

ARE THEY THE CONVICTS

ADMIRAL DEWEY SPEAKS CONCERNING MANILA.

Two Women Are Burned While Filling Alcohol Lamp—One Dies From Injuries.

SALT LAKE, June 25.—Two men believed to have been Tracy and Merrill, the convicts who recently escaped from the Oregon penitentiary, yesterday afternoon applied for work at the Bingham Copper and Gold Smelting Company's smelter, at Bingham Junction, 10 miles south of Salt Lake.

DEWEY'S HISTORY OF MANILA.

WASHINGTON, June 26.—Admiral Dewey made a statement before the senate committee on the Philippines today concerning the early operations at Manila when he was in command of the American naval forces in Philippine waters. The admiral's statement contributed an important addition to the history of the surrender of the city of Manila. This consisted of the positive statement to the effect that the city had surrendered to him at the time the Spanish fleet was sunk, and that when the city did surrender it was in the pursuance of a definite understanding between himself and the Spanish governor-general.

When Senator Lodge asked the admiral: "Did you recognize the Filipino republic?" he replied: "I did not; I never gave it the slightest recognition. I had no authority to do so, and, besides, I did not consider it an organized government. I sent word to Aguinaldo that he must treat his prisoners kindly and he replied that he would."

"What would have been the effect of permitting the Filipinos to enter Manila when our troops entered?" "The Spaniards were very fearful of the result of such a course and therefore surrendered to me in advance. That was all arranged and there was no need for the loss of a man in the capture of the city. It was to be done at a signal and no gun need have been fired by us but for the desire of the governor-general who said that his honor demanded that a few shots be fired."

YALE AND HARVARD RACES. President Roosevelt Attended Races—Estimated 25,000 People Were Present.

NEW LONDON, Conn., June 25.—Rowing within 10 seconds of the time the Yale varsity crew this afternoon lowered the colors of the fastest eight that Harvard has yet produced. Yale won by four boat-lengths. Yale's time was 20:20 Harvard, 20:33.

THIRTY-FIVE THOUSAND PEOPLE SAW ELLIS ROW TO VICTORY IN THE BIG VARSITY RACE, but while the crowd was great, it was the presence of President Roosevelt which made the crowd unique in history of Yale and Harvard races.

INSURANCE ON KING'S LIFE. NEW YORK, June 26.—Premiums demanded at Lloyd's for insuring King Edward's life are very high, says a Herald dispatch from London. The figure quoted for insurance to the end of the current month is about \$160 for \$500 while for policies covering a risk until the end of July about \$24 per \$500 is asked.

SUSPEND BUSINESS IN RESPECT. NEW YORK, June 26.—In response to a petition of members the governors of the stock exchange have voted to suspend business on Saturday, July 5. The governors have also forwarded a message to the London stock exchange tendering their sympathy for the stricken king.

BISHOP'S SON WEDS ACTRESS. NEW YORK, June 26.—Harvey Wilson Bell, son of Bishop Bell, of North Carolina, and Irene Perry, an actress, have just been married, according to a Boston special to the Herald. The ceremony was performed, it is stated, in St. Andrew's church by the Rev. Dr. Kelder in the presence of a few friends.

MILITIA NO LONGER NEEDED. PAWTUCKET, R. I., June 26.—The militia ordered here two weeks ago to suppress riots brought about in connection with the street employes strike, has been relieved from further duty and the cars are again in operation.

DEGREE OF DOCTOR OF LAWS. MIDDLETOWN, Conn., June 26.—Wesleyan University has conferred the honorary degree of doctor of laws upon Edward J. James, president of Northwestern university.

