# Paine's Celery Compound

Banishes Nervous Prostration, Hysteria and Sleeplessness.

Any intelligent man or woman can easily detect victims of nervous troubles by taking a ten minute walk on any of the crowded streets of our cities or towns. The observer will note counenances full of feverish anxlety, harassed looks .unsteady hands, faltering steps, twitching muscles, pallid faces, and startled, anxious looks when unusual noises are made. Such people are without doubt, victims of Count Von Bulow Finds Trouble With nervous prostration, hysteria, or insomnia. The whole system suffersthe brain, the spinal cord, and the

# THE WOMAN WHO WAS LOST

WELLVILLE

Mrs Richard Roe

had started for

Wellville, and had missed the way. She had been wrongly directed by well-meaning friends. While she was pondering the situation, she saw a fine healthy woman coming toward her, and asked her: "Do you know where Wellville is?" "Of course I do," was the answer, "I live there." The stranger gave Mrs. Roe exact directions as to the way to Wellville and passed on. But Mrs. Roe stood still. "Suppose," she said to herself, "that this woman is deceiving me. Perhaps she doesn't live in Wellville or know the way." And while she was still pondering, another woman came by and Mrs. Roe accosted her. "How can I get to Wellville?" she asked, Again the way was pointed out and the stranger passed on. But Mrs. Roe still stood in the road, wondering whether the directions given her were trustworthy.

One would say that Mrs. Roe must be a very singular woman. She wanted to go to Wellville, could not find the way, and yet doubted the information given her by two of her own sex who had no motive in the world for deceiving her. But Mrs. Roe is not at all singular. There are many like her. They are sick and want to be well. Not two women, but scores and thousands, say, "We know the way to be well. We are well after years of sickness, and we can tell you, as a matter of experience, that Dr. Pierce's Favorite Prescription makes weak women strong and sick women well." But still the Mrs. Roes stand hesitating, wondering whether they are being deceived by the women who point the way to health.

Often there is a natural reason for this doubt and hesitaney. Directions given by friends have been perhaps followed without result. Perhaps the local physician has said there is no way by which you can regain health. But a large number of the women who have been cured by the use

of Dr. Pierce's Favorite Prescription have gone through the same experience. Friends advised this or that medicine but it failed to cure. Doctors said: "There is no hope of health for you," and at the last, the use of "Favorite Prescription" healed disease and restored perfect and permanent health.

"You have my heart-felt thanks for the kind advice you sent "You have my near-test thanks for the kind advice you sent me," writes Mrs. Florence Archer, of Eason, Macon Co., Tenn. "Words fail to express what I endured for about eight years with female trouble. The awful pain that I had to endure each month, no tongue can express. These bearing-down pains, backache, headache, distress in my stomach, and sores in my breast, cramp in limbs—they have all left me and health has taken place of these distressing troubles. What caused them to leave? It was the best medicine on earth—Dr. Pierce's Favorite Prescription. For the first three or four days after taking the medicine I got worse. Had you not told me that I should be apt to feel worse I never would have taken another dose; but in one week's time I began to feel better. After taking six bottles of 'Favorite Prescription' and using the local treatment you advised I

Dr. Pierce's Favorite Prescription cures womanly diseases. Hundreds of thousands of women testify to that fact. It has cured in cases where every other available means and medicine had utterly failed to give more than temporary relief. "Favorite Prescription" establishes regularity, dries the drains which weaken women, heals inflammation and ulceration and cures female weakness. For expectant mothers it has no equal. It prevents or cures morning sickness, tranquilizes the nerves, encourages the appetite and induces refreshing sleep. It gives great muscular vigor and elasticity and so makes the baby's advent practically painless. It is the best known tonic for nursing mothers.

"Without solicitation from you I feel it my duty to suffering women, to make known the virtues of your 'Favorite Prescription,' in curing me of a complication of diseases," writes Mrs. Mary J. Weida, of Allentown, Pa., 391 Oak Street. I had heart trouble for about three years and was so weak and run-down that I had to force myself to attend to my household duties. The least excitement would cause my heart to flutter, and during its normal periods it would every now and then seem to lose a beat, which affected me through my whole system, even the raisin of my hands above my head, would make me so weak that I had to sit down awhile to recover myself. All these ills have given way to the curative power of your 'Favorite Prescription.' The greatest relief was received prior to the coming of my little one; during the six previous experiences I was afflicted with morning sickness from beginning to end of each period, but after using your remedy for one week, I was entirely relieved of that distressing affliction. No one can appreciate what a relief that was, save those who have actually experienced it."

Sick women are invited to consult Dr. Pierce by letter, free. All letters are held as strictly private and sacredly confidential. Address Dr. R. V. Pierce, Buffalo, N. Y.

If you are led to the purchase of "Favorite Prescription," because of its remarkable cures of other women, do not accept a substitute which has none of these cures to its credit.

THE WAY TO WE! LVILLE, or, in other words, the way to be pointed out in Dr. Pierce's great work, The People's Common Sense Medical Advisor. This book contains over a thousand large pages, and more than Too lilustrations. It is sent entirely FREF on receipt of stamps to pay expense of mailing ONLY. Send 21 one-cent stamps for the book in paper covere, or 31 stamps for the cieth-bound volume.

DR. R. V. PIEROE, Buffalo, N. Y.

The rapidly increasing use of shindes as covering for the walls of buildings, both to keep out the weather and for ornamental purposes, makes a great demand for a shingle stain-which reserves the wood, prevents moss, and retains a fresh, handsome appearance. Particularly is such the case in damp climates. The need is well met in a perfect article made right here in Astoria. Cutbirth's Creosote Shingle Stains are penetrative, preservative, handsome and durable. They are put up in eight colors and every package
