When the storm abated she managed to reach Hong Kong. Her damages were so severe that her owners called from England to sell her as she then lay. Several bidders appeared but the highest price was offered by the Company's general de Tabasco of Manila, which will repair the vessel and sail her under American colors.

### POWER ECONOMY

That economy is called poor which wastes more than it saves. Economy in repairing a leaky boat may result in the loss of the boat. Economy in learning leaves us at the mercy of ignorance. It is the product of management that provides the home with an abundance of wholesome, substantial modern literature. Chief among the publications of the members of a household, for practical every-day purposes as the newspaper. Not the sensational kind, or the love-story sort, but the paper which takes an interest in the affairs of government, which gives you a knowledge of what is going on about you, which brings to your notice all that is worth knowing that has recently occurred in any part of the world, and keeps you up to date without a surplus of worthless trash to waste through to find what you want. Such a paper is the *McWeekly Astorian*, which can be had twice each week for the price of one good paper, only two dollars per year.

### NOTICE

Masters of steamers and tug boats, with or without tows, are asked to go under a slow bell as they are passing the British steamship *Pembroke*, as the swell caused by the passing boats makes a dangerous swell, endangering the lives of the divers. The said masters passing on the other side of the channel would help matters very much. JOHN KENNEDY, Master of *Pembroke*.

Miss Stone's captors want the ransom paid first and then liberation to follow. Perhaps this will be the program, but in the absence of a third feature it would be far from complete. This feature should be characterized by a stack of dead bonds.

## OLD PEOPLE

Have a charm of their own when they are not weak and feeble, but hale and hearty, enjoying the sports and pleasures of youth though they cannot participate in them. The whole secret of a happy old age is this: Keep the stomach and organs of digestion in perfect order. The young man who does not think of it as he grows old, is in the "weak" stomach incapable of supplying the adequate nutrition for the body, which causes feebleness and helps to shorten his life.

Dr. Pierce's Golden Medical Discovery cures diseases of the stomach and other organs of digestion and nutrition. It makes the "weak" stomach strong and enables the body to be fully nourished and strengthened by the food which is eaten.

I suffered for six years with constipation and indigestion, during which time I consulted several physicians, but they could not reach my case. I writes Mr. G. Popplewell, of Eureka Springs, Carroll Co., Ark. "I felt that there was no help for me, could not retain food on my stomach, had vertigo and would fall helpless to the floor. Two years ago I commenced taking Dr. Pierce's Golden Medical Discovery and little 'Pelle's' and improved from the start. After taking twelve bottles of the 'Discovery' I was able to do light work and have been enjoying ever since. I am now in good health for one of my age, 60 years. I owe it all to Dr. Pierce's medicine."

Dr. Pierce's Common Sense Medical Adviser, in paper covers, is sent free on receipt of 21 one-cent stamps to pay expense of mailing only. Address Dr. R. V. Pierce, Buffalo, N. Y.
