DEATH PENALTY METED OUT TO LEON CZOLGOSZ

With Astounding Bravado the Murderer of President McKinley Expiates His Crime.

Walked Unflinchingly to the Death Chamber, and, Sitting in the Chair, Declared He Was Not Sorry--His Only Regret Was That He Had Not Seen His Father.

AUBURN, N. Y., Oct. 28--7:30 A. M.--With true anarcho-bravado, Leon P. Czolgosz, slayer of President William McKinley, suffered the death penalty at the state penitentiary here this morning. Those who expected that the prisoner would collapse were sadly in error, for the murderer met death unflinchingly.

When the death penalty was read to the prisoner last night he displayed no emotion, listening apparently uninterested as the formality was gone through with. His collapse on entering the prison led to the belief that the final ordeal would result in his prostration, but he seemed completely resigned.

Shortly after 7 o'clock this morning the prisoner was prepared for the march to the death chamber. He walked between the guards with a steady step, and even the presence of the deadly electric chair did not seem to unnerve him. He unhesitatingly took his seat when directed to do so.

Before being strapped Czolgosz made a brief statement. He said that he was not sorry for what he had done, but expressed regret that he had not seen his father before his death. The statement was made in a surprisingly calm manner and the few prison officials who were present stood astounded at the assassin's deliberate manner. He seemed to have thoroughly schooled himself to his fate and manifested the same stoical indifference that, with one exception, characterized his actions since the day he stepped up to seize the outstretched hand of a nation's ruler. Not one word of regret came from the doomed man's lips, except that his father had not visited him; as he had lived an anarchist, so he died.

At 7:12:30, the assassin having been strapped in the chair, the current was turned on and Leon Czolgosz was dead, marking the close of the last chapter in one of the most terrible of all national dramas.

FINAL HOURS OF THE ASSASSIN

Czolgosz Was Sullen and Refused to Converse With the Attendants.

AUBURN, N. Y., Oct. 28--The body of Leon Czolgosz will not be removed from Auburn. Superintendent of State Prisons Collins and Warden Meade, after hours of controversy with Czolgosz's brother, succeeded in obtaining from him relinquishment of the family claim when the executioner shall have finished his work.

Collins assured Waldock Czolgosz that he and the family could attend the funeral, that they would be protected and that the body would be given decent burial.

Czolgosz suffered a slight nervous attack late this afternoon, but the prison officials did not regard it in the light of a breakdown and adhered to the belief that he will go unflinchingly to his death.

Dr. Charles F. McDonald and the prison physician, Gerwin, visited the cell at 6 o'clock. They found the prisoner suffering from extreme nervous-

ness that manifested itself in dilated eyes and the free flowing of perspiration. When they finished examination the prisoner turned suddenly from them and retired to the corner of the cell, refusing to talk. They gave him no treatment and were of the opinion that while he was very nervous he did not show any signs of absolute collapse. The approach of death seemed to awaken no greater consciousness of his position. He again turned his back upon the priest who came to urge him to confess and repent and was uncommunicative in the presence of those of his kin who came to say the last farewell to him.

Czolgosz will be dressed in a very simple manner for execution. A pair of black trousers, gray shirt and a pair of gray socks completing the outfit. He will wear no under garments and no shoes. The left leg of the trousers will be slit at the bottom to permit the free adjustment of the electrode, and the shirt will be open at the neck so that the doctors can take the heart count if there should be any after the current has passed through the body.

HOPEFUL FEELING PREVAILS.

Washington Officials Believe Miss Stone Will Soon Be Rescued.

WASHINGTON, Oct. 28--State department officials are more sanguine than they have been of late as to the successful outcome of the efforts being put forth in behalf of Miss Stone. So far they have not succeeded in establishing communication with the kidnappers but the reports received from Spencer Eddy, at Constantinople, and Dr. Dickinson, at Sofia, encourage the belief that they are about at the point where direct negotiations can be opened with the brigands.

