

ATTEMPTED LYNCING

PRISONER CHARGED WITH ASSAULT UPON CHILD.

Has Spent Fourteen Years in Reformatories—Is Known as a Desperate Character.

VINCENNES, Ind., June 18.—Great excitement was occasioned early this morning by a mob on its way to the jail to secure possession of William Edson who has been in custody on the charge of assaulting 3-year-old Irma Pfohl, June 1. For several days there has been a talk of lynching among the irrispective element and it has been kept in subjection. Yesterday those who were the most outspoken quitted down and no further trouble was looked for, but early this morning a crowd of 50 of men and boys assembled, but without apparent leadership. The police were notified and the word was at once passed that an effort was about to be made to lynch Edson. To add to the excitement, some one turned in an alarm of fire. This was done, it is believed, to draw a large crowd to the streets to swell the mob on its way to the jail. Half an hour after the first alarm a second one was turned in but the police were on the lookout and nipped in the bud any tendency toward violence. The mob finally was dispersed no actual attempt was made to enter the jail. At 2:30 o'clock the police were on watch but believed no further demonstration would take place. Edson has spent 14 of his 47 years in the reform school and the feeling is very bitter against him.

TO ADD NEW OCCUPATION.

NEW YORK, June 18.—Basket weaving is to be introduced into the curriculum of the school for industrial training supported by the Presbyterian board in Sitka, Alaska. Sewing, dressmaking, cooking and domestic science already are well established branches of the school. Boys learn the trades of boat building, shoemaking, carpentry, etc. In addressing the Women's Board of Presbyterian Home Missions, now in session here, Dr. B. K. Wilbur, of Sitka, Alaska, contrasted the condition of the native Alaskans of Sitka when the United States government bought the territory 10 years before missionary work began there, and the present advancement of the people. He described the New Convent Legion, a society of Alaskans, who are pledged to marry according to Christian principals, to give up all feasts for the dead and to forsake Spanish. The organization has 80 members, many of whom were educated from the Sitka school. Eighteen model cottages were built in Sitka by the graduates, and are occupied by them and their families. Miss Dora Pisk, a missionary among the mountaineers of North Carolina, also addressed the meeting.

MISER DIES UNCAID FOR.

NEW YORK, June 18.—In the basement of No. 65 West Houston street, which was both his home and work-

shop, Camille Lemoine has been found dead. In his pockets \$18.75 and a gold watch and chain were found, and in a strong box were deeds to property estimated to be worth \$50,000, but he lived like a man in dire poverty and died uncared for and alone. A kitten that was his only companion lay beside the body of the miser. Lemoine was 57 years of age and was a clever mechanic and manufactured tools and dies used in the manufacture of artificial flowers. It was said he once served in the French army, but he never told much of his life even to his intimate friends, and he had few of these. He slept on a wretched bed in the rear of the little shop and ate sparingly at the cheapest restaurants. The police say he spent less than 15 cents a day for food. Most of the property to which deeds were found is in Hoboken. It is not known whether Lemoine has any relatives living, so the public administrator took charge of the money and papers and the body was sent to the morgue.

DR. YUNG WING LANDS.

HONOLULU, June 18.—The Chinese steamer in a moment over the landing of Dr. Yung Wing from the steamer "Calle" on Friday last. The physician is 71 years old, a graduate of Yale who resides in the north of a European. He wears a grey mustache and is believed to be an educated South American. It is evident that he needed the instructor of the gymnasium without a doubt of his visit to land, for he had "declared" on his baggage and paid \$7 on dutiable articles which it contained. While secure in his powers of naturalization to American citizenship, he went ashore, on one recognizing his Asiatic blood. He is now on his way to New Haven, Conn.

RULES TO GOVERN AWARDS.

ST. LOUIS, June 18.—Rules and regulations to govern the selection and work of the juries of award at the Exposition and the rules of the airship tournament have been adopted by the Exposition committee. A copy of the rules to control the actions of the juries of award was forwarded to President Carter of the national commission for the approval of that body, after which the scope of the juries will be promulgated. The rules governing the airship tournament were delivered to Director of Exhibits Skiff who will make them public in a few days. In connection with the airship tournament the committee decided to offer additional prizes to be given for motors for airships or dirigible balloons.

ATHLETIC UNION CONTEST.

NEW YORK, June 18.—Amateur athletic union swimming championships will be held this year under the auspices of the New York Athletic Club at Travers Island. In order to allow competitors to compete in all five championships the program will be distributed over three days—July 12 August 23, and October 4. July 12 the 220 yard and half mile amateur athletic union championships will be given; also a 110 yard handlean and a notice 110 yard. On August 23 the quarter mile and one mile National championships will be held; also a novice 110 yard and a 220 yard handlean. On October 4 the National 100 yard championship will end the Amateur Athletic Union contests.

GENERAL POLLACH WOUNDED.

