FISHERMEN OF CLATSOP COUNTY

The Democrats and Mongrels Are After You and Your Interests.

SAY FULTON WORKS FOR YOU

Will You Support Men For Office Who Fight Your Interests and Vote Against Your Friends?

The Democrats are distributing the following circular in Eastern Oregon against Senator Fulton because they claim he is too good a friend of Clatsop County and the fishermen of this section. Fishermen, read for yourselves! Should not this attack not make more votes for Mr. Fulton and the entire Republican ticket in Clatsop county. Fishermen, remember your friends and do not forget the mongrels who merely want your vote, and will then knife your interests and that of your county. Following is the infamous circular issued against Senator Fulton and you:

FULTON'S AMBITION.

"He Wants to Represent Clatsop County in U. S. Senate.

FULTON AND FURNISH ARE THE SAME.

"A Vote for Furnish is a Vote for Fulton and you.

To the Voters of Eastern Oregon:

"A vote for Furnish is a vote for his megaphone, C. W. Fulton, of Astoria, introduced by Chairman Lewis as the candidate of the Jack Matthews wing of the Republican party of Multnomah County, for the highest office in the gift of the people of the State of Oregon. Mr. Fulton, in all his public career, has never failed to vilify and attempt to destroy the property of up-river fishermen without compensation wherever the opportunity presented itself. At the session of the legislature of 1901, as senator from Clatsop county, he sought and attained the support of the senator representing Wasco county, and got his loyal support for president of the senate. When the Hume bill regulating fishing came up for passage in the senate, Mr. Fulton called Senator Joseph, of Multnomah, to the chair, and took the floor against his friend from Wasco, by whose aid he was made presiding officer and without whose aid he could not have succeeded to that chair, and made one of the most violent speeches against the upper-river fishing industry ever delivered on the floor of this or any other senate in the state's history.

"This man Fulton asks the people of Eastern Oregon to send representatives to Salem to make him U. S. senator. This man Fulton speaks for Mr. Furnish, and if Mr. Furnish is elected governor Mr. Fulton will expect his aid to accomplish his dastardly purposes. Mr. Fulton is the paid attorney of the Columbia River Packers' Association, commonly known as the 'Combine', to which not one wheel-man belongs, and who have sunk their pile in wheels at Rooster Rock and built a cannery to knock out up-river packers, which is now idle and a total failure. He is also the attorney for the Astoria & Portland railroad, which is a Harrison feeder.

"If Eastern Oregon expects favors from Mr. Fulton as United States senator they will get what the substance of his speech is as now circulated in Clatsop county, for votes to return him to the state senate, in several different languages so that the residents of Astoria, who cannot read the English language, can read it in their mother languages.

"Space will not permit giving Mr. Fulton's speech in full but here is a comment on it by the Astoria News:

"On the 20th day of February, 1901, the bill known as the 'Fish Bill' came up in the Oregon senate. The bill had passed the house already, and as it passed the house it simply provided for licenses on the Columbia river while it prohibited the use of traps and wheels in every other river and bay of any importance within the state. When the bill came up in the senate, Mr. Fulton offered an amendment prohibiting the use of traps and wheels in the Columbia river and tributaries after the year 1901, and in support of the amendment he delivered the speech printed below. So forcible was the speech that the amendment was adopted. The trap and wheel men then secured the adoption of an amendment providing for payment by the state for all traps and wheels required to be taken on. Mr. Fulton voted

against that amendment, but it was adopted, and that frightened a majority into voting against the bill and it was lost. As the bill prohibited traps and wheels on all other rivers and waters within the state, it was therefore a good start in the right direction and as it prohibited the taking of salmon less than 12 inches long, it was thought best by the friends of the fishing industry to let the amendments providing for paying for traps and abolishing traps both be struck out and the vote by which the bill was lost be reconsidered, and to that Mr. Fulton, finally consented, seeing that nothing could be then gained, and so the vote was reconsidered and the bill passed. His speech on that occasion, however, shows his position on traps and wheels, and he now stands pledged if re-elected to do all he can to enact a law abolishing traps and wheels, and such is the position of his associates on the legislative ticket, Mr. Carnahan and Mr. Scherneckau. Mr. Fulton's speech was taken down in shorthand at the time it was delivered, and was published the following Friday in the Astoria Evening News.