LEFT WITH UNITED STATES.

Will Be Sole Guarantor of Neutralization of Canal.

NEW YORK, Oct. 28--According to the Paris correspondent of the Herald, the Figaro publishes a dispatch from its London correspondent, stating that the new treaty which is to be submitted to the senate as the result of the conference of Mr. Chaate and Lord Lansdowne and Pauncefote, to take the place of the Clayton-Bulwer treaty, provides that the United States will be the sole guarantor of the principle of the neutralization of the canal and recognizes the right of the United States to fortify the canal. The stipulations of the new treaty will apply not only to the Nicaragua canal, but to all other canals taken up by the United States.

CASTRO ELECTED.

NEW YORK, Oct. 28--A dispatch announcing the election of President Castro, of Venezuela, who has been the provisional president for a year, has been received at the Venezuelan consulate in this city.

SUPREME COURT DECISION.

Case Involving Insurance Policy After Date of Grace Expires.

WASHINGTON, Oct. 28--Only one decision was rendered in the supreme court today. The case involved the question as to whether an insurance policy goes into effect on the date of application for it or when the policy is delivered.

In this instance application was made December 2, 1892, and the policy was delivered December 26, 1892, when the premium was paid. Provision was made for grace of one month later in the matter of payment of the second policy. The holder died January 15, 1896, six days after the expiration of the month of grace, if it was computed from December 12 or eight days before the expiration, computing from the anniversary of the delivery of the premium. The supreme court decided that grace began only after the delivery of the premium, thus holding the policy to be good.

MILLION DOLLAR FRAUD.

Hundreds of People Throughout the Country Contributed to Offers.

BOSTON, Oct. 28--In connection with what the United States marshal's office declares to be one of the biggest frauds they ever had to deal with in this city, members of the firm of J. C. Fisher & Co., brokers, were arrested today on a charge of using the United States mails in a scheme to defraud. It is alleged that \$1,000,000 has been taken from the public since January 1, 1900.

The method of the firm is said by the authorities to have been very simple. People all over the country, it is alleged, were written to and told what excellent chances there were to invest

money, and that large returns could be expected. Pools were formed, and those desirous of getting rich quickly were invited to remit. After two or three weeks, it is said, investors would be advised that a pool had been formed on a well-known stock, and that as the quotations had gone down the margin had been swept away, and that more money was necessary immediately in order to save the stock. After having put in two or three times the original amount, some investor became suspicious and called the attention of the authorities to the matter.

NEGROES SUFFER AT HANDS OF WHITES.

Three Negroes at Amity City, La., Put to Death by an Avenging Crowd.

NEW ORLEANS, Oct. 28--The Picayune, Amity City, La., special says: Three white men and 11 negroes have been killed in a race riot in Washington parish. The scene of the trouble is at or near Balltown, where a negro was burned last week for criminally assaulting a white woman. This was not the cause, however, of the murders yesterday.

At 2 o'clock this morning a posse left Franklinton for the scene of battle. The trouble occurred at a negro camp-meeting and the origin, as near as can be ascertained, was as follows:

Greer Loft, a negro, was running a refreshment stand and the constable, a white man, name not given, went to him and asked for his license. He had none and became impudent, cursing the constable and defying him. The constable withdrew and returned with several white men, when Loft fired into the crowd, killing Joe Seals and Charley Elliott. The white men returned the fire and killed Loft. Then a Negro preacher, named Connelly, rushed out of a house with a gun in his hand and was killed. His daughter was also killed. The shooting which followed another white man was killed, H. Thompson wounded, and seven or eight negroes killed.

Balltown is about 25 miles from Franklinton in a scattering settled section. It is almost entirely cut off from the outside world.

YALE CREW GETTING READY.

Three Crews Will at Once Begin Practice for Coming Year.

