FOREIGN OFFICIALS ARE RETICENT

Say There Is Nothing New in Turkish Imbroglio.

FRENCH VESSELS PREPARING

Three Battleships and Cruiser Taking on Coal and Provisions—Believed That Sultan Will Accord Full Satisfaction.

PARIS, Aug. 22.—According to foreign office officials, there is no news and no change in the situation of the Turkish imbroglio.

While re-asserting that no naval demonstration is contemplated, officials refused to confirm or deny the truth of the news in special dispatches saying that three battleships and a cruiser, which arrived at Toulon this morning, are taking coal and provisions on board.

In the meanwhile the Turkish government ambassador, Muir Bey, is absent and at the Turkish embassy the minor officials assume an air of absolute indifference and ignorance of the whole matter.

TURKEY WILL GIVE WAY.

LONDON, Aug. 22.—"It is believed in official circles in Constantinople," says a special from the Turkish capital, "that the sultan will accord full satisfaction to M. Constantine without coercion on the part of France and that the incident will have ended within forty-eight hours."

MARTIAL LAW PROCLAIMED.

LONDON, Aug. 22.—The Westminster Gazette says Turkey has proclaimed martial law in the Samsun district in consequence of alleged Albanian plots. The Samsun district was the scene of the massacre of 1894.

ALLEGED TURKISH ATROCITIES.

PARIS, Aug. 22.—A pro-American sheet issued in Paris asserts that the Turks have been looting and murdering in the Samsun district since the beginning of July and that several Armenian villages have been wiped out.

THINKS IT A BLUFF.

French Consul General at New York Explains Situation.

NEW YORK, Aug. 22.—Edward Brewster, the French consul-general in this city, ridiculed the possibility of a war between this country and Turkey.

"The trouble arises," he said, "over the wharves in Constantinople. A French company built wharves there. They were to charge vessels for docking privileges and the Turkish government guaranteed the income up to a certain fixed sum yearly. If the income from the wharves did not reach that amount the Turkish government was to make up the difference. The income did not reach the sum fixed and the company wants Turkey to make good its guarantee."

"There comes in another question. You know France has a postoffice of its own in Constantinople. Turkey does not like that. She says it interferes with her postal service, but France will not consent to do away with the postoffice. Then Turkey tries to force France. She says 'very well. You keep your postoffice and we shall keep the money belonging to your wharf company, when you abolish the postoffice we shall pay the wharf company.'"

"Now France intends to have both the postoffice and the wharf company's money. She has seen the success your country has had in collecting the money due her. But war? No. This is what you call a bluff. It is like two children. One says: 'I will not play with you, and goes home. Then they do not speak until one apologizes or a friend makes it up between them. You may think of war when France sends Muir Bey, Turkey's ambassador in Paris, his passport. France will not do that, though Muir Bey is not very well liked in Paris.'"

Mehmet Webb, the Turkish consul-general in this city, also said that he did not think there was a possibility of war between France and Turkey.

GOING ALONG QUIETLY.

No Special Developments in Steel Strike Situation.

PITTSBURGH, Aug. 22.—A "B" from the partial equipment of the Star Tin Plate mill of the American Tinplate Company and preparation for bits of resumption, there were no special developments in the strike situation today.

No further trouble occurred at the Pennsylvania Tube Works and at all other strike points quiet reigns.

IMMIGRATION FRAUDS.

Proof of Collusion Between Steamship Officers and Inspectors Growing Stronger.

NEW YORK, Aug. 22.—More arrests, in connection with the alleged frauds practiced by officers on western-bound Atlantic liners and in collusion, it is said, with immigration inspectors are likely to be made in the near future. The investigation is being conducted under direction of Assistant Commissioner of Immigration Mcweeney and at every step, it is said, the developments point to frauds extending over a long period involving the officials on several lines of steamers.

KING AND CZAR.

Sovereigns of England and Russia Will Meet in Denmark's Capital.

NEW YORK, Aug. 22.—The report that King Edward and the czar will meet at Copenhagen, says the London correspondent of the Tribune, indicates a disposition on their part to establish the same friendly relations between the sovereigns of the two countries which existed when Victoria was living.

The relations between the German and English royal families are already as close as possible, although the gossip, apparently without authority are striving to make a match between the German crown prince and some English princess.

OYSTER BAY, Aug. 22.—The Columbia gave the Constitution a good beating today. Corrected time shows the older boat won by two minutes and five seconds crossed almost at the same minute and thirty-nine seconds.

NEGROES DISCUSS LYNCHING.

Delegates to National Negro Business League on the Missouri Affair.

CHICAGO, Aug. 22.—Delegates to the second annual convention of the National Negro Business League, which is in session in Handell Hall, declare the lynching at Pierce City, Mo., an act of within a few hundred miles of Chicago the citizens of a town had proclaimed that no negro will be permitted hereafter to live or spend the night in the village mentioned the delegates.

Booker T. Washington, president of

the League and leader of the convention, would not talk about the affair. He said it would be too difficult to express himself so that he would not be misunderstood.

"It is a disgrace to American civilization that such atrocities are committed," said Edward E. Cooper of Washington. "Look at the participants as individuals—the black who committed a crime against a woman and the white men who committed a crime against innocent blacks—do they not belong to the same sentence of condemnation?"

"The encroachments of the spirit of mob rule in the western country are certainly regrettable," said Thomas Fortune of New York. "But mob rule will meet its Waterloo. The law sooner or later, will assert itself and it will be equally hard for the negro murderer and the white lyncher."

"It is a mistake to make an individual crime the basis for a race hatred," said A. N. Johnson, of Mobile, Ala. "It is ignorance that makes a brute of the negro murderer and it is ignorance that leads a white man to become a part of a murdering mob."
