

Good Goods Sacrificed

AT D. SHANAHAN'S

Cost Not Considered

When we make the above assertions, GOOD GOODS ARE SACRIFICED and COST NOT CONSIDERED, the public will very naturally inquire the reason why. We do so for TWO REASONS. First We have no BASEMENT (needless to tell Astorians), in which to store away our surplus stock, and, secondly, our Eastern buyers have purchased for SPOT CASH the regular Spring Supply, and in some cases have already shipped. WE MUST HAVE ROOM and that soon for "OUR NEW ARRIVALS." Only a short time left for this GREAT CLEAN UP SALE of ours

REMEMBER Only Fifteen Days More to Secure These Values. CALL EARLY

TWO VALUES.

HERE are two values to every purchase—what it costs and what it pays you. Cork costs 8 cents a pound, but if you are drowning half a mile from shore, its value would be "not what you pay for cork, but what cork saves you." When a woman buys soaps she often confuses the two values. She sees only what she pays. She overlooks what she receives. Now a single cake of Ivory Soap pays back from ten to twenty times its cost in the saving it effects. Test it yourself! Vegetable Oil Soap, Ivory white. It floats!

ARE RAPIDLY DISAPPEARING. Buffalo in Yellowstone Park Liable to Become Extinct.

BUTTE, Mont., Jan. 17.—According to reports received from the Yellowstone National Park the buffalo herd within its confines are rapidly disappearing and unless congress makes further provisions threatens to become extinct. New blood must be introduced into the little herd of bluen freighting Geysersland. Last winter but eighteen buffaloes remained in the Hayden valley of the former herd of

thirty. The specimens that now exist lack the strength of their former hard predecessors, and are barely able to withstand the rigors of the winter. Elk are reported more numerous than any other animal in the park. There are at least 200,000 of them within the park limits. Antelope too, are numerous, especially in the valley of the Gardiner river, where a band of 100 is sometimes seen. It is urged that a fence be built across the Gardiner canyon as the animals, having lost the greater part of their fear for man, wanders across the park limits and becomes the prey of pot hunters.

SHOULD HIS FRIEND

Once Prominent Man Pleads Guilty to Charge of Horse Stealing.

CHICAGO, Jan. 17.—Albert Gilmore, until recently a prominent postmaster in Southern Indiana and a member of a leading family, will be received at the Michigan city prison in a few days to serve an indeterminate sentence for horse stealing, says a La Porte, Ind., special to the Record-Herald.

Gilmore made no defense. He pleaded guilty in order to give the real criminal who stole his friend's Indigo brought to bear on Gilmore could not shake him in his decision to go to prison to save a man who had once befriended him.

The court in view of the plea of guilty, passed sentence, but with the development of the facts which will clearly prove Gilmore's innocence, Governor Durbin will be asked to pardon him.

UNIQUE GIFT

Museum to Receive Large Collection of Monks and Butterflies.

NEW YORK, Jan. 17.—Through the gift of \$20,000 by Dean Hoffman, the American Museum of Natural History will receive the largest collection of butterflies and moths in this country. This addition will make the museum's collection one of the largest in the world.

Since the death of Dr. Herman Strecker many representatives of museums have visited his former home in Berlin, Pa., and strong efforts have been made to obtain his collection for their respective institutions. The heirs, however, said no division would be made from the original valuation placed upon the collection by Dr. Strecker, which was \$20,000. Morris K. Jessup, president of the museum in this city has received a letter from Dean Hoffman, authorizing him to buy the collection for that sum. The arrival of the Strecker material will increase the museum collection by fully 100,000 specimens, among which are several hundred "types"—that is, specimens originally new to science and from which the first description of the species is made. The museum will receive also the Strecker library.

Don't Marry.

Almost everybody remembers the olden advice of the London *Times*, "To those about to marry, *Don't*." There is in that advice the expression of the feeling of many a mother who says, "I hope my daughter will never marry and suffer as I have."

Do not allow an unscrupulous dealer to sell you something in place of "Favorite Prescription," claimed to be "just as good." There is nothing just as good for women as "Favorite Prescription."

"I am so pleased with your instructions, I hardly know what thanks to give you for your kind favors," writes Mrs. Miss Bryant of Lake St. Thomas Co., Ga. "You can publish my few statements to the world, helping all suffering women who know and be healed. I suffered so much with great pains in my back and the severe part of my stomach and pelvis that of the best that I could find I could hardly be done and could hardly get up in the morning, but after using three bottles of Favorite Prescription, you see how I feel. Dr. Pierce's Pleasant Pellets cure sick headache."