HAGERTY DEFEATS DECOURSEY. PORTLAND, June 26.—Tim Hagerty tonight knocked out Billy Decoursey in the ninth round.

of the Herald, whether when His Majesty recovers sufficiently to bear the fatigues of the coronation ceremony preparations whether it will be made on so elaborate a scale as has just been the case. It is pointed out that owners of stands and tradesmen of all descriptions have been so severely hit by the postponement of the coronation ceremonies that they will be likely to evince some hesitation in making preparations on a large scale again. There really is not the slightest necessity for the king to be crowned at all. It is quite conceivable that his majesty will decide to forego the coronation ceremonies. No definite information can be given at the moment, but such an abandonment has received some consideration. Inside Westminster Abbey everything remains for the present in the condition in which it was prepared. The abbey has been locked up and it will be kept closed in its present condition. No one beyond those immediately concerned will be admitted. The Grand Duke Michael of Russia and some foreign princes who are related to the royal family were to have left for the continent yesterday, but received messages from the Prince of Wales asking them to defer their departure for a few days. It is possible to place two constructions upon this request, one of which is that the king's recovery is expected to begin immediately. The gala performance at the opera set for next Monday night has been given up.

"The command comes from Lord Chamberlain," said Lord Forsythe, the manager of the Royal opera house. "Every seat and box engaged for Monday night alone amounts to, well, over \$100,000. The cheaper seats in the house were gulped seats in the gallery, all of which were taken weeks ago."

NEW YORK, June 26.—This week's issue of the Independent will contain the following poem by Alfred Austin, Poet Laureate of England, entitled "The Crowning of Kingship."

What do we crown and celebrate to-day?
Kingship and Empire throne on peaceful power;
Since to be weak is to endure the sway
Of every threatening hour.

Kingship, symbolic of a people's will,
Themselves born kindly, sovereigns of the sea,
And, like the sea, let whoso tempest shrill,
One, world-wide, feared and free.

For 'tis not crown nor sceptre men reverse,
But the majestic mind and regal soul
That amid flashing clamors serve to steer
A realm unto its goal.

Kings who, than wise counselors yet more wise,
Because of the calm height wherefrom
They scan
The orbit of their Empire, can surmise
God's destiny for Man.

Who honor worth and genius, and
Their Kingship with nothing base or mean,
And, at their side, one tender soul
As fair,
A woman and a Queen.

Whom, themselves, simple, splendid
Share the stars the stars the seasons
Prethold can bless the poets celebrate,
With conscience clean and clear,
Whom neither pomp nor pain can befoul,
To stir the scutcheon of their ancient line,
Transmitters of a race whose right to rule,
Shall seem and be divine.

So may a throne knit people long
While crown
Kingship and Kings, who, as the ages run,
Heirs to Victoria's virtues, hand
From sire to son and son.

BIDS WILL BE RECEIVED BY THE COUNTY COURT OF CLATSOP COUNTY, OREGON, UNTIL FRIDAY, JUNE 27, 1902, AT 2 O'CLOCK, P. M., FOR THE CONSTRUCTION OF AN 89 FOOT SPAN BRIDGE 12 FEET WIDE, ACROSS THE NEGANUM RIVER IN SECTION 24, TOWNSHIP 5 NORTH, RANGE 6 WEST, IN CLATSOP COUNTY, OREGON. Said bridge to be constructed on a site about one mile east of Carl Johnson's place, where the county road from Seaside crosses the said Neganum river.

BIDDERS WILL PRESENT PLANS AND SPECIFICATIONS FOR SAID WORK, TOGETHER WITH A CERTIFIED CHECK FOR 10 PER CENT OF THE AMOUNT OF THEIR BIDS, OR A GOOD AND SUFFICIENT BOND, AS A GUARANTEE, THAT THEY WILL CONSTRUCT THE SAID BRIDGE PROVIDED THEY ARE AWARDED THE CONTRACT.

PREFERENCE WILL BE GIVEN TO BIDDERS WHO USE THE OLD IRON WHICH WAS FORMERLY IN THE BRIDGE ACROSS O'HANNA CREEK NEAR LEIGH'S PLACE. The court reserves the right to reject any and all bids.

