The candidates for regatta queen have been announced at last and are Miss Ivy Barker and Miss Lella Shelby. At this writing the indicated salmon pack of the Pacific coast this year is \$350,000, cases divided as follows: Alaska Packers Association, 1,300,000; Pacific Packing and Navigation Company (Delaheld, McGovern & Ouffroy combine) 750,000; British Columbia, 500,000; Independent canneries in Oregon, Washington and Alaska, 1,000,000.—San Francisco Trade Journal.

Isaac Hendrickson, who was recently convicted before Justice of the Peace Brower of fishing without the necessary license, paid the fine yesterday. At the conclusion of the trial Hendrickson walked off after sentence was pronounced without paying and an officer was sent out to explain to him the necessity of settling. Hendrickson is a shareholder in the Co-operative cannery.

The latest in the way of combinations comes from Portland, where, according to the West Oregonian, the harvest hands are talking of organizing and fixing the wages to be paid. A similar plan in Walla Walla came to naught. Wages in the harvest fields range from \$2 to \$4.50 a day, according to ability and experience and the majority of the farmers have already contracted for their crews.

At the A. F. C. grounds today the Elks and Eagles will cross bats and a prize game is promised. Both teams have been materially strengthened and the friendly rivalry that has existed between the members of the two lodges for baseball supremacy should result in an exciting contest. The Waldemann band will be at the grounds and will entertain the occasion with music. Admission, including the grand stand will be 25 cents.

The river and harbor committee have departed from the Pacific coast and the members are now en route to their homes in the East and South. Since leaving Washington two months ago the party has traveled over 12,000 miles, has visited a dozen states and journeyed as far north as the Yukon. The benefit that will redound to the state as the result of the trip will not be apparent until the appropriation bill is reported by the committee to the next congress. An item has been going the rounds in which an unidentified member of the committee is quoted as saying the present members of the committee might not be reappointed by Speaker Henderson. There is small danger of such a contingency arising as it has always been the aim of speakers of the house to leave the important committees undisturbed, permanence of membership giving better results.

The following is reprinted from the St. Helens Mist: "It was a cowardly act in the individual or individuals who placed such an instrument of destruction in any man's way as the one placed in the water at the sealing ground belonging to C. B. Harris, on the island. The implement is made hip-roofed shape of 2x4 scantlings, with a solid floor to be loaded with rock or other weights, the timbers being about four feet in length, two-thirds of the distance from the bottom being placed and held in position by large nails, teeth from a mower cycle, calculated to allow the lead line of the seine to be dragged up over it, cutting the line in several places, that the fish might all escape. It is an ingeniously contrived affair and would have undoubtedly served its intended purpose in a masterly manner had it not been discovered and taken out. Jealously and envy has prompted desperate means in some unscrupulous person."

The St. Helens Mist says that extensive improvements have been recently completed at Robert Sutor's mill at Westport and others are in contemplation. The new dry kiln is completed with the exception of he doors and ceiling. A railroad switch and platform 200 feet long on each side of the track are finished. Plans have been drawn and work will shortly be commenced on a building for a new planer that has been ordered and the capacity of the plant will be increased.

There was a very pretty wedding at the Congregational church last night when Andrew L. McGrosky and Miss Elizabeth Lazell were married in the presence of a host of friends by the Rev. F. E. Dell. The groom is a most estimable young man who has grown up in Astoria and is employed at the North Pacific brewery, and the bride is the daughter of George Lazell, engineer on the dredger Ladd. The groomsmen were Charles Lazell and Jacob Wetzel and Miss Laura Seafelt and Miss Edith Burnstedt were the bridesmaids. Following the ceremony a delightful wedding feast was served at Carnahan's hall where the young couple received the congratulations and best wishes of their many friends. After a short trip Mr. and Mrs. McGrosky will return to Astoria, where they will reside.

The congested conditions at the canneries though somewhat relieved is by no means over. The scarcity of labor is still uppermost and employment is waiting for anyone who applies. Announcement was made yesterday that the Laidenberg cold storage plant had backed all the fish desired and would shut down. It is estimated that Mr. Laidenberg has handled over 800 tons of fish and Trout have cut the price to five cents while the Columbia River Packers Association, Sanborn and Booth continue to pay six cents. Seuffer's is resending fish from the seiner, at three cents a pound and all along the line prices have been adjusted to meet the conditions. Labor is needed over and above all and unemployed men or women could find profitable employment here for several weeks at good wages.

TERRIBLE CONDITIONS IN INDIA: The depopulation of India through famine seems to be assuming alarming proportions. It is estimated that over 5,000,000 persons in India have died, since 1896, from causes directly due to the famine. Famine is a terrible thing and proves conclusively that food is essential to the body. Yet it is not so much a question of how much food is eaten as how well it is digested. To insure perfect digestion and obtain the greatest amount of nourishment from your food, take Hostetter's Stomach Bitters. This is the old reliable standard medicine for the cure of stomach, liver, kidney and bowel disorders. It promises appetite, cures dyspepsia, indigestion, constipation, biliousness, and keeps the bowels regular. Do not fail to give it a trial. It never disappoints.
