LET US CELEBRATE.

It is early, and yet it is not early to talk about a Fourth of July celebration. Whatever Astoria does she generally does it as a proper celebration. Her people are on hand, the commercial men are coming, the S. A. R. veterans will be here, and then there is the regular.

The Engineer

Looking from the cab window does more with his eyes than the "mumble and grumble and rattle" of his engine are to him. He is an artist, and a true artist in that humble way.

It is time the best, best, best, or other organs are involved and the engine has to lay off. Dr. Pierce's Golden Medical Discovery cures diseases of the stomach and organs of digestion and nutrition.

After, and then a great success can be expected. A Fourth of July celebration is good for a community. It stirs up the patriotism of the people, it gives a good example before the young. It is good for the business men, it is good for the country. The significance of the date cannot be overestimated. It was not only the beginning of American independence but the opening of a new era in nations. It was the beginning of freedom throughout the world.

For it is true after the civil war the people of the South remained in the same rut. They worked in the same manner, raised cotton and corn, plowed and hoed with the same kind of crude implements, built the same kind of houses, kept the same kind of stores, sold the same kind of goods, went the same ticket and fought in the same old way, and entertained the same kind of friends. From father to son, and to grand-son they followed the same ambition.

It is the same in newspaper work at a given point. A community goes accustomed to a beaten channel and if a paper gets out of it the people are pleased, indignant or surprised, as the occasion may seem to demand. If they are accustomed to learning from the local columns of the local paper that "Bill Jones was in from Skamokawa" or that some one went away on the night train, or that the British bark Aurora sailed from Liberty, or that the chief of police arrested one "John Doe," they are startled to see anything else. A real "warm editorial on a living issue is like throwing a snow ball at her when she is in an art bed. But still, after mature consideration they like it. Something new is appreciated by all who think.

It is the same with preaching. Evangelist Marshall, who began a protracted meeting at the Methodist church Sunday night stepped out of the rut. He doubtless shocked some of the old timers in his audience but he spoke earnestly from the shoulder and handed things in plain language and without gloves. He did not do it either with a long face but he laughed while he was doing the "skinning" as he called it.

But contrary to custom—and out of the rut—he did not "skin" what are commonly known as sinners, but he directed his cutting gun on church members. He says he will keep it up all of the week, and that the first night was not a "patch" to what he will give them. It may be a long time before some of the "Christians" get accustomed to his manner but the intelligent and the truly converted will finally see the point. It is good to get out of the rut. Dr. Pierce's Golden Medical Discovery cures diseases of the stomach and organs of digestion and nutrition.

EGZEMA is due to the retention in the system of Uric Acid or other inflammatory poisons which find their way into the blood and are forced by the circulation through the glands and pores of the skin, causing it to burn like fire, and the incessant itching allows no rest night or day. ECZEMA appears in a great many different forms, beginning frequently as a mere redness of the skin, followed by little blisters or pimples, from which a clear or straw colored matter oozes, forming into sores, scales or scabs; this is weeping Eczema, commonly called Salt Rheum. These acid poisons sometimes dry up the natural oils and the skin becomes hard and dry, often cracking and bleeding and causing intense pain and fearful itching. This form of Eczema is known as Tetter, and almost always attacks the hands and feet. Unsightly eruptions in the shape of pimples and blackheads break out upon the face, neck and shoulders as a result of polluted blood, and this humiliating disease is called Acne. Local remedies afford but scant relief. The blood and system being saturated with the poison the disease cannot be reached with washes, salves, powders or other local applications. S. S. S. restores the deteriorated blood to its normal condition, stimulates the sluggish organs and all the waste matter is eliminated through the proper channels. S. S. S. makes the blood rich and strong, and under its tonic and invigorating effects the general health improves, and the skin becomes soft and smooth again. S. S. S. contains no minerals but is guaranteed purely vegetable. Write us if you need medical advice, this will cost you nothing. Illustrated book on skin diseases sent free.

The hardest misfortune to bear are those that never come. A good wife is one who loves her husband and her country, but don't want to run either. The reason a doctor doesn't take his own medicine is because he knows better. This town can boast of a few very young men and quite a number of very pretty cigarette holders.

Healthy kidneys filter the impurities from the blood, and unless they do this good health is impossible. Foley's Kidney Cure makes sound kidneys and will positively cure all forms of kidney and bladder disease. It strengthens the whole system. For sale by Frank Hart. You can't lodge a harm by its use.

At the end of the campaign, writes Champ Clark, Missouri's brilliant congressman, "I am overworked, nervous, restless, lose of sleep and constant speaking I had about utterly collapsed. It seemed that all the organs in my body were out of order, but three bottles of Electric Bitters made me all right. It's the best all-around medicine ever sold over a druggist's counter." Overworked run down men and weak, sickly women gain splendid health and vitality from Electric Bitters. Try them. Only 50c. Guaranteed by Chas. Rogers.
