

Ailing Women in Springtime Need the Strengthening and Nourishing Virtues of

PAINE'S CELERY COMPOUND

A Case Where the Great Medicine Bestowed Vigor and Health After Months of Weakness and Suffering.

Observing and intelligent women who have used Paine's Celery Compound have noted well the fact that as a spring medicine it quickly regulates the bowels, clears the whites of the eyes...

Mrs. Nellie Morse Taylor, Solon, O., sends the following testimonial letter for the benefit of weak and run-down women: "Some years ago I had a severe attack of the grippe which left my head and spine in a very bad shape..."

MISS LAMONT ILL.

NEW YORK, March 6.—Miss Julia Lamont, daughter of Daniel Lamont, ex-secretary of war is critically ill with brain fever at her home in this city.

Miss Lamont was to have occupied a box with Mrs. Grover Cleveland at the Metropolitan opera house last Tuesday night on the occasion of the gala performance in honor of Prince Henry. She was stricken that evening and has, it is reported, steadily grown worse.

RARE POTTERY SALE.

NEW YORK, March 6.—A famous collection of Chinese porcelains, gathered from all parts of the world by the late James A. Garland, vice-president of the First National bank, has been sold by the trustees of the Garland estate. The sale was private, and the consideration was not made public. The collection, which is said to be one of the finest of its kind in the world, was valued at \$1,000,000. For the past seven years it has been loaned to the Metropolitan Museum of Art, where it is displayed in 17 cases. It comprises nearly 1500 pieces.

ANOTHER VICTIM.

CHICAGO, March 6.—Samuel Uphouser, known in pugilistic circles as the "Brighton Slasher," is dying at his home at 817 West Twenty-second street as the result of a knockout blow he received in a fight at Bricklayer's Hall Saturday night. The police are searching for his opponent in the battle, but can only learn that he is known as "Young Choyanski," and no one knows where he can be found. It was in the fourth round of the fight that Uphouser received injuries likely to prove fatal. He had received terrible punishment in the second and third and in the fourth round was sent to the floor. His head struck the floor sharply and he was carried from the ring unconscious and later taken to his home. Since then his condition has been serious and this morning he was reported to be dying.

BIG PLANT WITH LITTLE NAME.

Opposition to Great Steel Trust Preparing for Business.

CHICAGO, March 6.—The Grand Crossing Tack Company, rival for the big steel corporation, has made plans for the erection of an industrial plant to cost \$500,000 on the east side of the Calumet river, between One Hundred and Eighteenth street and One Hundred and Twentieth street. The negotiations for the ground have been

completed. The price paid was \$125,000 or \$2500 an acre.

Contracts for the new plant have already been let. It is to consist of 12 buildings containing floor space of 78,000 square feet. There is to be an open hearth steel department, rolling mill for the manufacture of steel billets and all the accessories. The main building will be 440 feet long and have a width of 60 feet. E. W. Hutchins, secretary and superintendent of the company, has recently returned from Europe, where he visited the best equipped plants for ideas on modern establishments of the kind.

PROFESSOR KAPOSI DEAD.

VIENNA, March 6.—Professor Moris Kaposi, of the University of Vienna, a celebrated dermatologist, is dead.

FOUR BODIES RECOVERED.

DENVER, March 6.—A special dispatch to the News from Telluride says: The bodies of George Rohrer, W. S. Gregory, Harry Chase and W. S. Stanley, victims of the Liberty Bell snowslide, were recovered today. One hundred men were at work all day at the scene of the disaster. It is storming tonight and the prospect is that the rescue work will be again interrupted.

FAR REACHING ASSESSOR.

COUNCIL BLUFFS, Ia., March 6.—City Assessor Everest has included in his assessment roll the property of the Portland Mining Company, whose headquarters are in this city, but whose property holdings are in Colorado. The Iowa code makes a provision for taxing corporations having their principal place of business within the state.

The local representative of the company refused to make a statement of its taxable property and the assessor has decided to assess the company on the basis of its alleged actual value of \$3,000,000 as provided by the law.

The recent Burns-Doyle suit for possession of \$1,000,000 stock in the Portland Company, the assessor says, formed a basis for calculations on the value of its property. Suit may follow the assessor's action.

ANOTHER NATIONAL PARTY.

CHICAGO, March 6.—The referendum league of Chicago announces the formation of a national party for the promotion of initiative referendum in all the cities of the United States. The new party will be known as the National Non-Partisan Federation for majority rule. George H. Shibley, the organizer, will travel from city to city organizing referendum leagues. The aim will be to secure the passage in each state of a bill compelling municipalities to recognize petitions signed by five per cent of the voters, in order that the question may be voted upon by the people. The launchers of the new party are all officers of the local league.

TO MOVE TO PHILIPPINES.

NEW YORK, March 6.—Coincident with changes made in the list of officials of the Norfolk & Western railroad, it is stated, says the Herald, that the main office of the company which has been located in this city for many years soon will be moved to Philadelphia. The real significance of this step is said to lie in the fact that the Pennsylvania interests which are now in practical control of the Norfolk & Western, wish to have its executive offices as near as possible to Philadelphia, so as to direct more closely the general policy of the big soft coal road. Arrangements already have been made to move the papers and paraphernalia of the president's office to Philadelphia. It is thought the transfer will be completed within the present month.

BIG DEAL IN STREET RAILWAYS.

