**Contagious Blood Poison**

Is the name sometimes given to what is generally known as the BAD DISEASE. It is not confined to dens of vice or the lower classes. The purest and best people are sometimes infected with this awful malady through handling the clothing, drinking from the same vessels, blister or sore, then swelling in the groins, a red eruption breaks out on the body, sores and ulcers appear in the mouth, the throat becomes ulcerated, the hair, eye brows and lashes fall out; the blood becoming more contaminated, copper colored spots and pustular eruptions and sores appear upon different parts of the body, and the poison even destroys the bones.  
 S. S. S. is a Specific for this loathsome disease, and cures it even in the worst forms. It is a perfect antidote for the powerful virus that pollutes the blood and penetrates to all parts of the system. Unless you get this poison out of your blood it will ruin you, and bring disgrace and disease upon your children, for it can be transmitted from parent to child. S. S. S. contains no mercury or potash, but is guaranteed a strictly vegetable compound.

**MAY RAISE THE MAINE.**

Menace to Navigation and Entombs Many Bodies.  
 WASHINGTON, March 27.—General Wood has brought to the attention of the war department, through the medium of a formal letter, the propriety of making some arrangement for raising the wreck of the Maine from the ooze and mud in which she lies embedded in Havana harbor. It is stated by him that not only are there sentimental reasons for this owing to the fact, according to common belief, the remains of 40 or 50 American sailors lie within the sunken hull, but this heavy steel structure is also a menace and obstruction to navigation in the harbor of Havana and it is our duty to the Cubans to remove it. The expense attached to the undertaking is very heavy, the bids ranging anywhere from \$400,000 to \$700,000. Several tentative arrangements were made with enterprising contractors who wished to use the material of the wrecked ship to make souvenirs, but they have all failed, and Secretary Root, upon securing a more detailed statement of the facts from General Wood will submit the question to congress, probably without recommendation as to whether the Maine shall be raised.
