**SCHLEY WAS COOL AND COURAGEOUS**

Officers of Brooklyn Testify Before Inquiry Court.

**SCHLEY URGED HIS MEN ON**

The Commodore Said Several Times During the Engagement, "Give 'Em Hell, Bullies!"—All Praise Conduct of Their Superior Officer.

WASHINGTON, Oct. 16.—Officers of Admiral Schley's flagship, Brooklyn, occupied the attention of the Schley court of inquiry for the entire day. The proceedings began with the recall of Captain Cook and Lieutenant Commander Sears, both of whom made material additions to their former testimony, and they were followed in succession by Commander N. E. Mason, who was executive officer of the Brooklyn; Lieutenant Edward MacCauley, Jr., who was tactical officer and Lieutenant Chas. Webster, who had charge of the forward gun deck battery of the Brooklyn during the battle off Santiago, and was watch officer on board the ship.

Captain Cook's new testimony related to the uncoupling of the Brooklyn's engines and to the voyage of the flying squadron from Chafarinas to Santiago, explaining in some detail the cause of the slow progress made on that occasion.

Commander Sears spoke again of the conversation reported as having taken place between himself and officers of the Massachusetts in a ward room of that vessel on May 21, in which he was alleged to have said that it had been difficult to get Commodore Schley up to the point of undertaking the bombardment of the Colon and he denied that he had said anything reflecting upon his superior officer.

Commodore Mason and Lieutenant MacCauley and Webster all gave accounts of the engagement of July 3. Mr. MacCauley recited in detail the signals made in connection with that historical event, at the instance of Commodore Schley. When asked if Commodore Schley had said anything during the battle for the encouragement of the men, this witness replied that he several times had said:

"Give 'em hell, bullies!"

All these witnesses testified that the conduct of the commodore, when under fire, was cool and courageous.

**BOUND FOR HOME FROM PHILIPPINE ISLANDS**

Party of Senators and Representatives En Route on Transport Sherman—Other News From Islands.

MANILA, Oct. 16.—The party of senators and representatives that have been visiting the Philippine islands left today for home on board the United States transport Sherman. Before leaving the members of the party had an interview with Aguinaldo, who, however, was reticent. He said the original outbreak of hostilities was a surprise to him and that his efforts to maintain a truce were unavailing.

Aguinaldo has written to a lawyer, who is trying to obtain a writ of habeas corpus in his behalf, objecting to the course taken by the lawyer, saying that he preferred to remain a prisoner while there was one complaint languishing in jail, "suffering for the Filipino cause, and as long as Filipinos are deprived of their liberty, which they are anxious to obtain."

The civil and military authorities are having Sixto Lopez secretly watched at Hong Kong, as they consider his arrival there to be a source of great danger.

The Philippine commission has passed an act prohibiting any suspect from landing unless he takes the oath of allegiance, the penalty for breaking it being two years' imprisonment for perjury.

A typhoon, which has just swept over Manila, was the worst experienced in twenty years. Much damage was done to small shipping and many natives lost their lives.

**SAYS IT BEATS ANYTHING YET**

Miners Shoveling Gravel From Stream in Several Feet of Water—Two Parties Who Recently Left Nome Believed to Be Lost.

PORT TOWNSEND, Oct. 16.—The steamer St. Paul arrived from Nome this afternoon, bringing 394 passengers and a big shipment of gold. She sailed from Nome October 8th, and, arriving here too late for quarantine inspection she will remain over night in the stream.

According to reports brought by the St. Paul, Candle creek is most promising. T. R. Sullivan, who arrived at Nome from that creek, in an interview says:

"The half has not been told about Candle creek. I have mined all over the world and I have never seen anything like it. The creek is only about ten feet wide and men are standing in the stream, often in water to their thighs, shoveling gravel from beneath the water."

George W. Hamsey and J. Gordon Temple left Nome in a small boat for Teller en route to Kougrook, July 10 last. So far as known, nothing since has been heard from them.

A boat belonging to the Ben Brook party, which left Nome July 1900, for Kuskokwim, has been picked up in Kuskokwim bay and fears are entertained that the party of five men were drowned, as nothing has ever been heard of them.

**PROPOSED CHANGE IN NAME**

The Subject Referred to a Joint Commission After Animated Debate in House of Deputies—No Further Action Until 1904.

SAN FRANCISCO, Oct. 16.—Considerable business was transacted at today's session of the triennial Episcopal convention, new missionary bishops were elected and in the house of deputies there was an animated debate on the proposition to change the name of the church.

This question did not come up as direct issue, but on motion to concur with the house of bishops in creating a joint commission to which the subject should be referred. There was much division of sentiment in regard to the matter. The proposal to refuse to consider the question in any form was strongly supported but this, it was argued, would fail to show proper respect to the house of bishops. Finally, reference of the subject to a joint commission was agreed upon.

No further action will be taken until the meeting of the general convention in 1904.
