STEADY VOTERS.

Every voter in Clatsop County and the State of Oregon has a responsible duty to perform tomorrow. The men are to be selected who are to manage the public affairs of state and county for the ensuing terms of office. If a mistake is made in such selections the voters are usually to blame. Campaigns are fraught with all kinds of strife, and men are often led through prejudice to vote against their own interests. A voter may often for much, and on this account, casts through personal prejudice against Chamberlain was going to sweep the a candidate, or through some preju- state. Mr. Ned Nelson, the celebrated Irish Comedian and Mimic, of 577 Royden Street, Camden, N. The men who are urging the fight are known, and outside of a few who have some imaginary grievance the old enemy may be recgnized behind every gun pointed at the Republican ticket. Personally, nothing can be said against the Republican ticket from bottom to top. A ote against Mr. Furnish is a vote against the interests of Clatsop Counto and the State of Oregon. The defeat of any candidate on the Repubtican county ticket is against the interests of Clatsop County. A vote newspaper published on the Columbia against the sematorial and legislative county Republican ticket of Clatsop County is one of the most serious mistakes that can be made. You have the most convincing evidence of this fact every day. Otherwise beautiful faces marred with black heads, blotches and pimples, muddy or sallow complexions, and red, rough or oily skins are some of the most common and conspicuous symptoms of bad blood.

You can hide these ugly and humiliating blemishes by glazing them over with face powders and rouge, and the rough and discolored skin is made white and smooth by a lavish use of cosmetics, but these artificial complexions and false skins only last for a day, when the eruptions and spots stand out as bare and brazen as ever. The natural beauty and smoothness of the skin cannot be permanently restored by the use of external applications, for the reason that these skin diseases are due to some poison or humor in the blood that must be antidoted and eliminated before the skin can or will return to a healthy state.

Under the purifying and tonic effects of S. S. Some are born-with bad blood, and it begins to tell in infancy; scrofulous affections, sore eyes, scalp diseases, nasal catarrh, stunted growth, brittle bones and soft, flabby muscles are some of the early manifestations of bad blood by inheritance. These symptoms, if neglected, may develop into some deep-seated and serious blood trouble later on in life, but the timely use of S. S. S. will check the disease in its incipiency, remove all taint from the circulation, and the little sufferers grow into healthy manhood and womanhood.

When the blood is healthy and pure it tells a
