TUB TRUTHS.

A DROP of ink will color a whole glass of water. It is an inch of yeast which makes a pan of bread rise, and a single cake of soap containing unabsorbed alkali can ruin a hundred times its cost in laces and fine embroidery. After all, is it wise to take such risks with common soap? Of course you can get along without Ivory Soap. So can a wagon without axle grease—but it goes hard.

Representatives of French Government Call on President Roosevelt

NEW YORK, Jan. 15.—M. Lazard Welter, who is here investigating industrial organization and conditions in the United States for the French government and Baron Maurice de la Hothelle, who accompanied M. Welter, have returned to New York from Washington where they had been received by President Roosevelt. They express themselves as greatly pleased with the cordiality Mr. Roosevelt had displayed and his offer to give them every assistance in his power. Introduced by M. Cambon, the French ambassador, M. Welter had a long talk with the president. Later the two Frenchmen had pleasant talks with Secretary Lodge and Senator Hanna.

NOMINATED FOR CONGRESS.

DES MOINES, Ia., Jan. 15.—At a joint caucus of the Democratic and Republican members of the general assembly this evening E. H. Taylor, of Clinton, was nominated for United States senator to succeed Senator Allison and John J. Zerby, of Burlington, was nominated to succeed Senator Dolliver. Both men are gold Democrats and their nomination is considered quite a victory for that wing of the party.

MEDALS TO THE DEPARTING.

WASHINGTON, Jan. 15.—Seventy-five hundred medals in the estimate of navy department officials of the number of tokens of recognition which are to be ordered for the officers and men who participated in the West Indian naval campaign of the Spanish-American war. The West Indian campaign medal will be bestowed on every officer and man who was in the campaign.

EULOGIZES SCHLEY.

JACKSON, Miss., Jan. 15.—Both houses of the legislature today unanimously adopted a resolution eulogizing Rear-Admiral Schley to be the rightful hero of the battle of Santiago and "entitled to the unflinching gratitude of his country." The legislature extends a cordial invitation to Schley to visit Jackson.

TO HONOR SCHLEY.

ANNAPOLIS, Md., Jan. 15.—Delegate Griffith today introduced in the house of delegates a bill to appropriate \$5000 to purchase and erect in the state house a life-sized bust of Rear-Admiral Schley.

MARCONI AND THE CABLES.

Hardly more attention has been given in the east to the marvel of Marconi's dispatch of a wireless message across the ocean than to the action of the Anglo-American Cable Company in informing him that the company has exclusive rights in the operation of ocean telegraph stations in New Foundland and that he must cease making his experiments there. The action has been taken as an evidence that the cable company recognizes a patent right in the Marconi system and is desirous of protecting its monopoly in the island as fully as possible during the two years it will remain in force.

Marconi has expressed the conviction that it will be easy to arrange terms with the cable company, but in a good many quarters it is believed that not only the Anglo-American but a good many other cable companies will fight the advance of wireless telegraphy by every means in their power.

Over that issue a warm controversy has arisen. It is asserted on one side that should Marconi establish wireless telegraph communication across the ocean the system would not be a successful rival to the cables because of the length of time it takes to send a wireless message and the liability of the system to frequent interruptions and disturbances. On the other hand it is said the Marconi system can be operated so cheaply it will be possible for the managers to profitably transmit messages across the ocean for one cent a word. It is argued that such competition will force the cable companies to reduce prices even if they continue to hold the bulk of the commercial business that requires quicker dispatch than Marconi can give.

MRS. WARFIELD DEAD.

LEXINGTON, Ky., Jan. 15.—Mrs. Mary (Lamb) Breckenridge Warfield, aged 71, mother of Dr. Benjamin B. Warfield, president of the Princeton Theological seminary and Dr. Ethelbert D. Warfield, president of Lafayette college, is dead. She was a sister of Inspector General Joseph C. Breckenridge, Attorney Robert J. Breckenridge of Kentucky and ex-Congressman W. C. P. Breckenridge.

PERSONAL MENTION.

F. O. Robertson, of Portland is in the city.

C. N. Edmiston, of Tacoma, was in the city yesterday.

L. Kalkay, of San Francisco, was in the city yesterday.

C. J. Kaufman, of Portland is in the city, registered at the Occident.

N. S. Christenson, a well-known resident of Newberg, is in the city, registered at the Occident.

John M. Young, who had been in Astoria for several months, returned home yesterday.

Ray Twombly, formerly a resident of Astoria, is now a reporter on the Marshall (ore.) Daily Mail.

William Tunson, manager of the Fairhaven plant of the American Can Company, is in the city on business.

Forty for nearly two years returned to the city last night. He will locate here.

ASTORIA DEBATS PHILADELPHIA.

J. J. Crosby, an Eastern manufacturer, speaking of business in Astoria, says: "Never since I left Philadelphia have I seen such a large, good-looking crowd at a sale of dry goods as I ran into at Shanahan's today, and his prices I must admit beat our Philadelphia house by 25 per cent."

THORP ECONOMY.

