

ISAAC APPLIES FOR RE-ENTRY

Notorious Anarchist Wants His Paper Sent Through Mails.

REFERRED TO DEPARTMENT

No Law by Which It Can Be Barred Merely on the Ground That It Is Anarchistic—Lawyer Adopts Memorial.

WASHINGTON, Oct. 9.—Abraham Isaac, publisher of a paper in Chicago, called "Free Society," formerly the "Firebrand," which was barred from the mails by the Chicago postmaster last week, has applied for re-entry of the publication to the second-class.

Postmaster Coyne forwarded a copy of the paper containing an article by Emma Goldman on the assassination of President McKinley for a ruling on the question of its re-entry to the mails under any classification. The department will call on Postmaster Coyne for further information and will probably test the subscription list of the paper by addressing persons on the list, asking them whether they are actually subscribers. This is the usual procedure. There is no law, according to the officials, under which a paper can be barred merely on the ground that it is anarchistic in its utterances.

LAWLESSNESS DENOUNCED.

Memorial Adopted by the Bar Association of New York.

NEW YORK, Oct. 9.—The association of the Bar of the City of New York has just adopted a memorial on the death of President McKinley. In part it says:

"As members of a profession, especially charged with the administration of justice, we declare our conviction, in view of the tragic occurrence, which we so deeply deplore that never in the history of this nation has it been of more vital importance that just laws be enacted and impartially and firmly executed; that with the preservation of free speech and wholesome criticism of public measures and methods of public administration, reckless agitation and the glorification of lawless violence, be repressed."

MOST ON TRIAL.

Charged With Publishing an Article in Violation of Penal Code.

NEW YORK, Oct. 9.—Johan Most was tried today on a charge of violation of the penal code in publishing an article in his paper, "The Freiheit," entitled "Murder Against Murder."

Most testified that the article had been published years ago. The use of it at the time of the murder of McKinley, he said, was an unfortunate coincidence. Decision was reserved until Monday next.

CANAL TREATY DISCUSSED.

English Papers Comment on the Day's Amendment.

NEW YORK, Oct. 9.—A dispatch to the Tribune from London says: Rumors that the canal treaty has been negotiated on the basis of the Treaty amendment are discussed with languid interest by the English press. There is no marked revival of the anti-pro-union argument of which much was made when the senate amended the former treaty, and there is evidence that wiser counsels prevailed and that there is a disposition to allow the United States government to settle the canal question in its own way with the confident feeling that it will then turn about and return the favor by disposing in a general spirit of all controversies affecting Canada.

One comment that is heard is that the American government should find out precisely what is wanted and that the senate should not increase its demands substantially. American control of one canal is regarded as a convenient set off for British control of other inter-oceanic waterways.

RADICALS IN BAD HUMOR

Action of Governor of Brandenburg Meets With Disapproval.

BERLIN, Oct. 9.—The Berlin radicals are perplexed by the refusal of the governor of Brandenburg to put before the Prussian minister of the interior the official record of Berlin with a view of obtaining Emperor William's sanction.

The "Freisinnige Zeitung" says: "What next? The municipal council has the right and is bound to complain

Pears' soap is nothing but soap.
Pure soap is as gentle as oil to the living skin.
Pears' is the purest and best toilet soap in all the world.
All sorts of people use it, all sorts of stores sell it, especially druggists.

KAISER WANTS THE CUP

RUMORED THAT HE WILL ISSUE CHALLENGE.

German Builders Closely Studying the Questions Involved—Nothing Definite Known.

NEW YORK, Oct. 9.—Much interest has been excited in Berlin by the rumor that the emperor's intention to challenge for the America's cup but nothing definite is known of the subject, says the Berlin correspondent of the World.

For two years the emperor has been ambitious to challenge for the cup but his advisers have dissuaded him from trying and some finally was obtained regarding the build of the yacht necessary.

The Kaiser is persuaded that with a yacht of the Meuse class he can accomplish nothing. German builders at present are closely studying the questions involved and the Kaiser is kept constantly posted but nothing is yet known except that builders have been sounded both in this country and England on the subject.

