**Welcome GOLD DUST!**

Better for clothes, dishes, pots and pans, floors and doors—and yet more economical. GOLD DUST drives dirt before it—makes everything clean and bright—lessens the housewife's cares. With GOLD DUSTS aid wash-day ceases to be "Blue Monday." It makes it possible to have snow white clothes without rubbing them to pieces on the washboard.

**SNEAK THIEVES.**

Regardless of the vigilant care taken by the city police force a burglary is occasionally committed.

Last Saturday night some unknown night prowlers broke into the Cole House some time between 11 and 12 o'clock and fitted themselves out with hats, coats and umbrellas, amounting in value to about \$50. The police were informed of the burglary early Sunday morning but no trace of the house breakers could be found. From all indications they entered the house with the intention of ransacking the rooms but finding the doors too securely locked they satisfied themselves with stripping the hat racks and made their escape through the side door which opens on to Eleventh street and thence by the vacant lot back of the house to a safe refuge among the piling under Exchange street.

Among the things stolen was one \$20 fur cape belonging to Mrs. Marrs, two ladies coats belonging to Miss Lucille Cole and Mrs. Marrs, and two gentlemen's overcoats, besides several umbrellas and hats belonging to different guests of the house.

The officers are keeping a strict watch for the articles and have hopes of recovering them at some of the second-hand stores or pawn shops.

**RAID ON CHICAGO DIVES.**

CHICAGO, May 12.—West Side policemen, under instructions from Mayor Harrison, raided saloons and music halls which have violated the midnight and music ordinances last night and arrested more than 30 men and women. The raids are the most thorough that have taken place on the West Side in a number of months.

The bulk of the raids have been in the vicinity of Madison and Halstead streets.

**SUITS OUR CLIMATE.**

The rapidly increasing use of shingles as covering for the walls of buildings, both to keep out the weather and for ornamental purposes, makes a great demand for a shingle stain which preserves the wood, prevents moss, and retains a fresh, handsome appearance. Particularly in such the case in damp climates. The need is well met in a perfect article made right here in Astoria. Cutbirth's Cresote Shingle Stains are penetrative, preservative, handsome and durable. They are put up in eight colors and every package guaranteed.

**GREAT COAL STRIKE.**

and instructed their delegates to favor a strike, but, despite this action, there is a growing belief that this district will be considerably divided on the strike issue.

POTTSVILLE, Pa., May 12.—From the Panther Creek Valley, in the extreme east of this coal basin, to Wilkesbarre in the west, and from the Mahanoy and Shenandoah Valleys comes the same story of idleness of the hundreds of colliers in obedience to the order of National President Mitchell, of the United Mineworkers of America. It is even greater than a Sunday stillness, for not a man of the organization coming under the suspension order is at work today.

Meetings will be held today and tomorrow by the locals to instruct their delegates to the Hazelton convention, and the sentiment of opinion at the time is favorable to a strike.

**LOST HIS MEMORY.**

After Many Years He Is Gradually Regaining It.

NEW YORK, May 12.—Harvey B. Fitch, who was a prominent resident of the village of Maline, in this county, lost his memory, says a Binghamton special to the Press, and disappeared April 7, 1901, while passing through the city on the way to the house of a friend, and for a year has been given up for dead. Early this year a stranger was found wandering through the streets of Esaco, Me. He was taken to an asylum recently and there was recognized by an attendant as a comrade of the civil war. Fitch's recollection now is slowly returning, but he is suffering from a cancer, and this is thought to have caused the sudden and mysterious loss of his memory.

**SEND MARRIED WOMEN.**

No More Unmarried Women for the Philippines.

NEW YORK, May 12.—Miss Beltra M. Hull, of New Haven, Conn., who is teaching school under government auspices in the Philippines, writes home a special to the World, that she hopes the government will not appoint unmarried women to places as teachers in the future, or if it must appoint them, that they will be sent to the cities.

**SHOOTING IN NEW MEXICO.**

ALBUQUERQUE, N. M., May 12.—Dispatches from Tucumcor, N. M., say that James D. Eakin shot and killed Lee Smith and Joe Stewart in a fight in Mellini and Eakin's saloon. Eakin, who is a wealthy liquor dealer, is said to have shot in self defense, the other men having first drawn their guns. United States Attorney Childers, who was recently acquitted of murder here, has gone to Tucumcor to defend Eakin.

**LIGHTHOUSE KEEPER DEAD.**

SAN FRANCISCO, May 12.—J. B. Brown, for 35 years keeper of the Point Bonita lighthouse, is dead of pneumonia, at Sausalito, aged 70 years. During his term of service he was never absent from his post of duty and assisted directly in saving many lives from vessels in peril off the Golden Gate. He was known to all mariners on the coast.

**AMERICAN PRODUCTS FOR INDIA.**

NEW YORK, May 12.—Leonard R. Douce, of Bombay, India, who is the representative in the East of the Iron

**Mongers' Chronicle, of London, is in the city, on his way to St. Louis, where he will confer with the exposition authorities. He says that there is a great field in India for American iron pipes. "India," he said, "is rapidly recovering from the famine, and trade is once more looking up well. We expect an 80 per cent crop and a good season ahead. The demand for American goods is going up by leaps, partly because of the increasing progressiveness of your houses. There is a great demand for cast iron pipes, and, as America can sell pipes in England cheaper than can English foundries, why not in India?"**

**CHANGES HANDS.**

Haytian Government Passed Over to Revolutionists.

**PORT AU PRINCE, Hayti, May 12.**

—A street fight occurred which lasted about an hour, and resulted in a triumph for the opponents of the government. The troops at the arsenal surrendered without resistance and the government passed into the hands of the revolutionists.

**ANTI-CORN DEMONSTRATION.**

NEW YORK, May 12.—About 10,000 people took part in an anti-corn demonstration which has just been held at Hyde Park, says the London correspondent of the Tribune. Numbers of trades unions, demonstrative bodies and friendly societies marched from all parts of London to the park. Banners were borne with inscriptions such as "No protection," and "Down with the bread tax."

A resolution denouncing the government for imposing the tax was carried with tremendous enthusiasm. A large force of police was present, but the proceedings were quite orderly.

**DESPERATE CONVICTS.**

SEATTLE, May 11.—Six desperate prisoners left with Sheriff Zimmerman, of Snohomish County, on the train for Walla Walla this afternoon, one of them secretly armed with a heavy iron hasp wrenched from a cell door in the Seattle jail. Its loss was not discovered until after the train's departure, and all efforts to notify the sheriff of his danger failed. The prisoners were lodged in the jail here for a few hours. They tried to entice the jailer into the corridor on which their cells opened. It is believed that they meant to murder him and make their escape by a rear door. Two hasps or flanges were wrenched from the doors, but one of them was left behind. The prisoners are under sentence of from one to seven years for burglary and kindred crimes.

**NEW YORK WATER CARNIVAL.**

NEW YORK, May 12.—No scene on the Thames river in England during a Henley regatta ever exceeded the spectacle presented on the Harlem during the water carnival of the New York Rowing Clubs, which has just been held.

Fully 70,000 people watched the scores of racing craft, manned by the best oarsmen of the metropolis, in a procession that extended across the river in solid formation and a mile in length.

SEATTLE, May 12.—Don Cowie, a well-known young man of this city, was drowned in Lake Washington last evening, whether as the result of accident or intent to commit suicide is not yet known. No motive for suicide existed so far as known but William Beland, who was in charge of the launch conveying the party about the lake, says that Cowie jumped overboard and refused to take hold of a rope and boat hook immediately thrust within his reach. The body has not yet been recovered.