BERLIN, June 18.—General Von Bockund Pollach, commanding a division of the German army has been seriously slashed by the lance of his own dragoons. The General's accident was a singular one. During the exercises the troops of General Von Bockund Pollach's command were charging across the field at Tisid in Prussia when the bugle suddenly sounded "about face." The General was immediately in the rear of the line of charging troopers and after they turned he was caught among the lances and wounded. The men did not know the General was following them. He was seriously wounded in the head and neck and was carried to a hospital.

TO RECOGNIZE ALFONSO.

LONDON, June 18.—A dispatch to the Daily Express from Madrid says that the Carlist chiefs will shortly meet at Barcelona and it is expected they will decide to recognize Alfonso as the lawful king of Spain and renounce further attempts to bring about an uprising.

WRECKED BY CYCLONE.

KURACHEE, India, June 18.—The high tides which accompanied the recent cyclone are abating. A number of warehouses and railroads were wrecked by the cyclone and the tides. Most of the crafts in the harbor at the time the storm broke were sunk. The Napier mole which connects the former island of Klamari with the mainland was practically destroyed.

WILL TAKE OATH OF REGENT.

COPENHAGEN, June 18.—Inasmuch as King Christian is at Wisshaden, Crown Prince Frederick and his brother, Prince Waldemar, will go to London to attend the coronation of King Edward. Prince Christian, the eldest son of the Crown Prince, will take the oath of regent next Thursday.

SMUGGLING INCREASED

SIX TURTLE SMACKS HAVE BEEN CAPTURED.

Only Two Revenue Cutters to Guard Two Thousand Miles.

NEW YORK, June 18.—The non-arrival of the United States Consul-General to Havana and the Consuls appointed to Matanzas, Cienfuegos and Santiago has resulted in seriously crippling commerce with the United States, says a Herald dispatch from Havana. Since the evacuation of the island by the United States forces piracy and smuggling along the Cuban coast has increased enormously. The collectors of a half a dozen ports are constantly requesting the assistance of revenue cutters. The chief offenders are smacks from Jamaica, Nassau and Barbadoes. There are only two cutters available to guard 2000 miles of coast line. Four others owned by the government are at present out of commission. Six smacks which were violating the turtle fishery laws have been captured. Many others are under surveillance and probably will be captured on the arrival of assistance. Several instances are reported of actual piracy. Many Cuban smacks have been overhauled and robbed of catches of fish, provisions, water, etc., by foreigners who evidently are under the impression that the withdrawal of the Americans left the Cubans an easy prey. It is possible that examples will be made of those captured.

It has been suggested by custom officials that the cutter service be abolished as a means of economizing, but the revolution in the last 48 hours have demonstrated the absolute necessity of continuing the service if not increasing it. Many diplomatic questions already have arisen, and the time of the United States Minister is fully occupied therewith, notwithstanding the fact that he is compelled to devote much time to American indigents of all parts of the island who are seeking aid or transportation to the United States, and the grievances of others.

AMERICA TO HAVE CREDIT.

LONDON, June 18.—A cable from Peking the correspondent there of the Times says he thinks the attitude of the British Minister to China, Sir Ernest Satow, to have been partly blame for the failure to arrange the return of the control of the native city of Tien Tsin to Chinese administration. The correspondent says also that the Viceroy of Chi Li Province is now looking to the United States for assistance and that America will therefore gain the credit which Great Britain is ready to lose.

AUTOMOBILES MEET.

NEW YORK, June 18.—Prominent automobilists, bicyclists and good roads crusaders have formed a national alliance to promote the building of a short cut highway from New York to Chicago which will reduce the distance of the present roundabout road between the metropolitan cities of the East and West from 987 to 550 miles. At a meeting held in this city the New York and Chicago Road Association was organized. Its formation is the result of six months negotiation and correspondence among members of various bodies interested in highway improvement. Officers of the new body were elected as follows: Col. Albert A. Pope, Boston, president; John R. Uihle, New York, who is president of the Highway Alliance, vice-president; W. L. Dickinson, Springfield, Mass., secretary; and A. H. Batty, New York, treasurer. It is estimated that fully 400 miles of the proposed route already has been equipped with good roads. The scheme is to connect those highways by new ones to be built by the states, counties and municipalities on the line of the proposed highway. Local organizations will be formed which backed by the national association will be relied upon to secure the building

of the connection links that will complete the through direct line. It is intended that the road shall begin at Fort Lee and run through New York state by way of Newburg, Binghamton, Corning, Olean and Jamestown to Conneaut, O., on Lake Erie. In Ohio it will pass through Cleveland, Elyra, and Sandusky, thence through Indiana by way of South Bend and Hammond to Chicago. A convention in the interest of the project is to be held at Atlantic City, July 18.

TO HEAR ARGUMENT.

ST. PETERSBURG, June 18.—The Dutch Jurisconsult, Dr. Asses, a member of the permanent arbitration court at the Hague, who was appointed arbitrator in the matter of claims for the damage done by the United States against Russia on account of the seizure of American sailing and whaling vessels off the Siberian coast, will begin to hear arguments in the case June 27.