ORDERS A CHALLENGE.

BERLIN, Oct. 9.—It is rumored that Emperor William has instructed the Kiel Yacht Club to challenge for America's cup.

MUST WAIT TWO YEARS.

Sir Thomas' Request to Race Shamrock Next Year Rejected.

NEW YORK, Oct. 9.—At a joint meeting of the committee of the Royal Yacht Club and the New York Yacht Club today, Sir Thomas Lipton's proposition submitted by Vice-Commodore Sherman-Crawford to race Shamrock II for America's cup next year was rejected. The deed of gift of America's cup provides that two years must intervene before the defeat of a yacht can again challenge.

The committee did not think it was intended that after the boat had had a trial for the cup and had been defeated, she should be allowed to challenge again until the time specified had elapsed, and so declined to accede to the request.

UNIVERSAL SUFFRAGE.

NEW YORK, Oct. 9.—A dispatch to the Times from Brussels says that at a meeting of Socialists attended by a large number from all over Belgium a resolution was passed in favor of political equality of the sexes, but a popular demand for universal suffrage for women until it is secured for men. The labor party, however, adheres to its program which includes suffrage for both sexes for the communal and provincial elections.

LOSS BY FIRE.

CHICAGO, Oct. 9.—The total loss in last night's fire is \$350,000 divided as follows: Peabody Coal Company, \$100,000; the six-story building and contents, owned by Davidson, Marshall Company, \$100,000; the four-story building, owned by the Chicago & North Western Railway, freight shed and police station, \$150,000.

ARE BOTH TO BLAME.

HALIFAX, N. S., Oct. 9.—Dr. Stein, an American explorer, has left London for Washington. He denies that Dr. Peabody is a spy and says that probably Peabody and the doctor are both to blame for the disagreement. Dr. Stein does not know that Peabody discovered gold in the north but believes gold is there in plenty.

NEW YORK, Oct. 9.—Silver, 97 1/2.

ARRIVES FROM NOME.

PORT TOWNSEND, Wash., Oct. 9.—The steamer Santa Ana arrived from Nome this evening, bringing ninety-five passengers and 100,000 lbs. of gold belonging to returning miners.

SMUGGLER CAPTURED.

PORT TOWNSEND, Oct. 9.—A revenue cutter captured a ship this morning which had on board four Chinese who stated they paid \$50 to be smuggled over from the British Columbia line.

MINISTER WIFE CONTRIBUTION.

NEW YORK, Oct. 9.—Wa Tung Pang, Chinese minister to the United States, has sent \$100 to a depository here for Miss Stone's ransom fund.

KAHN PROCLAIMED AMEER.

SIMLA, Oct. 9.—Hajji Ullah Kahn has been officially proclaimed ameer and the announcement has been accepted by his brothers and the Sikhs. All is quiet at Kabul.

TO STUDY FRENCH ORDINANCE.

Fifteen Mexican Artillery Officers En Route to France.

NEW YORK, Oct. 9.—Fifteen Mexican artillery officers sailed for Antwerp on the Red Star liner Southwark today en route to France, where they will

study the manufacture and manipulation of the French ordinance.

The officers with a single exception—Colonel Gilberto Luna—are captains or lieutenants in the artillery branch of the Mexican army. They have been commissioned by President Diaz to spend two years at Leersdorf and study the famous artillery made there which has been adopted by the Mexican government in place of the German guns formerly used.

Colonel Luna in an interview said that the Mexican army was in splendid shape. The country was free from brigands, he said, and in every way was in a peaceful as well as prosperous condition. On the day previous to his departure from the City of Mexico, Colonel Luna had a long talk with President Diaz, who, he says, is in splendid health.

APPAIRS IN PHILIPPINES.

Surgeon General Steinhilber Says Health Conditions are Satisfactory.

