

PART AND PARCEL.

A Dainty box, an exquisite wrapper, a delicate color, and a clinging fragrance—yet all these will not cleanse the skin! Has it ever occurred to you that you pay big prices for these things? Do you care to buy five articles or do you require only one—a strictly pure soap. Remember you pay for perfume whenever you buy it mixed with soap. Don't you think it is wiser to make your own selection of perfume and buy it separately? It is certainly the method adopted by most persons of cultivated taste, those who bathe with pure Ivory Soap. **IVORY SOAP—99% PER CENT. PURE.**

THE NEEDS OF OREGON

RECOMMENDATIONS OF ASTORIA CHAMBER.

Improvement of Rivers and Harbor Are Urgently Demanded.

Recently Secretary James M. Moore, of the Oregon & Columbia River Board of Trade, addressed a communication to the Astoria Chamber of Commerce asking that the local body prepare a statement showing the urgent needs of this section. The letter was referred to James W. Welch, John H. Grakke, H. C. Thompson and P. A. Trullinger, the local delegation to the state board, who have made the following recommendations:

- First—Continuous improvement of the mouth of the Columbia river until there are 40 feet of water on the bar at extreme low tide.
- Second—Continuous work on the Columbia river east of the Cascades until every portion and branch are open to navigation.
- Third—Improvement of all rivers of this basin until its waters are sufficient to accommodate the whole commerce of each and every section of this great basin.
- Fourth—The protection and propagation of salmon to the full capacity of the waters of the basin, and liberal appropriations by the legislature of Oregon for that purpose.
- Fifth—A common point on all passenger and freight business with Seattle and Tacoma.
- Sixth—That all portions of Oregon have a common point with Portland on immigration.
- Seventh—That the state board of trade urge an encourage a farmers' congress for Oregon, and that the meetings be held in all parts of the state; that liberal appropriations be demanded from the legislature for its support.
- Eighth—The scarcity of proper fuel is a great detriment to cheap commerce for the Columbia river. We would therefore earnestly ask the assistance of the basin board and the commercial bodies of Portland to thoroughly prospect and develop the prospective coal fields of Clatsop, Columbia, Tillamook and Multnomah counties.

Pears'

Whoever wants soft hands, smooth hands, white hands, or a clear complexion, he and she can have both: that is, if the skin is naturally transparent; unless occupation prevents.

The color you want to avoid comes probably neither of nature or work, but of habit.

Use Pears' Soap, no matter how much; but a little is enough if you use it often.

WAS COUNTED OUT.

Bob Fitzsimmons Explains McGovern's Victory Over Sullivan.

CHICAGO, Feb. 24.—Terry McGovern's victory over Dave Sullivan is explained by Bob Fitzsimmons, who refereed the fight. Fitzsimmons has arrived in Chicago from Louisville and answered the question as to whether Sullivan was counted out or was disqualified for going down without being hit. Fitzsimmons sticks to the claim he made at the ringside, that Sullivan was down fully 12 seconds and actually counted out. Several Chicagoans who saw the battle disagree with the Cornishman as to the count, but Fitzsimmons says he was doing the counting and ought to know. Fitzsimmons does not go into details regarding his decision, but simply claims that Sullivan was actually counted out and lost for that reason. "There was nothing to it," said Fitzsimmons last night. "It is true that I did not begin my count just at the instant Sullivan fell. In my mind I had just the time he was down and am satisfied that if I made any mistake at all it was in the direction of giving Sullivan too long a time in which to recover. I counted Sullivan out and no matter if he was able to get on his feet I would have declared McGovern the winner. I was not rattled. I knew perfectly well what I was doing."

READY TO RECEIVE HENRY.

All Arrangements Have Been Completed at St. Louis.

ST. LOUIS, Feb. 24.—Arrangements for the reception of Prince Henry in St. Louis have been practically completed. When the royal visitor arrives at Union station on his special train Monday morning, March 3, he will be confronted by the handsomest decorations that have ever been seen in St. Louis. The grand hall on the second floor of Union station has been selected for the scene of the official reception of the prince. There on the north side, not far from the main staircase, will be constructed an elevated platform measuring 22 by 14 feet. On this Mayor Wells will present to the visitor the gold and silver embossed casket containing the parchment of municipal welcome. After these ceremonies the party will enter carriages and drive direct to the St. Louis Club for breakfast. After breakfast the royal party will be driven through the finest residence section of the West End and over the site of the world's fair grounds.

