

INSURGENT LEADER GONZALES CAUGHT

Filipino Stronghold Destroyed by Fourth Infantry.

HEALTH BOARD CREATED

Salary Will Be \$6,000. Changes Will Be Made on July 4, When Civil Government Will Be Put into Effect on the Islands.

MANILA, July 1.—On Thursday next, July 4th, will be the inauguration day for civil government and the moving day for the military headquarters which will be transferred to the former Spanish headquarters outside the walled city. The palace will be occupied exclusively by officials of the civil government. General Chaffee, who assumes command Thursday, will occupy Judge Taft's residence and Judge Taft will remove to Malacanang palace.

General Chaffee is preparing to push operations against Malvar, the insurgent chief in Southern Luzon. He has ordered a transfer of the Fifth Infantry from Northern Luzon to Batangas province. The general has been informed that Malvar's principal headquarters are in the mountain town in Northern Tayabas, whose inhabitants are contributing to his support.

Bills have been passed establishing a board of health for the Philippines. The salary of the health commission will be \$3000.

A detachment of the Fourth Infantry, scouting on Volcan Island in Lake Taltal, has captured Gonzales, the insurgent leader, his adjutant and several others. Another detachment of the same regiment has had a running engagement at Banaras and destroyed a Filipino stronghold.

FAITHFUL EMPLOYEES PENSIONED

Illinois Central Will Retire 200 Men Today on Partial Pay.

CHICAGO, July 1.—About 200 employees of the Illinois Central railroad will be retired today on a pension under the system approved by President Fish and General Manager Harahan early in May and which became effective at midnight last night.

Their pensions will be based on their average monthly pay during the last ten years of their service, they being allowed monthly a certain per cent of this amount for each year of their normal service.

To carry out the pension scheme the company has provided a fund of \$250,000 and each year a sum not to exceed \$100,000 will be set apart for the payment of the pension allowances for the year.

Union Officials Will Try and Patch Up Agreement.

CHICAGO, July 1.—Martin Fox, president of the Ironmolders' International Union, M. J. Keogh, vice-president, John Campbell, and David Black, members of the international executive board, have arrived in the city and will meet in conference with the officials of the local union.

ECZEMA

Eczeema sets the skin on fire. The acid poisons in the blood are forced out through the pores of the skin, causing intense redness, burning and itching. So terrible is the itching at times, especially when the body is overheated, that the almost distracted sufferer feels that he could tear the skin to pieces, and that he must scratch or go crazy. He knows from experience that this only makes matters worse, but, made desperate by the terrible burning and itching, he is for the time being indifferent to after effects. There are several forms of Eczeema, the moist, or weeping kind, that comes in little pustules which discharge a watery, sticky fluid, which dries and peels off in bran-like scales. So profuse is the discharge at times that large scabs or crusts form, which are both painful and troublesome, and not easily removed. Red, disfiguring bumps and sores are symptoms of Eczeema. The dry form usually attacks the head, hands and feet; the skin, becoming hard and rough, often cracking open and depending upon a poisoned condition of the blood, and local applications, while soothing and cooling, and may to some extent relieve the inflammation and itching, cannot be considered cures, because external remedies do not reach constitutional or blood diseases. Salves, ointments, powders, lotions and soaps do more harm than good, by smearing over and sealing up the pores of the skin, thus forcing the poison back into the blood. S. S. S. antiseptics and neutralizes the acid poisons and drives out of the circulation all impurities and humors, and the pure, rich blood that is carried to the diseased skin quickly allays the inflammation, opens the clogged up pores, and the skin becomes soft, smooth and ready to perform its proper functions. To be rid of Eczeema you must first purify and build up the blood, and nothing so surely and effectually does this as S. S. S., the only guaranteed purely vegetable blood purifier. Send for our book on blood and skin diseases, and write our physicians for any information or advice you may desire. Medical advice and book free. THE WIGG SPECIFIC CO., ATLANTA, GA.