The economy is called upon which saves more than it saves. Economy in repairing a leaky boat may result in the loss of the boat. Economy in burning leaves on the meadow of children is in the person of many a young man who provides the house with an abundance of wholesome, substantial modern literature. Their aim is the education of the members of a household, to practice every day and every hour in the newspaper. Not the sensational kind, or the "yellow" kind, but the paper which takes an interest in the affairs of government, which gives you a knowledge of what is going on about you, which brings to your notice all that is worth knowing that has recently occurred in any part of the world, and keeps you up to date without a surplus of worthless trash to wade through to find what you want. Such a paper is the semi-weekly Astorian, which can be had every week for the price of one good paper, only two dollars per year.

NOTICE.

Masters of steamers and tug boats, with or without tows, are asked to go under a slow bell as they are passing the British steamship Pembroke-shire, as the swell caused by the passing boats makes a dangerous swell, endangering the lives of the divers. The said masters passing on the other side of the channel would help matters very much. JOHN KENNEDY, Master of Pembroke-shire.

NIGHT WAS HER TERROR.

"I would enough nearly all night long," writes Mrs. Chas. Appleton, of Alexandria, Ind., "and could hardly get any sleep. I had consumption so bad that if I walked a block I would cough frightfully and spit blood, but when all other medicines failed, three little bottles of Dr. King's New Discovery wholly cured me and I gained 15 pounds." It's absolutely guaranteed to cure Coughs, Colds, La Grippe, Bronchitis and all Throat and Lung Troubles. Price 50c and \$1.00. Trial bottles free at Hart's Drugstore.

Recently there have been several cases of prominent men suddenly falling in collapse just after eating a hearty meal. These men have all been under treatment for gastric "trouble," and yet the result shows that the treatment they had received had smothered the symptoms but had not retarded the progress of the disease.

There is a real danger in the use of palliatives when there is disease of the stomach and its allied organs of digestion and nutrition. The disease in such cases goes on, while the distressing symptoms are stopped. Presently, they are smothered by the disease. Being out on new pieces of yielding hearts, lungs, liver, kidneys, or some other organ.

The use of Dr. Pierce's Golden Medical Discovery results in a radical cure of diseases of the stomach and other organs of digestion and nutrition. It cures diseases of heart, lungs, liver, kidneys, etc., when the disease of these organs has its origin in the diseased condition of the stomach and digestive and nutritive system.

"I will tell you what myself and family think of your medicine," writes Mr. M. M. Wardwell of Lincoln, Lowmorth Co., Kansas. "I will tell you my wife and I were sick six or seven years ago. I got so weak I couldn't do any work at all, and my wife had three months. I picked up one of Dr. Pierce's Golden Medical Discovery one day and saw your description of catarrh of the stomach. I thought I hit it. We had a bottle of Dr. Pierce's Golden Medical Discovery in the house that was got for my mother. You recommend it for catarrh of the stomach, so I went to taking it. The one bottle nearly cured me. I got two bottles next time and took one and one-half and was well. Your medicine cost me three dollars and the doctor cost me fourteen dollars."

Dr. Pierce's Common Sense Medical Adviser, in paper covers, is sent free on receipt of 21 one-cent stamps, to pay expense of mailing only. Address Dr. R. V. Pierce, Buffalo, N. Y.

Down South a labor organization has been warned not to organize the negroes. There probably is a fear that the colored organization would refuse to eliminate the razor drill.

Pears'

It is a wonderful soap that takes hold quick and does no harm.

No harm! It leaves the skin soft like a baby's; no alkali in it, nothing but soap. The harm is done by alkali. Still more harm is done by not washing. So, bad soap is better than none.

What is bad soap? Imperfectly made; the fat and alkali not well balanced or not combined.

What is good soap? Pears'.

Sold all over the world.

FALL RACING CIRCUIT.

Dates set by Northwest Racing Association at Seattle.

SEATTLE, Jan. 15.—The managers and secretaries of fourteen fair associations, representing the states of Washington, Oregon and Idaho and British Columbia, met here today and organized the Pacific Northwest Racing Association. The fall circuit was arranged and standing committees appointed. Season will open at Seattle, August 18, and close at Victoria, November 12. Vancouver, B. C.; Everett, Salem, Portland, North Yakima, Spokane, Lewiston, Boise and New Westminster will have intermediate dates.

NOTORIOUS CROOK IDENTIFIED.

BUTTE, Mont., Jan. 15.—A special to the Miner from Helena says: Harvey Logan, a desperado, who was arrested at Knoxville, Tenn., on a charge of

having stolen bills of the National Bank of Montana, of this city, in his possession, is no other than the notorious Kid Curry, of Northern Montana. Logan's picture, which was received by the National Bank of Montana today, was identified as that of Curry by T. A. Marlow, president of the bank, who knows Curry. Marlow formerly employed Curry as a cowboy.

TO SPEND LARGE SUM.

CHICAGO, Jan. 15.—The Record-Herald tomorrow will say: The management of the Santa Fe has decided to spend \$12,000,000 for equipment during the present year.

PENSION BILL PASSED.

WASHINGTON, Jan. 15.—The house today passed the pension appropriation bill, which had been under discussion for three days, and then adjourned until Saturday.