WASHINGTON, Oct. 9.—Surgeon General Steinhilber has resumed his duties at the war department after an absence of several months spent in an inspection of the medical department of the army in the Philippines. In regard to his visit he said:

"I found the health conditions very satisfactory. I was very much surprised to find that in the islands, which are devoted to fine culture, there is comparatively little malaria. Similar localities in our own Southern States are very much more unhealthy. Malaria fevers are somewhat more prevalent at higher levels, but the summits of the mountain ranges are as a rule quite healthy."

BABINGTON APPOINTED.

NEW YORK, Oct. 9.—A dispatch from Wellington, N. Z., to the Times says:

General Babington has been appointed, with the approval of King Edward, to the command of the forces in New Zealand. It is not known whether he will accept the position. He is now on his way to England.

CONSTABLE KELLY ON TRIAL.

Interesting Case Was Heard Yesterday Afternoon—Argument Today.

The case of the community against William Kelly, constable, was heard in the police court yesterday afternoon. In anticipation of fun, a large crowd was in attendance. The community was represented by City Attorney A. M. Smith, while the defendant's interests were looked after by Hon. Harrison Allen and Judge F. D. Weston.

The proceedings were very amusing and at times withered and scornful all piled at once. Police Judge Nelson was inclined to be lenient, and the crowd's interest was keenly aroused.

Mayor Bergman, who has been in the front of the city jail of Kelly's apartment, said that the case was a very serious one and that the community was entitled to the application of the law.

Mr. Allen tried to establish the fact that the trouble between the mayor and the constable was due to internal differences in the ranks of the Democratic party.

"Don't you once say to Mr. Kelly that all the Democrats were ashamed of him?" asked the attorney of the mayor.

"I do not remember having made any such remark," replied the chief executive of the city, "but if I did not say that, I should have done so."

Mr. Allen, as a matter of fact, Mr. Bergman, said this trouble was the outcome of political differences between the two factions of the Democratic party, as represented by himself and an client, threatening a condition of affairs that has taken the return in the control of the said old Republican party.

The laughter provoked by this withered and scornful all piled at once. Police Judge Nelson was inclined to be lenient, and the crowd's interest was keenly aroused.

Chief Hallock, the fifth witness, was sitting in his office when the trouble occurred. He could see the defendants from his office and heard Kelly refer to the mayor as a "—". He was asked the defendant at the request of the mayor. Chief Hallock finished the case of the city.

Kelly was the principal witness in his own behalf. His use of the expletive was made in the courtroom, and his statement very amusing to the spectators. He testified the mayor in which he was charged with the use of the expletive was made in the courtroom, and his statement very amusing to the spectators.

ABLEST DOCTORS IN AMERICA

Declare There Is a Sure Cure for Nervous Ailment.

Use of Paine's Celery Is Openly Advised.

Wonderful Results Recently Effected by Compound.

Buffalo, Oct. 9, 1901.—An evening paper publishes a symposium of physicians' opinions regarding the efficacy of various remedies for the cure of nervous prostration and attendant ills. Each physician was asked to express his opinion, first, whether these ailments were curable when once they had gained a hold upon the patient, and second, whether the same remedy would be beneficial in all cases.

Without exception, the physicians interviewed declared that nervous prostration, when not too far advanced, demands immediate investigation, resulting, as it most frequently does, from deranged nerves, busy headaches, and most liver and kidney complaints, were absolutely curable.

The answer to the second question was most remarkable, because, with two exceptions, all the doctors mentioned by name, Paine's celery compound, a well-known remedy, manufactured by the Wells & Richardson Co., Huntington, N. Y., and first discovered by the eminent Dr. Edward Paine some years ago, after a thorough investigation and the accumulation of a great deal of data, both here and in Germany.

It is probably the only instance, says the newspaper, where a prepared remedy has been openly endorsed by physicians of such standing. It seems that the formula of the compound has at last been furnished to physicians in regular standing, and that the remedy is generally prescribed by up-to-date practitioners both here and in foreign and Germany, where it is quite as well known as in this country.

Many wonderful cures by the use of this famous compound are cited, one of them the well-known case of Commodore Hays of Washington.
