ASTORIA'S LOCAL BAND. The local band, known as the Eagle Military band, should be a source of pride to the citizens of Astoria. Accustomed to good music they do not fully appreciate the merits of their local band. It is not until visitors call their attention to it that they think seriously of the matter. They just take it as a matter of course. The G. A. R. members, and other visitors at the time, the traveling men yesterday, in fact, on every occasion upon which the local band has turned out visitors to the city have remarked that Astoria possessed the best band in the Pacific Northwest. This is true. It has not an equal outside of San Francisco, and not a superior there. Every member of the band is a skilled musician, and they play well together, and for fine music they cannot be excelled. They have fine instruments, and have just lately received their new uniforms, which are the finest money could buy, and are equipped to furnish the city first-class music and to make a first-class show on any occasion during the summer.

They deserve the hearty support of the business men and public generally and should receive every encouragement to keep them together and keep up the high standard of music. Astoria's band is one of her most valuable institutions and it is well to sustain it at every opportunity.

They will, however, obtain temporary relief, and their old complaints will surely appear again when they are expected. The best way to recover your health is by strengthening and restoring the stomach to its normal condition by the use of Hostetter's Stomach Bitters. It is a positive cure for loss of appetite, nervousness, insomnia, indigestion, dyspepsia and malaria. Try it.