Mr. L. Marno, Escondido, San Diego County, Cal., writes: "My body broke out with a rash or eruption which in spite of all efforts to cure continued to get worse. The itching, especially at night, was simply terrible; it would almost disappear at times, only to return worse than ever. I had tried many highly recommended preparations without benefit, and hearing of S. S. S. determined to give it a fair trial, and was inexpressibly delighted when a few bottles cured me entirely, removing every blemish and pimple from my body. I shall not fail to recommend S. S. S. whenever an opportunity occurs."

THE NEW BOAT WAS DEFEATED

Columbia Comes in Ahead in First Trial Race.

LOST THROUGH MISFORTUNE

Crew of Constitution's Job Carried Away Soon After Start—Columbia Also Met Accident After Crossing Finish Line.

NEWPORT, R. I., July 1.—The Constitution was defeated by the Columbia today by the narrow margin of 48 seconds in the first real race in which the Herreshoff yacht has participated. Although the contest from start to finish was close and at times exciting, in the opinion of a majority of the yachtsmen in Newport tonight the Constitution lost through misfortune. However, the result of today is far from conclusive, and there is still much to be decided as to the relative merits of the two yachts.

A mishap to the new boat came about an hour after the start. While the boats were on the second long tack to windward, the crew of the job of the new boat was carried away and for some ten minutes she was without the use of that sail. This accident sent the Constitution back practically a mile, but in spite of it she was able to get within two minutes of Columbia at the turn, and cut this lead down more than half on the run home.

Some of this gain, however, was undoubtedly due to the fact that she came up in better wind. The Columbia did not escape without accident, too, for immediately after crossing the finish line in sailing over the big masthead her main boom buckled and she had to be towed to the city. It will be necessary to string a new spar before the Columbia can race again, but it is expected it will be in place for the race Wednesday.

WILL PLAY AT FIGHTING

Elaborate Plans for Sham Naval Battle at Vineyard Sound, R. I.

NEW YORK, July 1.—The sham naval and naval maneuvers of the North Atlantic Squadron in Vineyard Sound next Friday and Saturday will be nearly as extensive as those of Newport last September, says a Herald dispatch from Newport, R. I. The battle ground was selected by Rear-Admiral Francis J. Higginson, commander in chief of the North Atlantic Squadron and Captain French E. Chadwick, president of the naval war college, a member of the staff.

MISSION KEPT SECRET

Newspapers Speculating on General Gomez' Visit to Washington.

NEW YORK, July 1.—General Maximilian Gomez has been spending much of his time in conference with Tomas Estrada Palma at the Waldorf Astoria. Neither would divulge the exact nature of their talk. It is thought that General Gomez is here to sound the head of the Cuban junta on the question of his candidacy for the presidency of Cuba.

General Gomez who is himself a Presidential possibility declared recently in favor of Senator Palma. When this subject was mentioned to Senator Estrada Palma last night he said: "I would rather not discuss the matter. It is too early anyway, and the Cubans have really not yet made up their minds whom they desire for president."

Cards from callers were sent to the rooms, but the general invariably declined to receive any of the visitors, a fact that seemed to be very displeasing to some Cuban, Senor Gonzalez,

PORTO RICANS CELEBRATING

Twenty-Day Fiesta in Honor of Patron Saint.

SAN JUAN, Porto Rico, June 21.—Yesterday was observed as a holiday in honor of San Juan, the patron saint of the city and, incidentally, as a feast day for every Puerto Rican. The day for every Puerto Rican is celebrated throughout the island, with one saint-day festival celebrated in each town. The San Juan feast, the American date, gave a holiday to its employees and closed the year's work for the month.

For two weeks San Juan has been enjoying a thirty-day fiesta. The number of holidays were collected by a committee appointed by the government. San Juan celebrated a thirty-day fiesta, which was interrupted by the war. A special program was prepared for each day. There was music every night, and the people were given an opportunity to enjoy the best of the island and to see the most beautiful of the island's scenery.

LEAD TRUST FORMING

First Step to Buy up All Mines in Missouri.

NEW YORK, July 1.—The Herald says with the passage of a check for \$1,000,000 from the Union Trust Company of this city to the Union Trust Company of St. Louis, Mo., the first step has been taken toward the acquisition of title of all purchasable Missouri lead mines has been taken. Many changes of titles for 1900 amounts are expected soon.

