. The neighborhood was searched for a mile around and the following morning the assailant was captured.

CLEVELAND, O., June 20.—Contrary to general expectation, harmony prevailed at the Republican county convention today. Senator Hanna occupied a seat on the platform and made a strong speech in favor of peace between the two factions of the party.

The nominations subsequently made were pretty evenly divided between the two factions.

ITALIAN CONSUL WARNED.

New York Anarchist Sends Him a Threatening Letter.

NEW YORK, June 20.—The Italian consul, Giovanni Branchi, has received the following letter from a committee of English-speaking anarchists who held a meeting here this week: "To the Italian Consul.—Knowing the temper of the Paterson comrades, we the English speaking anarchists of New York and vicinity would earnestly request you to desist from employing spies any further. We fear that if persisted in this may lead to bloodshed, which we deplore.

THE COMMITTEE.

"New York, June 19, 1901."

The meeting was attended by leading members of the anarchist group in Philadelphia, Providence and Boston. Four of the nine men at the meeting are physicians. The meeting was called because of threats made at a meet-

ing of Paterson anarchists held Monday night. It was decided to send a letter to the consul general. The English speaking anarchists had made an arrangement with the anarchists in Paterson by which the latter were to commit no act of violence for seven days. When that period has elapsed it will be known whether the Italian consul has decided to abandon the spy system which, it is said, has been in operation since President assassinated King Humbert.

When the Italian consul was seen at his office, he said: "It is an anonymous letter." He declined to give any interview and when asked if he feared any violence, he laughed and said nothing.

NEW YORK, June 20.—Henry S. Frick has become interested in scientific projects through his son, and when he sailed on the Oceanic with his family it was for a scientific project. In his new role he becomes a patron of the Carnegie Museum, in Pittsburg.

The plan which he is backing is to be carried out by his son, Childs Frick, 18 years of age, and Frederick S. Webster, head of the department of taxonomy of the Carnegie Museum, who also sailed on the Oceanic. Young Frick and Mr. Webster will remain abroad three months. During the first two months they will visit noted museums in Europe, paying special attention to the British Museum in London and the Imperial Museum at Berlin, to secure new ideas to be put into practice at the Carnegie institution.

The third month Childs Frick and Mr. Webster will spend in looking for game in Scotland. In the interests of the Carnegie Museum, H. C. Frick has secured hunting privileges in several of the best reserves in that country. These such specimens will be procured as cannot be found in the Pittsburg Museum.

CAPT. MANNEY'S DARING FEAT.

Takes Battleship Massachusetts Successfully Through Hell Gate Narrows.

NEW YORK, June 20.—Without the assistance of a pilot and to demonstrate that a first-class battleship could be navigated through Hell Gate successfully, Captain Henry M. Manney took the big battleship Massachusetts through the narrows today.

It was the first time in the history of the navy that any commander of a war vessel of this class ever dared attempt the feat. The passing of the mammoth fighting machine through the dangerous waters of Hell Gate successfully proves that in case of hostilities with a foreign power battleships of the same draught as the Massachusetts could repeat the performance of the Massachusetts.

Secretary Long has taken official notice of Captain Manney's dangerous feat and issued orders that no naval vessel of the size of the Massachusetts shall use Hell Gate narrows except in cases of great emergency.
