INCREASE IN GOLD PRODUCT.

The figures of gold production for the United States and for the world for the fiscal year which is just closing show the United States again in the first poamong the gold producing sountries of the world, with a product thich reached upwards of \$118,000,000 This is more than double the amount of gold ever produced in the United States for any single year in its history previous to 1898. More than this, the profuct of this country alone is more than the total amount produced in the en-Still further, it is greater than the entire amount of both gold and silver, in coloage value, ever produced in the world in any year previous to 1898.

There is something almost startling about these figures, which fully explain, in connection with the figures of the enormous expansion of the gold down of the mines in the Transvaal has slight, if any, influence upon the money markets of the world. The ing off in the Transvasi there is a de- - Philadelphia Inquirer. cline in the production of the whole world of but \$30,000,000 since 1898. The man for president Slitter Le is a gripe. CHAS, ROGERS Druggler. new gold fields of the Uniwi States mighty strong man, or this translating will kill him. and of Canada have made up fully \$40,-000,000 of the Transvant deficit.

The larger share if not all of this increase in the United States and Canada has been from the gold fields of the Alaskan peninsula, which are hardly more than in their first stages of development, and which will continue to prove that and which will continue to the prove that a stage of the prove that and which will continue to the prove that and which will continue to the prove that a stage of the prove that are and I samed 5 pounds.