NEW HAVEN, Conn., Oct. 28--The Yale varsity oarsmen will meet Captain Phil Kunzig today and begin their training for the coming year. The plan for the work this fall will be to form three crews, which will be kept rowing until college closes for the holidays. After the holidays the oarsmen will rest until February 1, when they will be called together again for tank practice. Mr. Kennedy and Captain Kunzig will direct the coaching this fall.

BOYNOTT WOULD BE HARMFUL.

Proposed Action Against British Commerce Does Not Meet Favor.

NEW YORK, Oct. 28--The Brussels correspondent of the London Times and the New York Times says the agitation among the Dutch Workmen's Association in favor of boycotting British commerce has succeeded in arousing a certain amount of notice in the Dutch and Belgian press.

It is generally admitted that an attempt to boycott British vessels at Rotterdam would mean ruin for local interests.

RUSSIA'S GOOD SHOWING.

NEW YORK, Oct. 28--The St. Petersburg correspondent of the London and New York Times, commenting upon the customs returns, says it is interesting to note that while Russia imported from the United States in the first half of this year goods valued at 22,775,000 roubles, the value of the return trade, consisting almost entirely of sugar, is estimated at only 2,267,000 roubles.

NEW WITNESSES FOUND.

NEW YORK, Oct. 28--Two new witnesses have been found by the prosecution in the case against Lawyer Albert T. Patrick, charged with the murder of William Marsh Rice. The district attorney refuses to give their names, but that they will corroborate the testimony of Valet Jones is not denied.

ON EQUAL BASIS.

HELENA, Mont., Oct. 28--The supreme court today handed down a decision involving the question of the purchase of state supplies manufactured by non-union labor. Under the decision, the bids of non-union firms will have the same consideration as union.

FAILED TO REGISTER.

COLUMBUS, Oct. 28--Returns from the four large cities in the state, Cincinnati, Cleveland, Toledo and Columbus, show a falling off from registration of a year ago of 28,137, and a gain of 5470 over two years ago.

SCHLEY CLOSELY CROSS EXAMINED

Lemley Fails to Shake the Admiral's Testimony.

GOOD WORK OF BROOKLYN

Served Thirty-Six Per Cent of Hits on the Enemy and Received Seventy Per Cent of Hits From the Spanish Ships.

WASHINGTON, Oct. 28--The cross examination of Admiral Schley began today before the court of inquiry and hardly more than a third of the ground was covered when court adjourned. When Schley concludes tomorrow two other witnesses will be called in his behalf, Admiral Barker and Captain Borden. The latter was officer of the marine corps aboard the Brooklyn. The Judge advocate will then call witnesses in rebuttal of whom there are understood to be more than 15 and it is probable that Schley's counsel will call witnesses in rebuttal.

Nothing sensational occurred today and the only outburst in court occurred when Raynor, Schley's counsel, objected to the line of inquiry of Judge Advocate Lemley, designed to criticize Schley's alleged failure to formulate a plan of battle, with the declaration that as Sampson was in command his junior had no right to plan the order of battle.

Schley concluded his direct examination, which continued only about ten minutes after court convened this morning, with the statement of the effect of the fire of the respective fleets at Santiago, showing that 36 per cent of the hits suffered by the enemy were scored by the Brooklyn's five-inch guns while his ship received 70 per cent of the hits from the Spanish ships. Lemley's cross examination was very searching. Schley, however, appeared to be unflustered throughout the examination, frankly admitting on several occasions that he could not remember little details after the lapse of three years.

Judge Advocate Lemley in his cross examination dwelt upon the interview between Sampson and Schley at Key West before the departure of the flying squadron, at which the latter testified that Sampson instructed him not to expose the ships to the shore batteries until the Spanish fleet had been destroyed. On the fact that Schley issued no written order of the battle; on the question of vealing of Cleopatra, and the steps Schley took there to ascertain the presence of the Spanish fleet. He was cross examining the witness upon matters connected with the cruise of the squadron from Cleopatra to Santiago when court adjourned.

WILLIAM GETTING MAD.