TO HELP BOER FAMILIES.

LONDON, June 18.—In a dispatch from Brussels the correspondent of the Daily Express says Mr. Reitz, former State Secretary of the Transvaal, and General Lucas Meyer, propose making a tour of the United States to collect money for poor Boer families.

M. M. TABOR DEAD.

NEW YORK, June 18.—Guatemala dispatches state that Manuel Morales Tabor, vice-president of the Republic, died Monday at noon, cables the Panama correspondent of the Herald. The cause of his death is not stated.

WILL COME BACK.

BERLIN, June 18.—The Boer General Louis Botha is coming to Dresden, where his family has taken refuge for the purpose of taking them back to South Africa.

EIGHTY MILES AN HOUR.

BERLIN, June 18.—The administration of Prussian railroads has ordered two locomotives of especial construction which are to be capable of running 80 miles an hour for the purpose of conducting high speed experiments.

NEARLY DIED OF STARVATION.

A young man in one of our large cities was recently found in an unconscious condition, and upon examination it was found that he was dying of starvation. Food was given in small quantities and in a few days the patient recovered. There are many other people starving themselves because they are afraid to eat good substantial food. Their stomachs are weak and cannot therefore digest it properly. Consequently the patient loses flesh and the blood and nerves become impoverished. A few doses of Hostetter's Stomach Bitters will restore the stomach to its normal condition and cure headache, indigestion, dyspepsia, flatulency, constipation and biliousness. It is the best stomach strengthener and health builder in existence. Try it and see for yourself.

PERSONAL MENTION.

L. S. Dennis, Jr., of Portland, is in town. A. R. Carruthers went to Portland yesterday. Judge Alfred P. Sears, Jr., of Portland, is in the city. P. E. Gray, of San Francisco, is registered at the Occident. Mr. and Mrs. A. W. Arnold, of La Grande, are visiting in Astoria. Mrs. F. P. Newell, of Portland, is in the city, a guest at the Occident. Mr. and Mrs. J. W. Lemke were in the city yesterday from their home at Svensen. Mayor Sprentzen left last evening for Vancouver and Spokane, to be gone for a week. Mrs. R. G. Prael, accompanied by her son, Master Albert, is spending the week at Knappton. Miss Mary Brown, field worker of the Deaconess Home at Spokane, has been visiting in the city for a few days. Mr. A. L. Ross, formerly of Astoria,

EIGHT POUNDS!

Eight pounds of love and laughter, of smiles and sunshine—? Many a mother can fill up the blank out of her experience of puny, wailing children, whose coming brought no gladness to the home. Women who have used Dr. Pierce's Favorite Prescription as a pre-natal preparation know that it makes all the difference between a happy, healthy motherhood and a motherhood of murmuring and misery. And they know also, that happy, healthy mothers have happy, healthy children. "Favorite Prescription" strengthens the whole body for the strain of motherhood. It practically does away with the pains of childbirth, gives the mother abundant vitality and enables her to nurse and nourish a healthy child. The "Favorite Prescription" contains no alcohol, neither opium, cocaine, chloral nor any other narcotic. "I am mother of six children," writes Mrs. C. A. Briggs, of Millwood, Douglas Co., Oregon, "and always took three or four bottles of 'Favorite Prescription' before confinement and never suffered any to speak of; had no after pains; my babies were large—they all weighed more than eight pounds, and I am not a large woman; weigh about 125 pounds. I have had some stomach trouble, but a few doses of 'Golden Medical Discovery' would set me all right. I am hardly ever without your medicines. They are all the medicine one needs, if taken in time, to keep one in perfect health. 'I feel that I owe my little boy's life to Dr. Pierce's Golden Medical Discovery, as he had convulsions, and everything he ate would bring them on. I commenced to give him the 'Golden Medical Discovery' in ten drop doses three times a day. Now he is just as healthy a child as can be found and he grows like a weed." Dr. Pierce's Pleasant Pellets are the best laxative for women.

but lately living in Colorado and Nevada, has removed to Vancouver, Washington. Miss Lou Hunter came over from Duwac yesterday afternoon and left for Portland, there to attend commencement exercises. W. N. Jones arrived home last evening from Madison, Wis., where he is taking a course in civil engineering, to spend his vacation. Charles H. Abernethy returned home yesterday from Madison, Wis., where he is attending the state university. He will remain here during vacation.

SUITS OUR CLIMATE. The rapidly increasing use of shingles as covering for the walls of buildings, both to keep out the weather and for ornamental purposes, makes a great demand for a shingle stain which preserves the wood, prevents moss, and retains a fresh, handsome appearance. Particularly in such the case in damp climates. The need is well met in a perfect article made right here in Astoria. Cutbirt's Creosote Shingle Stains are penetrative, preservative, handsome and durable. They are put up in eight colors and every package guaranteed.

CONVICTS HEALED FROM. J. V. Baris received a telephone message yesterday from Merrill and Tracy, asking him to have a supply of his famous La Imperial cigars ready for them when they arrive in Astoria.
