THE POSITION OF PORTLAND.

In all probability Portland has been a greater city than, relatively, it can ever again be. It has had its day of trial, its time of passing triumph, and now it must retire to a secondary place.

This is the right course for him to take, and he is to be specially commended for it because it has not been the usual one. For years men in both parties holding high office have used a considerable part of their time, and indirectly such influence as their official position gave them, to the accomplishment of political objects either partisan or personal.

Any ship that sails the ocean can come into the harbor of Tacoma. Here is safe anchorage and ample dock room and all the railroad facilities that Portland can command.

The place for the line of railway and ocean traffic to merge is the place where the rails reach deep water. There is no advantage in bringing ships inland when the goods already aboard the cars can as well go to the coast to meet the ships.

Tacoma may justly be accused of partisanship in preferring that the export traffic diverted from Portland because of its unnatural position, will be shipped from that port.

Why is the boat called "she"? I found the maroon man looking all unclean. "It's very plain," he said, "and you never tried to manage her."

THOUSANDS SENT INTO EXILE. Every year a large number of those suffering with lungs are sent into exile.

Mr. Wu Ting Fang seems to be under the impression that the framers of the Declaration of Independence stole their ideas from Confucius.

HE KEPT HIS LEG. Twelve years ago J. W. Sullivan, of Hartford, Conn., scratched his leg with a rusty wire.

Don't let them suffer. Often children are tortured with itching and burning eruptions of the skin.

FOOD CHANGED TO POISON. Purifying food is the most important thing that can be done to prevent disease.

And they are waking up. The scales have dropped from their eyes, and whether or not a campaign of education is waged in Portland, it is being waged elsewhere.

A GOOD EXAMPLE. Mr. Charles G. Dawes, controller of the currency, has set an admirable example to office-holders with political ambitions.

Wagg (at the ball game)—That umpire seems to be very unpopular with the crowd. Wagg—Oh, he doesn't mind that. He used to be a weather man.

Dr. George Ewing, a practicing physician of Smith's Grove, Ky., for over thirty years, writes his personal experience with Foley's Kidney Cure.

It is also worthy of notice that the mostly fire-eater which costs one-cent a cent is just as potent in starting the fire that burns down a \$100,000 building as the \$4 rock.

Some women will wash baby milk on a pet saddle and then wonder why their children grow up to be so worthless.

You can never cure dyspepsia by dieting. What your body needs is plenty of good food properly digested.

WHAT TWO CENTS WILL DO. It will bring relief to sufferers from asthma or consumption, even in the worst cases.

Mr. John Tippa, Colton, Ohio, says: "Foley's Kidney and Tar cured my little girl of a severe cough and inflamed tonsils."

Science has found that rheumatism is caused by uric acid in the blood. This poison should be excreted by the kidneys.

Stories of the Hour

LESS AND LESS. The careless man puts a careless arm round the waist of a hatless girl. As over the dustless and mudless roads in a horseless carriage they whirl.

TALE OF TREASURE TROVE. A young student was recently looking over an old manuscript in the library at Vienna when suddenly his eyes fell on a passage which startled him considerably.

HABITS OF THE CZAR. From 1 to 4 o'clock is devoted to his family—Goes to bed at midnight. The czar of Russia rises at 8 o'clock. His toilet lasts till nearly 9, and he then sits down at his writing table.

E PLURIBUS UNUM. Collier's Weekly tells this: A young man on an excursion steamer was leaving New York with but few passengers aboard.

A STREET INCIDENT. The place is a narrow, dark alley, and a hilly, hurrying figure is seen pushing a cart piled high with goods.

A FAIR EXCHANGE. Colonel Lovell H. Jerome, who has broad shoulders and a deep chest and who stands six feet flat in his stocking feet.

COLDS COST MONEY. They Cause Insurance Companies to Lose Millions Each Year. A leading insurance journal says somewhat pathetically that colds cost the life insurance companies a million dollars a month.
