SENATORS ON RECIPROCI-
TY

Adjourn Without Action Upon It, by
Call of Chairman Allison.

WASHINGTON, June 20.—Republi-
can senators had another conference
on the subject of Cuban reciprocity
and, after three hours discussion, they
adjourned subject to the call of Chair-
man Allison without action. Almost
all the Republican senators are in the
city at present.

Senator Lodge dwelt with several
phases of the importance of having
Republican senators stand together at
this most critical period of the party's
history. Much of our prestige and fu-
ture national standing, he said, might
depend on the steps now taken for all
the world is watching with interest
our treatment of the Cuban people.
He declared that if the reciprocity
with Cuba was not secured now, it
would be at a later day.

TRACY AND MERRILL REST.

Have Not Been Seen—Pursuers Are
Awaiting New Clues.

VANCOUVER, Wash., June 20.—It
is the same old story; Outlaws Tracy
and Merrill have disappeared. After
a diligent, though futile search for the
past 24 hours we have again given up
the search at least until we get an-
other clue.

This was the report of Sheriff Marsh
this evening in answer to the inquiries
regarding the result of the last sortie
after the escaped convicts. The sheriff
and the entire posse which joined
in the search yesterday, except three
or four trusty men left, kept a close
watch in the neighborhood for a fresh
clue, returning here tonight. The
posse, including Guard Carson and the
bloodhounds, will rest here until the
outlaws again disclose their where-
abouts.

FOUND GUILTY OF CONTEMPT.

NOME, Alaska, June 10, via Seattle,
June 20.—Sentence will be passed to-
morrow upon United States Marshal
Frank H. Richards and City Council-
man Joseph D. Jourden, a prominent
saloon keeper of this city, who were
found guilty of contempt by Judge

Wickersham last week. While no one
knows what the sentence will be, gen-
eral impression is that they will get
the limit, which is six months in jail
and a \$300 fine. Richards and Jour-
den were arrested May 29, upon a cita-
tion issued by Judge Wickersham on
the filing of affidavits by John L. Mc-
Ginn, assistant district attorney,
charging them with conspiracy and
willful attempt on the part of Jour-
den to obstruct the trial in the case
of United States vs. Joseph H. Wright,
whose trial and acquittal took place
in April. There are five charges set
up in the complaint, the court find-
ing defendants guilty of all. The ar-
rest of Marshal Richards and Jourden
caused a great sensation.

GREAT FLOOD IN MARTINIQUE.
Thirty Houses Are Swept Away—Mont
Pele Still Causing Damage.

FOR DE FRANCE, June 20.—The
river which flows by Basse Pointe has
risen suddenly four times since Wed-
nesday and as a result 30 houses have
been carried out to sea. The first
flood was signaled by the appearance
in the valley of the river of a
torrent of muddy water 40 metres
wide and five high, which advanced
with frightful rapidity. During all of
yesterday afternoon clouds of smoke
issued from the crater at the head
of the river. The river itself has
been rushing downward with such
violence that its banks have been
carried away. The river has now
taken a new course. One of the
chasms resulting from the volcanic
eruption which rendered access to the
head of the river impossible, is now
filled up with volcanic matter and
it is possible to cross the chasm on
the newly thrown up material.

Torrential rains are falling in the
northern part of the island. Mont Pele
continues to emit a thick column
of cinders which the wind blows to
the north. Last Wednesday several
French newspaper reporters, who were
exploring Le Precheur were surprised
while there by an eruption of Mont
Pele. The atmosphere was charged
with electricity to a remarkable de-
gree.

Thick clouds of vapor are rising
from the crevasses along the entire
northern coast. It is said that the
water of several rivers on the island
is boiling hot.

EMPRESS ATTENDED KOMMERZ.

This Unprecedented Honor Is Bestow-
ed Upon the City of Bonn.

BERLIN, June 20.—At the kongress
of the Borussia students corps which
was held at Bonn, Emperor William
who was present, referred in a speech
to the Empress of Germany who wit-
nessed the kongmerz from the gallery
of the building. Alluding to the pres-
ence of his wife, the emperor said:
"The chronicles record that when
our forefathers met in tournaments it
was perfectly natural that the circle
of ladies should witness their deeds,
and with pride the victor received the
wreaths presented by a lovely hand.
It was thus also at Wartburg when
they seized the harp and lyre and sang
in competition. Never before, so long
as the history of the German univer-
sities has been written has any uni-
versity received such an honor as is
conferred today upon that of Bonn.
In company with the beauty of Bonn
and surrounded by ladies of princely
rank, Her Majesty the Empress, the
first princess of the land, has appeared
at a student's kongmerz. This unpre-
cedented honor has been accorded to
the city of Bonn and to the Borussia,
a student's corps. I hope and expect
that all the young members of the Bo-
russia corps upon whom the eye of the
empress has rested today have re-
ceived an inspiration for the rest of
their lives. I call for a strong sal-
amander for her majesty. Hurrah."

