SAN FRANCISCO, Jan. 31.—In the seventh round of what was to have been a twenty-round encounter between George Gardner, of Lowell, Mass., and Jack Root, of Chicago, the latter was awarded the decision tonight upon a claim of foul.

INSURED.
You insure your house against fire. You know what people would say if it burned down without insurance. They would say you were wanting in business sagacity, that you should have provided for this. Now leave house insurance and consider clothing insurance. Here the danger is even greater—not from fire, but from the chemicals and strong soaps used in the laundry. Wise women insure their finer, more delicate and perishable things against this risk, and the premium they pay is the trifling cost of Ivory Soap. That guarantees protection.
IVORY SOAP—IT FLOATS.

MORGAN'S AMENDMENT.

Alabama Senator Delivers Extended Speech on Philippine Tariff Bill.

WASHINGTON, Jan. 31.—An extended speech on the pending Philippine tariff bill was delivered in the senate today by Morgan of Alabama, who devoted particular attention to an amendment which he offered to the bill last week. He maintained that the enactment of the bill as it now stands would not be a constitutional remedy for the troubles that the measure is designed to relieve, but said

Pears'
It is a wonderful soap that takes hold quick and does no harm.
No harm! It leaves the skin soft like a baby's; no alkali in it, nothing but soap. The harm is done by alkali. Still more harm is done by not washing. So, bad soap is better than none.
What is bad soap? Imperfectly made; the fat and alkali not well balanced or not combined.
What is good soap? Pears'.
Sold all over the world.

that with the adoption of his amendment, the bill would stand the closest scrutiny of the courts.

The Alabama senator did not discuss the political phases of the Philippine question, devoting the entire speech to a consideration of the legal and constitutional questions raised by the presentation of the tariff measure.