"Voters of Eastern Oregon, take warning of such a man in a public trust; pledge Mr. Furnish and every representative before you vote for a man who makes it his aim to destroy property because it lies outside of his county, and because a class of voters in his county are not interested, and he wants their votes.

"We need an open river, we need cheap water transportation for our vast products to the sea. Astoria's newspapers have at all times stood for Astoria, regardless of the interests of the balance of the state. You can always judge a city by its public press; Astoria papers continually vilify the Port of Portland, and if you expect a man from Astoria to champion your interests, you surely will be disappointed with the results you realize when too late. A vote that will aid the influence of C. W. Fulton as a public officer of this state is not 'hot air' but a hot east wind; every farmer in Eastern Oregon knows how he can fill his grain sacks with a hot wind in June.

"Vote to destroy this new ring that wants to get the state by the throat, and strangle every industry in the state that succeeded to live by the old ring.

"Do not alone vote for Chamberlain for governor, but vote the whole ticket and if these men do not make a fair showing we will, as Democrats, help you two years hence to elect men who you can nominate yourselves and are not the machine augers which our Mr. Murphy wants to fasten to the Democrats on the present ticket. Clean your counties and cities, then clean your state and after that clean out the gang that refuses to support your plain duty to the people of this country and Cuba! Mark Hanna will drop his ship subsidy bill and the whole gang will support Mr. Roosevelt as a president should be supported. We had to clean out the gang that refused to support Grover Cleveland to give to the people what he saw was right, and you have to clean out this gang or suffer defeat two years hence. Show these people you can vote the straight Democratic ticket from top to bottom; make this a doubtful state, and we will get what we want. F. A. SEUFERT, Chairman Democratic County Committee, for Wasco County."

ANOTHER EARTHQUAKE

DEVASTATION IN CENTRAL AMERICA.

Hundreds of Lives and Millions in Property Are Lost.

SAN FRANCISCO, May 31.—Later details of the earthquake in Guatemala only add to its horrors. Passengers arriving here on the steamer City of Sydney say they understood that 1400 dead were taken from the ruins of Quezaltenango. One man who was there and aided in the work of taking out the bodies says that over 1000 had been taken out when he left there on May 13, 25 days after the city had been destroyed. Reports of loss and damage on the coffee plantations are beginning to come in and they practically double the total reported from the towns. The estimated figures run into the millions.

Tapachula is a city of about 10,000 and the damage to the town is estimated at about \$200,000. San Marcos, a town near Quezaltenango, was also destroyed, with great loss of life. There were 140 prisoners in the jail and every man was killed, crushed and buried under the falling walls.

In Tuxtla Chico, a town of 2000 inhabitants, not a house was left standing.

HISSING IN THE SENATE

Spooner Condemned the Soldiers in the Philippine Islands.

SENATORS WERE INDIGNANT

Reduction of the Army, Infantry, Cavalry and Field Artillery Will Be Cut Down.

WASHINGTON, May 31.—Hissing in the senate is so unusual that when it occurred in the course of the Philippine debate today it created a sensation. Spooner was speaking and referred, incidentally, to a story that 1000 Filipinos had been put to death by American troops in trenches which they were compelled to dig. Lodge said the story had been denied by the father of the soldier who had started it and that the war department had cabled to General Chaffee to ascertain the facts. Carmack interrupted to say that no doubt the soldier would deny the story as all soldiers in the Philippines had been required to do. His remark was greeted with hisses from the galleries.

Spooner occupied nearly five hours in concluding his speech begun Thursday. He maintained that the United States could not leave the Philippines "like a coward," and abandon the people who had come under our protection, thus surrendering them to "tyranny and chaos." He did not believe in the admission of the Philippines to the Union as a state, but in the conduct of the islands nothingavoring of imperialism had been suggested except for party purposes.

WASHINGTON, May 31.—In the cavalry branch the new order establishes 12 troops of 85 men each. This will decrease the total strength of the cavalry regiments from 15,840 to 14,940.

In the artillery branch the coast artillery will be kept at the former strength but the field artillery will be reduced to 25 batteries of 120 men each. A provision is made for two siege batteries, each with a strength of 150 men, which will give the artillery corps a total enlisted strength of 1,742, as against 18,882.