Will Smash Everything to Pieces if No Commercial Treaties Are Negotiated.

BERLIN, Oct. 28--The German press is discussing in a lively fashion the following utterance attributed to Emperor William:

"If no commercial treaties are negotiated, I shall smash everything to pieces."

RELATIONS WERE STRAINED.

Commander of Allies and French General at Outs in Chinese War.

NEW YORK, Oct. 28--The Paris Matin says the Paris correspondent of the London Times and New York Times, publishes three letters written by General Voyron, who commanded the French force in China, to Field Marshal Count Von Waldersee. The letters show how strained, during the entire period of foreign occupation, were the relations between the French general and the commander-in-chief of the allies.

The publication, remarks the correspondent, is significant, because it must be by the consent of General Voyron or some authorized colleague of that general. The first letter upholds the French right to protect Catholic missions, which Count Von Waldersee contested. The second letter, replying to the field marshal's protests against the numerous French flags run up between Pekin and Pao Ting Fu, says that the French occupation does not exclude other powers except where French rights are exclusive. The third letter criticizes Waldersee's scheme for organizing the government of PEKIP.

VENEZUELAN AFFAIRS

VERY SATISFACTORY

Condition of the Country Remains Normal Despite Outward Influences.

WASHINGTON, Oct. 28--Mail advices, up to October 15, were received today by Senator Shoup, the Venezuelan charge here. Edward Bianco, minister of foreign affairs, reported that affairs are tranquil there and the condition of the country normal. The situation on the Tacira frontier, where the armies of Colombia and Venezuela are facing each other continues one of expectancy. The economic condition of the country is reported good, though awaiting animation that will follow the movement of the coffee crop.

SHOUP RESIGNS.

SALT LAKE, Oct. 28--A special to the Tribune from Boise, Idaho, says: Ex-Senator Shoup has resigned as an Idaho member of the Republican national committee. A meeting of the state Republican committee has been called for the purpose of recommending the appointment of a successor to Shoup.

TO ADJUST CLAIMS.

WASHINGTON, Oct. 28--As a quick way of adjusting the claims of a small number of American citizens who were deported from South Africa and the Transvaal as a military necessity, the British government has offered to pay a lump sum of \$30,000 over to the state department, which will distribute the money among the claimants. The proposition will probably be accepted.

OREGONS INDUSTRIES.

WASHINGTON, Oct. 28--The census bureau today issued a report on manufacturers of Oregon. It shows for 1900 a total of 3088 establishments, aggregating a capital of \$33,423,293. The capital increased four per cent since 1899 and production value increased 11 per cent.

ENTOMBED MINER RESCUED.

SALT LAKE, Oct. 28--After being entombed in a mine at Bingham, Utah, for sixty-one hours Charles Nutting was taken out today, alive but very weak. One other man, Wm. Anderson, is still in the mine. There is no hope of finding him alive.

THREE SOLDIERS KILLED.

BRUSSELS, Oct. 28--A conflict has taken place between soldiers belonging to the garrison of Fort Waelen near Babinas and neighboring peasants, the latter, armed with spades and pitchforks, repulsed the soldiers, killed three and wounding a number of them.

SERIOUS GUN EXPLOSION.

LEAVENWORTH, Kas., Oct. 28--By the explosion of a Colt's automatic firing gun at Fort Leavenworth today, Captain Menoher and five men of the Twenty-eighth battery of field artillery were wounded, three severely.

MARINE MATTERS DISCUSSED.

PARIS, Oct. 28--The chamber of deputies today began the discussion of the ministerial project aiming at the revision, by means of subsidies, of declining French merchant marine.

PRICE OF SILVER.

NEW YORK, Oct. 28--Silver, 57 1/2.

Makes delicious hot biscuit, rolls, crusts, griddle cakes and muffins.

A cream of tartar powder, absolutely pure.

ROYAL BAKING POWDER CO., NEW YORK.
