OBJECT LESSON FOR ANARCHISTS

Let Him Have Anarchistic Government Among His Fellows Says Senator Hoar.

BANISHMENT PROPER REMEDY

All Governments Should Agree Upon a Place, Hemmed in from Outside World for Anarchists.

WASHINGTON, Dec. 5.—Senator McComas, of Maryland, made an extended and carefully prepared speech in the senate today, and was followed by some brief remarks by Hoar on difficulties in the way of dealing with anarchists' associations. Hoar believed that a much more effective remedy could be secured if by common consent of all the civilized nations some tract of land somewhere upon the earth's surface, hemmed in from the outside world, could be set aside for the confinement of those who counseled the killing of rulers or the overthrow of governments. "Let anarchists have an object lesson," the senator said, "and let the world have an object lesson. Let there be a little circumscription of anarchy in the anarchist himself, and let him have an anarchistic government among his followers." Hoar said banishment would be proper punishment under the constitution, and if all nations would agree that every such person be sent to a spot where there was no government it would be an effective remedy. The senate adjourned until Monday.

BILLS IN SENATE

WASHINGTON, Dec. 5.—The following bills have been introduced in the senate: Stewart—For the election of territorial judges by the people and confining jurisdiction of the federal courts in controversies over irrigating water rights. Atkins—For the admission of New Mexico as a state. Gallinger—For a commission to report on the commerce of China and Japan. Foster—For a committee of five to investigate trade relations with the Orient. Perkins—For the laying of a cable to Hawaii and the Philippines. Tillman—For the use of a portion of the proceeds of the sale of public lands in the maintenance of schools of mining. Mitchell—For the election of senators by vote of the people. Foraker—Granting free mailing privileges to Mrs. McKinley.

EXCITEMENT CONTINUES

Markets of the East Still Dominated by the Bulls. CHICAGO, Dec. 5.—Booming bull enthusiasm, heaviest transactions in over a year in all the pits, record prices in grains and heavy profits for fortunate sellers—these were characteristic features of the business on the board of trade today. The craze for buying which began to show itself yesterday was present again at the opening and was augmented on every hand as the session advanced. Not since the present bull campaign began have brokerage and commission people been pressed to handle speculative orders as they have today.

OPPOSE GROUT BILL

Livestock Association Passes Resolution Against It.

CHICAGO, Dec. 5.—The recommendation of the executive committee that recommendations condemning the Grouse oleomargarine bill be adopted gave rise to a lengthy and spirited general debate among delegates present at today's session of the livestock convention. Leonard Pearson, of Pennsylvania, speaking for the dairy interests who uphold the Grouse bill, led the debate with the plea that with oleomargarine selling under its own colors, butter could hold its own. "You cattlemen," said he, "insist that coloring of oleomargarine should be allowed, yet you insist that the wool interests should be protected against shoddy masquerading as wool." Ex-Governor Peckard, of Iowa, moved that the whole subject be deferred, when Judge Cowan arose and said that packers had as much right to the color oleomargarine as dairymen have to color butter. The discussion was participated in by members of the Kansas, California, Missouri, Michigan and Iowa delegations. It was the first general debate of the convention. Judge Cowan brought the speaking to

an end by moving the previous question. The resolution against the Grouse bill was adopted, but over a good-sized minority.

Bills to be urged upon congress to provide for tagging cloth goods to show its exact composition and to provide for a classified assessment of cattle were approved by the convention. The convention was divided over framing a bill providing for the exchange of public lands as mentioned in Senator Warren's paper, and a minority report referring the matter to a committee of five to report at the next meeting was adopted.

TOLSTOI NOT DEAD

Is Suffering From a Severe Cold and Fatigue.

NEW YORK, Dec. 5.—The St. Petersburg correspondent of the London Times and New York Times commenting upon the circumstantial reports of the illness, death and burial of Count Tolstol, which have recently appeared, contradicts them on the best authority. He says Count Tolstol is suffering from severe cold and fatigue, resulting from over indulgence in riding. There is no cause for anxiety concerning his condition.