The new order reduces the number of men in an infantry company from 104 to 80, and will now give a total infantry force of 22,580, instead of 28,520. The strength of the engineer branch remains as formerly, as does also the strength of the staff departments. It will be the plan of the war department hereafter to divide the army into thirds, having one-third of the entire establishment in the Philippines at all times and the two remaining thirds in the United States and elsewhere.

SEATTLE, May 31.—Mount Dedoubt, on the coast of Cooks Inlet, is again in active volcanic eruption. It belched forth great volumes of fire, brimstone and smoke on May 3. Advice received today from the North state that it was at its worst on the day named.

FATAL KNIFE DUELS

COLORED DUELISTS CHEER-ED BY CROWD.

CHICAGO, May 31.—Two colored men fought a duel to the death with knives last night at Twenty-second and Dearborn streets. As they slashed and pierced the weapons into each other's bodies, a crowd of more than 50 persons formed a circle around them and cheered the combatants when one or the other drove the knife to the hilt. After 15 minutes of fierce fighting Alexander Shirley staggered and fell with his adversary's weapon sticking in his body. The long blade had pierced his heart. He was dead when the police arrived. His slave, Charles Thomas, was bleeding from several wounds. The police hurried him to a hospital and after his wounds were dressed locked him up. He will be charged with murder.

Shirley came to Chicago from Mississippi. He met Thomas last Monday and having known him in the South, tried to borrow money from him. Thomas refused to give him assistance and they quarrelled. Before parting, Shirley, it is said, made the threat that when they met again, one or the other would die.

NEW YORK, May 31.—Three Italian ice peddlars engaged in a triangular duel with stiletos in the dark hallway of a tenement in East 115th street. Tony Avacato was stabbed twice in the breast and died on the way to the hospital. Luigi Lorigrippo was taken to the same hospital with many severe wounds and the police are looking for his brother.

ANOTHER.

According to the story told by Luigi his brother owed Avacato \$100 in a transaction growing out of the sale of an ice route for their push carts and they met for the first time in six months, when Avacato suggested they play a game of cards to decide whether the debt should be double or quits. They played in Lorigrippo's rooms and Lorigrippo lost. Then they went to the street, where they unarrested until they fought with their fists and then adjourned to the hallway, where they fought it out with knives with the result stated.

REPUBLICANS AND DEMOCRATS

Chairmen of State Central Committees Give Our Their Opinions.

A DIVERGENCE IN ESTIMATES

Portland, May 31.—On Monday next the electors of Oregon will vote for the full state ticket, two members of congress and the members of the state legislature which will elect the United States senator to succeed Joseph Simon.

Chairman W. F. Matthews, of the Republican state committee, tonight said:

"I am absolutely sure of the election of W. J. Furnish for governor. The majority on the state ticket will be in the neighborhood of 12,000, though that for governor will be considerably less. Congressman Thos. H. Tongue in the First district will be elected by an increased majority over that of two years ago, and J. W. Williamson, in the Second district, will have a very large majority. The legislature will be Republican by a safe majority."

Chairman Samuel White, of the Democratic state committee said:

"I confidently believe that George E. Chamberlain will be elected governor by not less than 5000 majority. From indications, it may be more. It looks like a landslide. The remainder of the state ticket will run well, majorities of which, owing to the fact that so much interest is taken in the head of the ticket, are hard to estimate with accuracy. That W. F. Uther will be elected to Congress from the Second district is beyond question. The returns on hand from the First congressional district, are not such that I can form any thing like a correct estimate."

FIGHTING INDIANS

DENVER, May 31.—A special to the News from Nogales, Ariz., says that an outbreak of Yaqui Indians has occurred. A fight took place 30 miles from Hermosillo, in which eight Yaquis were killed and two Mexicans. The Yaquis retreated in a southeasterly direction and another fight is expected. The affected Indians number about 400 and 100 are fighting men. These Indians have heretofore been peaceable. They are not hostile to Americans.

SULLIVAN AND CORBETT.

DENVER, May 31.—Articles have been signed for a fight between Dave Sullivan and Young Corbett to take place June 28. The men are to weigh in at 127 pounds at 7 o'clock in the afternoon. Five hundred dollars have been deposited by each as a forfeit and the Coliseum Club has deposited a \$10,000 amount as a guarantee that the fight will come off.
