POLITICAL NOTES.

The campaign is beginning to wax warm; that is, as warm as an industrious few can make it. Odds are all one way, but the inordinate love of Americans to "discuss" causes them to take up everything they hear and explain it. The Republicans are confident and have money to back them on their judgment, but so far only a few stickers can be found, they say. Furnish money is offered freely wherever a Chamberlain man gets to blowing, but there are very few who have substantial confidence in Mr. Chamberlain's success. One man discussed the matter at length yesterday and among other things he said: Evidently the Budget does not agree with the Astorian on the question of assessment and taxation, and tries to dodge the questions of fact presented by the Astorian. It is a well known fact, that every county in the state assesses property not commensurate with its value, but in order to reduce the amount each county shall contribute to the state. It is generally conceded that the railroad property is not assessed according to its real value.

Mrs. Wile's Weak Heart. It is a singular thing that in the popular view of disease the interdependence of the several organs of the body is lost sight of. The heart, for example, is diseased and it is treated as if it were entirely separated from, and independent of, every other organ. The fallacy of this opinion is shown by the cases of heart "trouble," liver "trouble," kidney "trouble," and other so-called "troubles," effected by the use of Dr. Pierce's Golden Medical Discovery. Primarily the "Discovery" is a medicine for the cure of diseases of the stomach and blood. But it cures diseases of organs seemingly remote from the stomach, because these diseases have their origin in a diseased condition of the stomach and its associated organs of digestion and nutrition. "I doctored with three different doctors for weak heart, but they did me no good," writes Mrs. Julia A. Wile, of Cuyahoga, W. Va. "I was so tired and discouraged if I had had my choice to live or die I would have preferred to die. My husband heard of Golden Medical Discovery and he bought a bottle. I took that and the first half seemed to help me. I took six bottles before I stopped. I am perfectly well, and am cooking for six boarders. It has been a God-send to me." Dr. Pierce's Pleasant Pellets cure constipation.

neither is any other property in the city. A man in Upper Astoria has a home that cost him \$2000. It is assessed at \$350. The Budget office, the owner of which was offered \$6000 for it, is only assessed at \$600, or 10 per cent of its value. The railroad company, according to the Budget, is only assessed at 10 per cent of its value, hence honors are even between the "citizens" champion and the railroad.

A prominent farmer in the Nehalem has a ranch consisting of 100 acres for which he was offered \$2000. It is assessed at \$50, or about 10 per cent of its value. There is not a farmer in Clatsop county whose property is assessed to exceed 15 per cent of its value. The farmers are well satisfied with their assessments and make no complaints, neither would there be any complaints were it not just before election, and those that are made exist only in the imaginative minds of followers of the lost cause. If the purpose of the discussion is to make votes for the mongrel ticket, it will fall far short, and certainly the Budget has no kick coming.

To show to what depths of political chicanery the Democrats are indulging in, is illustrated by a story circulated by Democratic politicians, whose claim to honesty will not bear a careful scrutiny, about Mr. Scherneckau selling a rat to the chief of police and receiving \$ cents for it. The story is circulated to belittle Mr. Scherneckau, but when the facts are known, the circulators should crawl into their holes. Mr. Scherneckau did take a rat to the chief of police and receive \$ cents for it, but he did so for the little son of Mr. C. Boentgen, who had been warned against the police, a custom characteristic of some parents, who was afraid to take the rat to the station and asked Mr. Scherneckau to do so for him, which he did, received the money and paid it to the boy, whose eyes glistened when he received the money. This is about the smallest specimen of political tactics ever indulged in outside of the source from which it came.

Some of the arguments made by Mr. Chamberlain in his speech at the opera house will not bear investigation. For instance, Mr. Chamberlain charged the Republican party with being responsible for the payment of a fee of \$6000 to John Hall, of Portland, for collecting delinquent taxes, and the contract was made by George W. McBride, secretary of state. It is true that Mr. McBride made a contract for and on behalf of the state to pay Mr. Hall 10 per cent of all monies collected from the various counties for state taxes due the state, and George E. Chamberlain was attorney general at the time, advised Mr. McBride to make the contract and prepared the contract himself. The matter was presented to the ways and means committee in 1897, of which Mr. Custer of this city was a member, and it was rejected on the grounds that the secretary of state had no authority to make such a contract. The secretary of state acted upon the advice of Mr. Chamberlain and now he is seeking to blame the Republican party for following his advice. Such arguments, when explained, will not rebound to the advantage of Mr. Chamberlain's candidacy for governor.

SAVED FROM AN AWFUL FATE.

"Everybody said I had consumption," writes Mrs. A. M. Shields, of Chambersburg, Pa. "I was so low after six months of severe sickness, caused by Hay Fever and Asthma, that few thought I could get well, but I learned of the marvelous merit of Dr. King's New Discovery for Consumption, used it and was completely cured." For Desperate Lung and Throat Diseases it is the safest cure in the world, and is infallible for Coughs, Colds and Bronchial Affections. Guaranteed bottles 50c and \$1.00. Trial bottles free at Chas. VIRULENT CANCER CURED.

Startling proof of a wonderful advance in medicine is given by druggist G. W. Roberts of Elizabeth, W. Va. An old man there had long suffered with what good doctors pronounced incurable cancer. They believed his case hopeless until he used Electric Bitters and applied Bucken's Arnica Salve, which treatment completely cured him. When Electric Bitters are used to expel bilious, kidney and microbe poisons at the same time this salve exerts its matchless healing power, blood diseases, skin eruptions, ulcers and sores vanish. Bitters 50c, Salve 25c at Chas. Rogers'.

SSS SKIN DISEASES

The skin is provided with millions of little pores and glands invisible to the natural eye, yet through these tiny outlets the larger part of the deadly matter that daily collects in the body is carried off. But nature never intended that poisons of an irritating or acid character should be eliminated through the skin, the Liver and Kidneys being their natural outlets, and it is when these important organs fail to perform their functions that these acid poisons are absorbed into the blood and find their way to the surface of the body through the pores and glands of the skin, producing intense itching and burning, inflammation and swelling, and eruptions of every conceivable size, shape and character.

Skin Diseases differ greatly in their general characteristics and degrees of intensity. Red and angry looking spots break out upon some part of the body with a mass of small pustules or blisters, from which is discharged a clear or straw colored fluid, which dries and flakes off in bran-like particles and scales, or forms into hard and painful sores and scabs. The skin often hardens and dries, cracks and bleeds from the effects of the fiery acids, which the blood is continually throwing off. Pimples, black-heads and blotches are evidences of a too acid blood, which has inflamed and clogged the pores.

Skin Diseases being dependent upon the same causes require the same treatment, which must be constitutional and not external. Nothing applied locally to the inflamed surface can bring much relief. The disfiguring eruptions will continue to annoy and pain you in spite of soaps, washes or powders. There is no hope of getting rid of a skin disease except through the purification of the depreciated blood and neutralizing and filtering out of the circulation all poisonous substances and acids.

The purifying and tonic properties of S. S. S. soon manifest their influence in skin affections; the debilitated system is invigorated and toned up, and the gradual disappearance of the eruptions show that the polluted blood is being brought back to its natural purity and strength. Old chronic skin disorders, which have resisted all the ordinary methods of treatment, readily yield to the curative powers of S. S. S., and there is no reason why the long time sufferer should feel resigned to his fate under the mistaken idea that some skin diseases are incurable, for S. S. S. has cured and is still curing cases perhaps far more desperate than yours. S. S. S. is a purely vegetable remedy, containing no Potash, Arsenic or any of the poisonous drugs which constitute the basis of so many so-called skin cures.
