

### THE BEST THEY KNOW.

**Y**OU remember the old lady who rode for the first time on a railway train. There was a frightful collision, but when the rescuers reached her she was quite calm. She said she supposed they always stopped that way. The story well illustrates why so many women are satisfied to live without Ivory Soap. They have never tried it! Naturally enough, they think that annoying odors, sharp chemicals, and wasteful greasiness are common to all soaps.

The land controversy at Chinook has developed some remarkable things. According to the Chinook Observer, Thos. Dawson has notified the board of school directors at Chinook that he will take possession of the splendid school building at that place as soon as the present term of school closes. He has not done this as a joke, either, but has employed counsel and is acting under legal advice. The building is valued at about \$2500 and the community does not wish to surrender it for nothing, and the board of school directors have held a meeting and will advise with the county prosecuting attorney. It will be remembered that what is known as the Gile property in Chinook has been in litigation for some time, and that steps have been taken before to oust the Gile on the ground that their title was not good. The title to the school property comes through the Gile and as it is the most valuable property in the town, Dawson seems to be going on the theory that while he is making his selection for a place to "squid" that he might as well take in a good building with it.

## Paine's Celery Compound

The Great Spring Medicine

**MR. ALFRED BROWN,**  
A Prominent and Popular Citizen Says: "After the Use of Paine's Celery Compound I am Now in Best of Health."

The greatest of modern physicians, Prof. Edward M. Phelps, M. D., LL. D.,

after years of long practice and close scientific study, gave to suffering and diseased men and women his marvelous, life giving prescription, with the conviction and positive knowledge that it had peculiar virtues and ample powers to cure, after the terrible verdict "incurable" was uttered by the medical practitioner.

Thousands of the strongest testimonials from the best known and most reliable men and women of our country fully sustain the claims made by Dr. Phelps regarding his incomparable Paine's Celery Compound.

One of the most convincing proofs furnished comes recently from a gentleman widely known in the capital city of the Dominion of Canada. We refer to Mr. Alfred Brown, 91 O'Connor St., Ottawa, Ont. Mr. Brown's letter fully demonstrates the fact that the greatest sufferer may cast off his or her burden of disease and become well, strong and happy. It proves, too, that the great medicine maintains more firmly than ever before its unrivaled place in the estimation of people of wealth and social standing as well as with the masses. Mr. Brown says:

"I acknowledge with thankfulness and pleasure the fact that I have been cured of a very painful illness of eight years' standing by use of Paine's Celery Compound. I had, during the years of illness, tried almost all the advertised medicines without deriving any good results. I was also treated by several of the best doctors of this city, hoping to find that one of them, at least, would understand my case. "I was getting worse, and was told I was incurable. I was indeed in a critical condition. I could not go from the house alone, as I was liable to sudden collapse. I tried hospital treatment, but no relief or good results came to me. I could not sleep; anything that I ate increased my agonies; I was extremely weak, restless, tired and despondent; was obliged to walk about with my hands pressed firmly into my left side to ease my pains; my feet and hands were cold continually; had inclination to vomit, had profuse, cold sweats, quick breathing, and would be racked with pain for hours at a time.

"After the regular use of Paine's Celery Compound for a time, I am now in the best of health, have good appetite and can use any kind of food. Thank God I am my old self once more, all through the use of Paine's Celery Compound.

## SCROFULA

I bequeath to my children Scrofula with all its attendant horrors, humiliation and suffering. This is a strange legacy to leave to posterity: a heavy burden to place upon the shoulders of the young.

This treacherous disease dwarfs the body and hinders the growth and development of the faculties, and the child born of blood poison, or scrofula-tainted parentage, is poorly equipped for life's duties.

Scrofula is a disease with numerous and varied symptoms; enlarged glands or tumors about the neck and armpits, catarrh of the head, weak eyes and dreadful skin eruptions upon different parts of the body show the presence of tubercular or scrofulous matter in the blood. This dangerous and stealthy disease entrenches itself securely in the system and attacks the bones and tissues, destroys the red corpuscles of the blood, resulting in white swelling, a pallid, waxy appearance of the skin, loss of strength and a gradual wasting away of the body.

S. S. S. combines both purifying and tonic properties, and is guaranteed entirely vegetable, making it the ideal remedy in all scrofulous affections. It purifies the deteriorated blood, makes it rich and strong, and a complete and permanent cure is soon effected. S. S. S. improves the digestion and assimilation of food, restores the lost properties to the blood and quickens the circulation, bringing a healthy color to the skin and vigor to the weak and emaciated body.

Write us about your case and our physicians will cheerfully advise and help you in every possible way to regain your health. Book on blood and skin diseases free.