TO BE REORGANIZED.

NEW YORK, June 20.—It is planned
to put the Distilling Company of
America through a process of reorgani-
zation, says the Herald. If the
plans now formulated are a success,
there will be a large reduction in se-
curities of the company. The present
capitalization of the Distilling Com-
pany of America consists of \$31,250,000
of preferred stock and \$46,427,000 of
common stock. All of this it is pro-
posed, shall be retired and scaled down
in a new issue of stock amounting to
\$32,000,000. Plans are also arranged
for the refunding of the present bond-
ed indebtedness of the company. The
total bond issue proposed is \$16,000,000.

TRANSPORT HANCOCK ARRIVES.

SAN FRANCISCO, June 20.—United
States transport Hancock arrived here

ies of the famous Ninth infantry, be-
sides 400 enlisted men, 300 casual, and

IS MURDERED AND ROBBED

Louis Baigus Dies at Hands of
Thugs—Body Found This
Morning.

NOTE BOOK IDENTIFIES HIM

Was Seen in Company With a
Negro at Late Hour—Both
Were Intoxicated—Ne-
gro is Missing

PORTLAND, June 20.—The dead
body of Louis Baigus, a middle-aged
man, employed as a driller by the O.
R. & N. Co., was found jammed be-
tween some old boxes back of the
Willamette Iron Works at the corner
of Third and Gisan streets this morn-
ing. The man had been murdered and
robbed, of at least the circumstances
would seem to bear out this theory.
The police think he was either sand-
bagged or drugged, and then relieved
of his watch and money.

It was a few minutes before 7 o'clock
this morning when Charles Wagner,
of 554 Railroad street, Albina, discov-
ered the body. Wagner is employed
by the Union Meat Company, which
occupies quarters next door to the
iron works. There is a driveway back
of the iron works, from Third to
Fourth streets. North of the drive-
way is a yard where the company
stores its old boxes, frames and dis-
carded machinery.

The road is very sandy, and as Wag-
ner walked along he noticed a track
extending from the driveway to the
boxes, as if some heavy thing had
been dragged through the dirt. He
followed the track and came upon the
body of a man, almost hidden from
view between two large wooden
frames. Thinking the man was drunk,
Wagner shook the form, whereupon he
discovered that the man was dead.

About this time Grover Sundt, of
334 East Elght street, came along and
Wagner called to him. The two men
threw some boards over the track to
keep it from being obliterated, and
then went after Policeman Slover, who
was on duty at the Union depot. This
officer and Detective Cordano were
soon on the scene, and a little later
the coroner arrived.

There was no outward indications
that the man had been foully dealt
with. Not a single abrasion or so
much as a scratch could be found on
any part of his body. The neck and
throat, however, were discolored.

The dead man was about 45 years
old.

Two feet from the hat was found a
dirty handkerchief, and near the
handkerchief was a memorandum
book. In the book was a flashlight
photograph of the interior of Blazer's
saloon. Several German names were
written in the book, the name of L.
Bareus appearing in the front and on
the back, which leads the police to be-
lieve that Bareus is the name of the
dead man. There were no addresses
given under any of the names, the
other two most legible ones being Au-
gust Schrymer and N. May Soder-
stedt.

The man's vest was unbuttoned and
his pockets were turned inside out.
He had unquestionably been robbed.
A slip of paper from the Oregon Em-
ployment Company, found in his pocket,
showed that he had secured work
from this concern yesterday as a drill-
er at tunnel No. 1 on the O. R. & N.
road, for which services he was to re-
ceive \$2.25 per day. The slip was
made out to L. Bareus, which was
probably the agent's way of spelling
the name Baigus.

As is usually the case, there were
all sorts of rumors rife in the North
End as to how the man came by his
death.

G. Paulson says Baigus left the
Guttenberg saloon in company with a
negro whom he did not know, at
10 o'clock last night. Nobody has
been found who saw the two men af-
ter that. The police suspect a colored
man who has a bad reputation in the
North End, and are searching for him.

STEWART AND LARSEN GUILTY.

Jury Remains Out for Five Hours—
No Testimony Introduced by the
Defendant.