SAN FRANCISCO, March 6.—The Sutter street and Sutro lines have been formally transferred to the Baltimore Syndicate, whose representatives, J. M. Duane, tendered a certified check for \$2,375,000 in payment. The transfer of the Market street system is yet to be made. About \$3,000,000 worth of stock in the United Railways Company which will control all these lines, has been taken by local capitalists.

FIRE IN TEXAS.

MARBLE FALLS, Tex., March 6.—Fire has broken out in the cedar brakes near here and great tracts of valuable timber are being consumed. Everything is as dry as tinder and there seems to be no way of checking the fire until it burns itself out. Few people live in the path of the fire and they have had ample warning.

Selected by Cattle Growers' Association at Denver Meeting.

DENVER, March 6.—At the afternoon session of the Cattle Growers' Association the following officers were elected:

President, F. C. Lusk, of Chico, Cal.; first vice-president, Bartlett Richards, of Ellsworth, Neb.; second vice-president, M. K. Parsons, of Salt Lake; treasurer, S. G. Gill, of Denver; secretary, H. W. Robinson, of Denver.

Among the executive committeemen named are the following:

Montana—Paul McCormick and W. N. Holden.

Oregon—John Kilchrist and William Hereford.

Utah—M. K. Parsons and M. T. Baumgard.

NEW ROAD TO MEXICO.

KANSAS CITY, March 6.—It is announced that track laying on the Kansas City, Mexico & Orient railroad will be begun at Anthony, Kansas, this month. Ninety-two miles of road in Kansas and Oklahoma is practically ready for the track.

Juan F. Trevino, manager of the road's interests east of the Sierra Madre mountains in Mexico, left last night for Chihuahua, where he will begin track laying next week on the 30 miles now graded east from Chihuahua and will award contracts for grading the next 50 miles. Rails are en route from Europe for this latter part of the road and also for that now graded east from Port Stillwell, about 65 miles for which ties and bridge timbers have arrived.

MRS. P. D. ARMOUR TO WED.

NEW YORK, March 6.—Mrs. Phillip D. Armour, jr., widow of the young Chicago millionaire who died in California two years ago will be married this evening in the Hotel Netherland to P. A. Valentine, of the firm of Armour & Co.

It is understood there will be no display about the wedding. Rev. Thaddeus Snively, rector of St. Chrysostom's church, Chicago, will perform the ceremony. Mr. Valentine will take his bride to Europe for a month or so, leaving it is said, tomorrow on the steamer Kronprinz Wilhelm.

WANTS TAXES REDUCED.

NEW YORK, March 6.—George W. Vanderbilt has appeared before Commissioner Gillespie of the department of taxes and assessments, and obtained a reduction of his personal assessment from \$2,900,000, which was fixed by the board, to \$1,000,000.

In applying for this reduction, Mr. Vanderbilt introduced something of an innovation. Instead of pleading non-residence, he told Commissioner Gillespie that, while he was worth all that the assessment called for, his wealth principally is in real estate and in securities, which were either non-taxable or else are taxed by the state. Without particularizing, he indicated that most of his holdings were in trust companies and kindred corporations, over which the local authorities have no control.

A SAD DEATH.

SAN RAFAEL, Cal., March 6.—Mrs. Mary Walsh, an aged woman, was burned to death late last night in her cottage near the railroad depot. A fire supposed to have been of incendiary origin started in the house about midnight. Mrs. Walsh was awakened from sleep and started for the door but fell and met death in the flames.

A SKILLFUL DETECTIVE.

BRAZIL, Ind., March 6.—Albert Decker, of the firm of Decker & Son, furniture dealers, and funeral directors of this city, has carried out a unique plan which caught one of his trusted clerks who, it is said, was daily tapping the till of several dollars. Mr. Decker directed a camera in line with the money drawer and attached to the slide a string which passed through into the cellar. He procured a vantage point and when he discovered the clerk taking money from the drawer he pulled the slide by means of the string and photographed the clerk with his hands full of coins. The clerk was arrested.

ENGLAND'S TRADE WITH CUBA.

NEW YORK, March 6.—At a private meeting of members of the Associated Chambers of Commerce of the United Kingdom, who have been holding a conference in London during the past two days, says the Herald's London correspondent, Mr. Cox, a Liverpool

merchant said traders with Cuba asked for co-operation of the chamber in an effort to obtain favored nation treatment for the trade of Great Britain with Cuba.

England had a direct trade with Cuba of over \$10,000,000 in addition to considerable indirect trade through New York and Liverpool. The traders had grounds for believing that there was an intention existing to make a reciprocity treaty with the United States by means of which a concession will be given which may destroy the greater part of the trade.

The meeting agreed that action was necessary and that the chambers of the United Kingdom shall be strongly represented at an interview with Lord Lansdowne, to take place on Tuesday next.

ANOTHER BLOW TO WOMEN.

NEW YORK, March 6.—That women are incapable of mastering the Chinese language was a statement made by Herbert A. Giles, professor of Chinese at Cambridge University, England, in an address at Columbia. It was his first lecture in this country and also the first to be given by the new Dean Lung department of Chinese at Columbia for the establishment of which an unknown person gave \$300,000.

More than half the audience was composed of women and this proved rather embarrassing, as some of Professor Giles' remarks were not exactly complimentary. For example, that the Chinese symbol for treachery was woman.

INDIANS TO CEDE LANDS.

WASHINGTON, March 6.—The house Indian committee today favorably reported an agreement made with the Klamath Indians for cession of portions of their reservation.
