Talking About CLOTHING

Do you know that there is a vast difference in the make up, lining, sewing and general finish of clothing.

There is the "made to sell" kind, pretty patterns, gaudy linings, but there's no satisfaction in the wear, it is made in a hurry by underpaid labor; just "made to sell."

Then there's the "made to wear" kind, properly shrunk, plain but strong linings, the "vitals," or inside paddings, properly adjusted sewed with silk, made by skilled labor and sold on honor.

The "made to wear" kind costs a little more than the "made to sell" kind, but, dear me, it is ever so much better.

We sell the made to wear kind.

A BANQUET AT WALDORF

Senators, Politicians and Statesmen Honor the Greatest Military Genius of the Age.

NEW YORK, April 26.—The anniversary of General Grant's birthday was celebrated tonight by members of the Grant Monument Association with a banquet at the Waldorf-Astoria. Prominent military men and national politicians from all sections of the country were present. General G. M. Dodge was toastmaster. At the guests' table were General Dodge, Senator Burrows, of Michigan; Congressman Watson, of Indiana; Congressman Champ Clark, of Missouri; General Thos. H. Hubbard, of New York; General Anson G. McCook; Major-General John R. Brooke; Major General O. O. Howard; Rev. Dr. Robt. S. MacArthur; Colonel A. L. Mills; Major-General Jas. H. Wilson; Governor W. H. Taft, of the Philippine Islands, and Cornelius N. Bliss.

PITTSBURG CHIMES IN.

PITTSBURG, April 26.—The sixteenth annual dinner of the American Republican Club of this city, in commemoration of the birthday of General Ulysses S. Grant, was held tonight. P. C. Knox, attorney general of the United States officiated as toastmaster and among those seated about him were L. M. Shaw, secretary of the treasury; H. C. Payne, postmaster-general; Congressman Chas. E. Littlefield, of Maine, and John P. Elkins, attorney-general of Pennsylvania.

President Roosevelt sent a message regretting his inability to be present. A standing toast was drunk to the health of the president of the United States, followed by a silent toast to the general in commemoration of whose birth the celebration was held. Congressman Littlefield responded to the toast "Grant;" L. M. Shaw, secretary of the treasury, to the toast "government evolution," and H. C. Payne, postmaster-general, spoke on "men of our times."

QUESTION OF LABOR.

Meeting of the National Civic Federation to Adjust Differences.

NEW YORK, April 26.—A meeting of the conciliating committee of the National Civic Federation was held today to take up the differences between the United Mine Workers and coal operators. When the session adjourned it was announced that no definite results had been reached. A sub-committee of employers and men was appointed to take up the matters in dispute. It will report Thursday next. Senator Hanna was asked whether the question of recognizing a union was brought before the conference. "I do not understand that that was an issue," he replied. President Compters of the American Federation of Labor, said:

"Not a single point has been cleared up. The whole situation is in statu quo and will have to be thoroughly threshed out by sub-committee. The discussion was a courteous one and of a conciliatory nature."

ROYALTY COMES HIGH.

LONDON, April 26.—Permanent residents of London are suffering from efforts being made by the city for the coronation. There is scarcely a street through which the procession will pass but has been torn up. Newspapers, both here and in America, are full of misstatements concerning the cost of seats to view the coronation proceedings and as to what hotels will charge visitors. Ridiculous statements as to prices paid for certain windows or seats in Piccadilly or elsewhere have been constantly

published. Seats in the positions in Piccadilly, most sought after situations, could yesterday be had for from 4 to 20 guineas for the first day's procession. For the second day, prices asked are from 3 to 7 guineas.

A STRANGE DISEASE.

BUTTE, Mont., April 26.—A special to the Miner from Missoula says the spotted fever scourge in Bitter Root Valley has broken out with great violence. Eight persons have already died of this strange malady within a week and the deaths of several more is expected.

The disease is unknown elsewhere and thus far has baffled physicians. The disease commences with fever like typhoid and spots begin to show all over the body. At death, the victim is spotted like a rattlesnake.

CONDITION IMPROVES.

NEW YORK, April 26.—Archbishop Corrigan's condition continues to improve.

EMPLOYEES' WIN OUT

SAN FRANCISCO STRIKE IS OFF.

The Car Men's Union Recognized By All Demands Being Granted.

SAN FRANCISCO, April 26.—The strike on the street railway system of United Railroads was officially declared off tonight. The victory rests with the employees, who are conceded all the principal demands. The United Railroads have granted an advance in wages, a ten-hour day service and in a measure recognized the Car Men's Union. The company agrees to pay a rate of 25 cents an hour or together with a bonus for long service, as the employee may elect. Thirty cents per hour will be paid for overtime. All runs to be finished within 14 hours from time of commencement and employees to be allowed full liberty when off duty.

PRESIDENT WILL ATTEND.

NEW YORK, April 26.—President Roosevelt has promised to attend the jubilee celebration of the Centennial of Presbyterian Home Mission effort and to speak at a mass meeting to be held in Carnegie Hall, Tuesday evening, May 20. This meeting will be the culmination of the celebration which will be one of the features of the assembly of the Presbyterian general assembly. Latter will convene in the Fifth Avenue church, 55th street and Fifth avenue.

BRUTALITY IN FINLAND

Russia Distorting Riots Reports With View of Martial Law.

CITIZENS BEATEN TO DEATH

Finns Warned Against Failure to Obey the Military Regulations.—Other Hardships.

ST. PETERSBURG, Thursday, April 24.—A representative of the Associated Press who has just returned from Helsinki, Finland, interviewed the patriotic leaguers and others there who declared the government was distorting every report of the disorders in Finland, with a view in the near future of proclaiming martial law.