Under the name of the Union Lead & Oil Company, the Ryan-Whitney-Clark syndicate is operating in close connection with the M. Guignebert & Sons Smelting Company which recently became a part of the largest part of the American Smelting & Refining Company, commonly called the Smelters Company.

Mr. Whitney when asked concerning his connection with the purchase of lead fields and in particular the recent transactions which resulted in the payment of the one-million dollar check said: "I am in ignorance as to the details of the purchases now being made in the Missouri lead districts. It is true that I am interested with Mr. Guignebert and Sons, but their plans are not fully known to me."

HOUSE OF COMMONS

Remainder of Session Will Be Devoted Mainly to Government Business.

NEW YORK, July 1.—For the remainder of the parliamentary session, the House of Commons will be entirely devoted to government business, says the London correspondent of the Tribune. It is understood that Sir John Lubbock will introduce a new agricultural bill today, but it is not likely to make a statement as the bill merely embodies the chief working clause of the measure which has already been introduced.

NO DANGER OF MOB

Italian Mobster Notably Absent at Chicagoan Meeting.

DENVER, July 1.—A speech to the Nicks from Chicago, Wyo., says: The report is the effect that the Italian mobster at Washington had requested the state department to prevent Dr. Giacomo of Rock Springs, from violence at the hands of a mob, while true, has acquired a great deal of amusement here. The state authorities have failed to hear anything of the pending violence and messages to Rock Springs bring on the intelligence that Giacomo is in no danger of mob violence and never has been.

WHEEL-LESS TELEGRAPHY

System Will Be Recommended for the Naval Service.

NEW YORK, July 1.—Rear-Admiral Bradford, chief of the Bureau of Equipment, will point out in his annual report, says a Herald dispatch from Washington, the necessity of equipping American men of war with a system of wireless telegraphy. As soon as the appropriation is obtained, he will recommend the system to be adopted for the naval service. Believing that Commodore Richardson Oliver, naval attaché in London is deeply occupied with current work, the Rear-Admiral has recommended to Secretary Long that a wireless telegraph expert be sent to England to represent the navy in the trial of the new system developed by Edison's agency.

Having made arrangements for the establishment of coal depots on the New England coast, the Navy department will now give special attention to the Pacific. A depot capable of accommodating 30,000 tons of coal will be located at San Diego, Cal. Instructions have been sent to Captain Merry, at Honolulu, to begin construction proceedings at Pearl Harbor, which is to be the site of a large coal station. Nine hundred acres of land will be acquired. The project of the island ordered to examine Hawaii with a view to improving the harbor of Agaña and locating a station upon its shores will be submitted about the middle of July. The project in the harbor which will accommodate 100,000 tons of coal.

RUSSIAN OPERATIONS

Report Shows Chinese Provoked the Trouble in Manchuria.

NEW YORK, July 1.—A complete report on Russian operations in Manchuria will be published in a few days by Lieutenant Colonel W. A. Simpson, chief of the military information division of the War department, says a Washington dispatch to the Herald. This report, which gives the first detailed account of Russian military operations, shows that Russia had great cause for declaring war on China. Its frontier was invaded, its people were killed, its railways in Manchuria were destroyed, and sharing the communication of other powers, its subjects in Northern China were expelled or slain. Imperial troops, acting under instructions from the Imperial government, inaugurated hostilities against the Russians.

Yet Russia, dealing of a common accord among the powers, did not declare war against China. The report concludes by showing that Russia has actually reduced its military force in Manchuria, and contemplates the withdrawal of all the troops when conditions permit such action. The casualties suffered by Russia's troops in Manchuria and in the Far East, included 22 officers and 251 men killed and 67 officers and 150 men wounded.

The report gives in detail the history of the Boer movement in Manchuria, the mobilization of Russian troops in the Amur military district, the Chinese attacks on the Russian Manchurian railroad, the fighting at Kharbin, Blagovoschensk, Agnin, Sianchi, Nishwang and Mukden.