The circulation of the reports was caused by the belief that when Tolstol dies the news will be kept by the censorship from the public as long as possible. The ecclesiastical authorities cannot accord Christian burial to Tolstol as they have recently denounced him as a heretic. The refusal to allow the rites of the National church at the grave of Tolstol is sure to provoke an outburst of indignation all over Europe.

PAID HIS DEBTS

Prince Henry and Queen Wilhelmina Have Become Reconciled.

LONDON, Dec. 5.—The Dutch government and Dutch court are again strenuously denying stories of matrimonial quarrels between Queen Wilhelmina and Prince Consort, but the scandal has become too public for any hope of hushing it up to remain.

According to some reports reconciliation between the queen and Prince Henry was effected largely through the influence of Emperor William and the queen's mother, who in order to preserve appearance of concord even paid the Prince Consort's debts.

RULING UPHOLD

Lord's Prayer Marred From Public Schools by Constitution.

ST. PAUL, Dec. 5.—Attorney General Douglas today upheld the ruling of ex-Attorney General Childs in the opinion given to State Superintendent Olsen, that under the state constitution the Lord's Prayer cannot be used in public schools.

This ruling is because of the section of the state constitution which says: "Nor shall any man be compelled to attend, erect or support any place of worship."

CHAFFEE CLOSES PORTS

LAGUNA AND BATANGAS UNDER BLOCKADE

No More Rents to Filipinos for Buildings Used for Military Purposes.

MANILA, Dec. 5.—General Chaffee has issued orders for the closing of all ports in the Laguna and Batangas provinces. The quartermasters there will cease paying rents to the Filipinos for buildings used for military purposes, as it is known that a large portion of the money finds its way to the insurgents in the shape of contributions and General Chaffee intends that no more government funds shall find their way into the hands of the enemy. The reason for closing the ports is that too many supplies are found to be getting into the possession of the insurgents.

General Chaffee intends giving General Bell, commanding the troops in the Batangas province every assistance he may require to subdue the insurrection. Governor Taft is improving rapidly and now expects to return to the United States on the government transport Grant which will sail before Christmas.

OFFICE VS. POLITICS

COLUMBUS, O., Dec. 5.—Vivan J. Fagan, United States marshal for the Southern district of Ohio, today resigned from the Ohio Republican state central committee. His action is the result of a circular issued to all federal officers stating that the present administration holds that a membership by federal officers in any political party organization is not in accord with the spirit of the civil service law.

NELSON REACHES PORT TOWNSEND

Picked Up by Walla Walla North of Grays Harbor in Bad Condition.

RIGGING AND BOATS GONE

Hull Intact But Bulwarks Smashed—Three Inches of Water in Her Hold—Damage to Cargo Not Known.

PORT TOWNSEND, Wash., Dec. 5.—The British ship Nelson, which was picked up in distress by the steamship Walla Walla and towed here today, had a marvelous escape from being consigned to the bottom of the sea, according to the captain of that craft.

The Nelson fired rockets and burned flashlights all night Tuesday, but failed to attract the attention of vessels. On Wednesday morning the Walla Walla picked her up north of Grays Harbor. A high sea was on at the time and it was with much difficulty that a hawser was gotten aboard. The hull of the Nelson is practically intact but her bulwarks were smashed, life boats gone, fore rigging carried away, and cabins damaged. There are only three inches of water in her hold. The extent of the damage to her cargo of wheat is not known. Captain Rhoads, Lloyd's agent, will go to Seattle tonight and the survey will be held there tomorrow.

CHINESE DEPORTED

The treasury department has ordered deported two minor sons of a Chinese merchant of Walla Walla named Eng Go. Eng Go was on his way from China, accompanied by his two sons and just before reaching this port on the steamship Olympia, died October 25. The minor sons were refused admission by Collector Huastla and the matter was taken to the department which sustained the collector's decision and the boys were ordered deported.