SEATTLE, June 20.—After five
hours deliberation the jury in the con-
spiracy case against Dr. James G.
Stewart and O. V. Lawson, last night
returned a verdict of guilty as charged.
The forenoon was consumed by argu-
ments of counsel first upon the motion

to dismiss up on the state cases.
After the motion had been denied by
the court, the entire argument was
repeated to the jury. No testimony
was introduced by the defendants.
Judge Griffin's instructions to the
jury was considered by the attorneys
for both prosecution and defense
to be strongly favorable to the state.
Stewart, through J. Fred Braid, of-
fered to sell Lawson a copy of answers
to the state medical examination last
January. Lawson gave \$1000 for the
answers, but they proved to be wrong
ones and the conspiracy was discov-
ered.

ARBITRATION IS TRIED.
Committee Appointed to Consult With
Millowners and Strikers.

NEW YORK, June 20.—The Italian
chamber of commerce of this city has
decided to try to arbitrate the differ-
ences between the striking silk work-
ers of Paterson and their employers.
At a secret meeting of that organiza-
tion many of the members of which are
silk importers, whose business is af-
fected, a committee of four was ap-
pointed to visit Paterson today and
confer with the city officials, the
strikers and the millowners and to of-
fer to act as arbitrators.

RUBE NO LONGER A MEMBER.

SAN FRANCISCO, June 20.—The
Chronicle says:
George Edward (Rube) Waddell is
no longer a member of the Los An-
geles team, although the fact will be
news to Manager Morley. He boarded
the Santa Fe limited last night with
a first-class ticket and \$200 advance
money from the Philadelphia Ameri-
can League Club in his pocket, with-
out the formality of bidding good-bye
to his employers.

APPEALS TO SUPREME COURT.

TOPEKA, Kas., June 20.—William
Grubb, a Harper county man, who said
he was glad Czolgosz shot McKinley,
today appealed his damage suit to the
supreme court. When Grubb made
the remark referred to, Robert Elder
and a dozen or more men chased him
out the country. He returned and
sued them for \$10,000 damages. The
jury in the district court in Harper
county gave the verdict to the defend-
ant.

TERRIBLE FIRE FIERCELY RAGING

Many Lives Are Reported to Have
Been Lost—Miles of
Timber Burned.

GREAT DAMAGE IS DONE

Destruction of Flume Cuts Off
Water Supply and Inhab-
itants Are Helpless if
Wind Again Rises.

TACOMA, June 20.—A special to
the Ledger from Buckley says:

Fire started at 2 o'clock this morn-
ing at Mountain Mill two miles from
the town, and after destroying all the
mill property and the cars belonging
to the Northern Pacific, which were
standing on the siding, it spread to
the woods. The residence of J. Van
Raseler, on the outskirts of Buckley,
was destroyed. The Tacoma fire de-
partment sent a supply of hose and as
the wind abated the flames were
soon stopped and at present the city is
out of danger.

There are two fires raging through
the heavy timber on the mountain
side. One started at Mountain Mill
and the other in the Green river coun-
try. The former spread to Emucelaw
and the village had a narrow escape.
The Hanson Brothers' mill with all
their lumber was burned and one mile
of flume destroyed by fire. The de-
struction of the flume cut off the
supply of water and in case the wind
rises and carries the fire toward the
town again the inhabitants are prac-
tically helpless. Many farm houses
are supposed to have been in the
track of the fire and destroyed. The
Page Lumber Company's camp at
Eagle Gorge was destroyed. Every
camp in the Green river district is
reported to be either destroyed or
threatened with destruction. Kang-
ley's shingle mill, which is located one
mile from the Kangley, is destroyed.
The fire is raging in the vicinity of
Palmer. In the vicinity of Barnston
the fierce flames are rapidly eating
their way through the heavy growth
of timber, while the river mills, three
miles from Emucelaw and all the
property has been destroyed. Em-
ployees from Page's mill camp and
Eagle Gorge arrived here at 9 o'clock
and tell a thrilling story of their es-
cape. The fire struck the camp at
noon today, descending upon it in
roaring sheets of flame. A narrow
path to safety was found and men,
women and children to the number of
20 hurried through it. Three men fear-
ed to try to pass and made their es-
cape by wading through the river. It
is reported that seven men from
the Smith camp on Cedar river, which
was burned, are missing, but the re-
port cannot be verified.

WHATCOM, Wash., June 20.—Forest
fires are raging a few miles south of
this city and are reported as having
already destroyed one logging camp
and to be threatening others. They
are being driven by a breeze from the
north.

FOREST FIRES IN COLORADO.

SALIDA, Colo., June 20.—Forest fires
in the vicinity of Mount Ouray, south-
east of this city, have swept up one
gulch and down another, burning miles
and miles of valuable timber.