PASSING OF THE CABLE CAR.

A few years ago the cable system of street car propulsion was considered decidedly the best, but since the invention of the trolley system the cable car is being rapidly replaced, and many experts now claim that compressed air will eventually be the street car power of the future. In all lines of industry we see improvements being made, but in medicine there is one remedy that is impossible to improve upon, and that is Hostetter's Stomach Bitters. It will not fail to cure dyspepsia, indigestion, sour stomach, constipation, liver and kidney troubles, or malaria, fever and ague. Take it at the first symptoms of any of these diseases and it will give prompt relief. Be sure to get the genuine.

LIKES THE COUNTRY.

Holland's Minister to China Much Impressed By Americans.

CHICAGO, Feb. 24.—"I have been impressed by America more than I can tell. It is a great country and the Americans are a great people and I regret now that I never visited this country before," said F. H. Knobel, minister plenipotentiary from Holland to China, who is visiting at the home of M. S. Woodward, of Evanston.

Mr. Knobel is on his way home on a leave of absence from Pekin and is visiting for a week with Mrs. Woodward and her daughter, Ione, whom he knew in Pekin during the siege. This is the first time that he has been in America and he says the people of this country are the most hospitable and cordial and friendly of any people that he ever met.

Minister Knobel has not seen his family for nearly two years, as he sent his wife and children home from Pekin in April, 1900, when he saw the storm gathering. He says he does not know whether he will be sent back or not.

"Will you see Prince Henry?" was asked him.

"Well, I have the honor of knowing his royal highness," was the reply, "and I received a visit from him in Pekin in 1898, but I am traveling through the country as a private citizen."

DEMOCRATS IN CONFERENCE.

Colonel Kilbourne Entertains Leaders at His Columbus Home.

COLUMBUS, O., Feb. 24.—William J. Bryan was the guest of honor at a luncheon given today by Colonel James Kilbourne at his residence. Prominent Democratic leaders were present and a conference was held.

Bryan left later for Delaware, O., where he will deliver a lecture before the students of the Ohio Wesleyan University tonight.

Bryan denied the truth of the report that he would call on David B. Hill and pledge him his support for the presidential nomination in 1905.

Two Bottles Cured Her

One of a Thousand Nurses Who Praise the Wonderful Work of

PAIN'S CELERY COMPOUND

Miss Teresa Cartel, the beautiful Sister who won so much credit by her untiring efforts in nursing the wounded after the Maine explosion, is one of more than a thousand nurses who have testified to the wonderful results of Paine's Celery Compound among their sick, debilitated and exhausted patients.

Sister Cartel herself was cured of one of the most serious affections of the liver by only two bottles of this marvelous restorative.

Paine's Celery Compound has accomplished more in behalf of suffering humanity than any other discovery in the history of medical science. It has rescued from a sick bed thousands of despairing victims of disease. Men and women in all walks of life have been permanently cured by its use. Old and young, the feeble and the infirm, praise its curative powers. It is the one true nerve tonic. If taken in time, it never fails to restore to activity weakened kidneys and a sluggish liver. The body has been made soft and unhealthy with impure blood and bile that originate in a diseased liver. Cirrhosis, jaundice, fatty degeneration, cancer and dropsy often result from a diseased liver. The appetite is impaired, the blood is filled with poisonous principles, the skin becomes yellow, digestion is deranged, a morbid condition arises, emaciation sets in, followed by a general feeling of debility. These are the main symptoms of a diseased liver. The liver, stomach and kidneys are the great nerve centers. Paine's Celery Compound never fails to restore them to health and vigorous action. It purifies the blood, tones up the system, eradicates all poisons, nourishes and invigorates muscle tissues and keeps the body healthy and free from taint impurities. Paine's Celery Compound gives immediate and permanent relief to all who suffer from a disordered liver.