LIGHTSHIP BROKE MOORINGS

The tug Dolphin, arriving from the Cape, reports the lightship at Umattilla reef broke from her moorings during the storm and succeeded in reaching Neah bay in good condition.

CHAOTIC CONDITION

English Liberal Party Widely Differ as to South Africa.

NEW YORK, Dec. 5.—The chaotic condition of the Liberals was never more noticeable than at the meeting of the Tribune. A resolution calling Derby, says the London correspondent of the Tribune. A resolution calling on the government to announce the terms on which they were prepared to conclude peace in South Africa was not passed without a noisy scene occasioned by differences of opinion in regard to the attitude taken by Lord Milner. Mr. Emmott, Liberal member for Oldham, objected to views declaring it essential, with a view to the conclusion of peace, that a special commissioner should be dispatched to South Africa. Cheers and groans greeted his statement that he would accept no vote of censure on Lord Milner and the chairman was compelled to intervene to restore order.

FRIENDSHIP DESIRED

But Can Not Be Gained by Always Yielding to England's Demands.

NEW YORK, Dec. 5.—M. Massabau, in his speech in the chamber of deputies on Tuesday, having alluded to the late Jules Ferry as having favored an alliance with Germany rather than one with Great Britain, an authoritative contradiction of this assertion is published in the Paris Presse and the Times and New York Times quotes a letter written in 1882 to himself by M. Ferry.

In this letter Mr. Ferry said he greatly desired the friendship of Great Britain but this could not be obtained by always and everywhere yielding. Great Britain, said M. Ferry, "steemed only those who graced her."

FREE OF DUTY

Statue From Italy for Cathedral of Baltimore.

NEW YORK, Dec. 5.—The board of classification of the United States General Appraisers has just announced a decision regarding a statue representing the immaculate conception, which was imported from Italy and presented to the Cathedral of Baltimore. The statue, which was invoiced at \$500 lire, was consigned to the Rev. C. G. Thomas, but it was the gift of the Misses Andrews to the cathedral. The

statue is of carrara marble and is about five feet six inches in height. The board, in an opinion by Colonel Tichenor holds that the statue is the work of a professional sculptor and that it was expressly imported for presentation to a religious corporation. It therefore is exempt from duty. The decision of the collector at Baltimore is reversed.

A decision was also rendered with reference to a group in marble by the sculptor Marquest of Paris, entitled, "Maternity," invoiced at 10,000 francs, which was purchased by Henry Phipps for presentation to the Johns Hopkins Conservatory at Pittsburg. The board holds that the conservatory is a public institution established for the encouragement of science. The duty of 50 per cent will therefore not be levied.

SCHLEY AT FAULT

Report That the Court Finds Against Him on Five Counts.

NEW YORK, Dec. 5.—A special to the Press from Washington says: Rear-Admiral Schley has been found at fault on five counts by the court of inquiry. It is understood, however, that the court finds against Schley: First, for delay of flying squadron off Cienfuegos. Second, for misrepresentation of reasons for returning to Key West for coal. Third, for disobeying orders in making retrograde movement. Fourth, for failure to destroy the Colon. Fifth, for conduct unbecoming an officer and gentleman in the Schley Hodgson controversy.

PECULIAR REPORT

Louisiana Grand Jury's Answer to Judge's Instructions.

NEW ORLEANS, Dec. 5.—Judge Jax M. Thompson, in opening the district court in Washington parish, La., the scene of the recent burning of a negro at the stake, followed by a riot at Balltown, where several lives were lost, called the attention of the grand jury to these occurrences and urged it to take action. The grand jury however brought in the following report:

"The men who participated in the burning were among the best citizens of the country and nothing but a desire to protect those who are nearest and dearest to them, would have moved them to undertake such measures."