This opinion is apparently borne out by an imperial rescript, signed on Sunday last, in which the period for recruiting is extended, and the Finns are warned against failure to obey the military regulations, which will "convince us that the administration method which became customary in the course of the last century did not guarantee a calm progress of public affairs, and subordination to the authorities."

The recruiting law is the origin of the trouble. The communes refused to operate with the recruiting boards, whereupon the government arbitrarily imposed heavy fines on the communes. Tammerfors was fined 33,000 marks; Helsinki, 20,000 marks and six others from 14,000 marks to 22,500 marks. Then Dr. Dalzmann, chairman of the state medical board and many members resigned rather than assist in what they declared to be illegal recruiting.

The reports show the unvarying failure of the recruits to take the oath and the attitude of the populace of Windborg resulted in riots and collisions similar to those which occurred at Helsinki. Out of 150 recruits enrolled only 32 appeared, and they were all rejected for physical defects. In many of the communes nobody appeared and at Ny Karby only one man, a cripple, presented himself.

Such is the practical working of the law which General Bobrikoff, the governor, declared the people welcomed with enthusiasm. The official report of the Helsinki riots minimized the injuries sustained by the citizens and exaggerated the casualties of the troops. Eye witnesses characterize the action of the Cossacks as being worse than their conduct at the time of the St. Petersburg riots in 1901. The authorities apparently gave the Cossacks free rein. They invaded private houses, in many cases, far from the scene of the disturbances, beating and slashing indiscriminately. They rode through porches of the great Protestant church, forced a physician to jump out of a window of his home, beat children and cripples and nearly killed a cabman who was a mile from the scene of the riots. The people of Helsinki are preparing to petition the Czar to withdraw the Cossacks.

Immigration from Finland is proceeding at an unprecedented rate. It exceeded 15,000 persons during 1901 and the number of emigrants now ranges from 500 to 1500 a week.

BLOWN TO PIECES.

SEATTLE, April 26.—Will Price and Bernard Sutter were killed by an explosion of dynamite at Issaquah this afternoon. Sutter's body was blown all to pieces. No one knows just what caused the explosion.

HIT 'EM HARD.

BUTTE, Mont., April 26.—A sensation was developed in the hearing of the Minnie Healy firing case today in Judge Harney's court, the Amalgamated Company made serious charges of misusage against Judge Harney, declaring the court had been unduly

influenced by a woman in the employ of Augustus Heinze.

Judge Harney read an order declaring Attorney Forbis and Evans, of the Amalgamated Company, in contempt of court fining each \$500 and committing them to the sheriff for imprisonment for 24 hours.

CUBAN SOLDIERS CLAIM

CONFERENCE WITH PRESIDENT PALMA.

Question of Whom are Entitled to Pay For Services in War.

NEW YORK, April 26.—An important conference has been held between President-elect Palma and several generals who participated in late insurrection, says a Bayamo, Cuba, dispatch to the Tribune. The meeting was held at the request of the president-elect to obtain the views of ex-Cuban soldiers on the question of pay for their services. Those who attended were Generals Rabi, Lora, Salcedo and Capote, representing the provinces of Santiago, which was the pivotal point of the rebellion.

The result of the consultation was entirely satisfactory to the president-elect, all of the conferees acquiescing in the plans outlined by him. He is opposed to paying the army immediately. His plan is to give attention, first, to the agricultural conditions of the island.

The constitution of Cuba and the Platt amendment, provide that the budget and interest of the insular debt must first be taken care of from a loan that will be negotiated.

General Palma said that it must first be determined who is really entitled to be paid, which means an overhauling of the rolls. The amount now asked is about \$50,000,000, which is considered far too much. It is believed that \$15,000,000 will suffice to settle all legitimate claims. Perhaps two years will be required to settle in full. The president-elect also proposes to have the government take care of those who were crippled in war or are invalids as a result of the war. Provision will be made for the widows. The question of pensions will not be favorably received.

The body of General Palma's mother, buried by him 22 years ago near the

THE TREMLOR IN AMERICA

The Shock Extended as Far North as Baltimore with Great Velocity.

WAS A HEAVY DISTURBANCE

The Johns Hopkins University Observatory Records a Great Degree of Violent Movement.

NEW YORK, April 26.—The earthquake which caused such destruction in Central America last Friday extended as far north as Baltimore, says a dispatch from that city to the Tribune. At the Johns Hopkins University observatory the film had just been taken off the seismograph and it was found to indicate the heaviest earth disturbance recorded since the machine was put in operation.

The first measurable shock reached Baltimore about 9:30 o'clock last Friday night. For about four minutes the disturbance was slight, then it suddenly became stronger. The heaviest shock was recorded about 9:40 o'clock. It soon subsided to a lower degree of violence but the disturbance was comparatively strong for an hour and a half. The whole disturbance was apparent over a space of two hours and a half.

The shocks were not strong enough to be generally perceptible.

BOUND FOR AMERICA.

LONDON, April 26.—Emigration from the west of Ireland to America is assuming what is called "alarming proportion." During the last fortnight hundreds of emigrants have passed through Limerick on the way to Cork. Two special trains from Port Arlington carried nearly 1500 persons of both sexes, while there are lots of 200 or more who have gone on board the steamer.

REDUCED THE ROYALTY.

VANCOUVER, B. C., April 26.—The Dominion government has decided to reduce the royalty on gold mined in the Yukon district. The royalty is now five per cent. It has been decided to reduce it to three, or perhaps to two and a half per cent. It will be collected as export tax in the future and there will be certain exemptions.