BOUND TO DIE

Insane Man Climbed Tree and Then Blew Out His Brains

DETROIT, Dec. 5.—A special to the Tribune from Holland, Mich., says: Nelson Culver, during a fit of temporary insanity ran away from his home at Hamilton and climbed to the top of a tall tamarack tree. When he saw his friends at the foot of the tree trying to rescue him, he pulled a revolver and blew out his brains. His body dropped to the lower branches of the tree about 50 feet from the ground and dangled there while his life blood ebbed away.

THREE PERSONS KILLED

PASSENGER TRAINS COLLIDE AT FULL SPEED

Smoking Car and Emigrant Car Filled With Negroes Badly Damaged, Injuring 38.

MALVERN, Ark., Dec. 5.—Three persons were killed and 38 injured in a head-on collision between two passenger trains on the St. Louis, Iron Mountain and Southern railroad, one and one-half miles south of here this morning. The two trains were the St. Louis fast mail, south-bound, and Little Rock and Eldorado, north-bound. The two trains met in terrific collision. Both engineers jumped in time to save their lives. The two engines were wrecked and the colored coach next to the baggage car on the south-bound train was badly smashed. It was crowded with colored emigrants en route from North Carolina, Georgia and Alabama to Texas. The smoking car on the north-bound train was badly damaged and most of its occupants were injured.

FRENCH CRUISER

SAN FRANCISCO, Dec. 5.—The French cruiser Protet has arrived here from San Diego and will go up to Mare Island within a day or two to be cleaned after which she will return to the stream and remain until the latter part of January.

CANON OF WESTMINSTER

LONDON, Dec. 5.—Most Rev. James Edward Cowell Weldon, Bishop of Calcutta, has been appointed Canon of Westminster Abbey.

DRIVEN ASHORE BY RAGING STORM

French Bark Ernest Reyer Wrecked Off Mouth of Quinalt River.

SHE WILL BE A TOTAL LOSS

Now Lies Hard Aground with Breakers Pounding Her to Pieces—Commanded by Captain Pulluzuyt.

ABERDEEN, Wash., Dec. 5.—At 2 o'clock Wednesday morning while a terrible storm was raging along the coast the French bark Ernest Reyer went ashore off the mouth of Quinalt river, about 30 miles north of Grays Harbor. She struck heavily on the level beach and the full force of the waves pounded her further up on the shore, every incoming sea washing clean over her. In the darkness and storm it was impossible to see how far away the land lay but the officers and men cleared away the boats and made for shore, all reaching land in safety. When the ship first struck, a heavy sea broke over her, carrying off three of her sailors, who were driven back on board again by a receding wave and scrambled into one of the small boats. The vessel now lies hard aground with the breakers pounding her to pieces. Masts, rigging and sails have gone by the board and she is a total loss. The Ernest Reyer is a steel built French bark of thirty-five hundred tons, commanded by Captain Pulluzuyt.

DREYFUS AGAIN

M. Labori Did Not Advise Refusal of Pardon.

PARIS, Dec. 5.—In his second article in the Journal, published this morning, M. Labori, replying to the interview in the Echo de Paris, denies that he wanted Dreyfus to refuse his pardon. Labori deprecates the conduct under which this pardon was granted and accepted in silence which seems to have been imposed on an innocent man in whose behalf he, Labori, and others, in a passion for an ideal, had not hesitated to stir up the country. Replying to the charge that he wanted to live off the affair Labori declares that his connection with the case had cost him almost his entire practice, which only began to pick up again after the amnesty was granted and against which, contrary to his own interests, he had unceasingly struggled.

The Steele says that Dreyfus repudiates the Echo de Paris interview which he neither directly nor indirectly inspired.

HIGHEST SINCE 1892

Wheat and Corn Rapidly Advance in New York Market.

NEW YORK, Dec. 5.—By the united impetus of a fresh whirl of outside buying orders that made both the wheat and corn rings the scene of great excitement today, new record prices were established. Wheat sold at 85 1/2 for May, or 3/4 higher than it was last August, while corn passed any point since 1892.

FAIR FUND