A WRECK IN COLORADO

ENGINEER AND FIREMAN ARE KILLED.

Caused by Collision With Several Cars Which Ran Down the Grade.

PUEBLO, Col., June 26.—A fearful wreck occurred in the Salt Creek suburb of this city after midnight this morning. A train of 21 freight cars was wrecked on the Colorado Southern Railway bridge crossing the Arkansas river. Fourteen of the cars were piled up and the locomotive turned over several times and went into the river. The great weight of the heap of wreckage broke down the bridge and the mass went down into the stream. Engineer Burke and Fireman Mackey are at the bottom of the pile and undoubtedly dead.

TH WRECK WAS CAUSED BY COLLISION WITH SEVERAL CARS THAT RAN DOWN THE GRADE ON THE SOUTH SIDE AND MET THE TRAIN ON THE BRIDGE.

CATARRH

The treatment of Catarrh with antiseptic and astringent washes, lotions, salves, medicated tobacco and cigarettes or any external or local application, is just as senseless as would be kindling a fire on top of the pot to make it boil. True, these give temporary relief, but the cavities and passages of the head and the bronchial tubes soon fill up again with mucus.

Taking cold is the first step towards Catarrh, for it checks perspiration, and the poisonous acids and vapors which should pass off through the skin, are thrown back upon the mucous membrane or inner skin, producing inflammation and excessive flow of mucus, much of which is absorbed into the blood, and through the circulation reaches every part of the system, involving the Stomach, Kidneys and other parts of the body. When the disease assumes the dry form, the breath becomes exceedingly foul, blinding headaches are frequent, the eyes red, hearing affected and a constant ringing in the ears. No remedy that does not reach the polluted blood can cure Catarrh. S. S. S. expels from the circulation all offensive matter, and when rich, pure blood is again coursing through the body the mucous membranes become healthy and the skin active, all the disagreeable, painful symptoms disappear, and a permanent, thorough cure is effected. S. S. S. being a strictly vegetable blood purifier does not derange the Stomach and digestion, and the appetite and general health rapidly improve under its tonic effects. Write us about your case and get the best medical advice free. Book on blood and skin diseases sent on application.

POSSIBILITIES OF THE POSTAL SYSTEM.

Cheap Mail Facilities One of the Chief Factors in Our Prosperity and Progress.

"Common is the commonplace." The most valuable of civil benefits is such a commonplace matter, that we scarcely give it a thought. It would take a winter on a whaler nipped in an ice floe to make us truly appreciate of the worth of the postal service. What a wonderful thing it is! Wonderful in its organization, with its vast machinery for the collection and distribution of letters, its railway mail cars, its route riders, its unfailing order and precision of its methods. Wonderful it is too in its results. It knits together families widely separated. It carries across the sea some tender lover's message or perhaps a little flower plucked from the daisied grave of an English churchyard. Every hour of every day the mail bag is packed with words which awaken love and laughter, and words which deepen the furrow in the cheek and dim the failing sight with bitter tears.

But with all this there is going on through the mail service a dissemination of human knowledge, a reaching out of human help which is one of the crowning blessings of our century. The correspondence schools led by Chautauqua, are sending to every village and hamlet the broader knowledge which is so eagerly craved by many who are shut in to the homely duties of a humble life. Without the mail system this plan of education would be impracticable.

Every mail, too, carries from the great centers, the advice of great physicians, which it would be impossible for the distant public to obtain were it not for the mails. Few people realize how many thousands people depend on the mail service for medical treatment. Not long ago when some postal affairs were being discussed in connection with the erection of the new postoffice building in Buffalo, N. Y., some light was thrown on this subject by the statement that the mail by Dr. R. V. Pierce amounted daily to something over 1,500 pieces. Of course this is not a common case, because Dr. Pierce's relation as chief consulting physician to Buffalo's famous institution, The Invalids' Hotel and Surgical Institute, makes his advice and that of his staff of nearly a score of skillful and experienced specialists much sought after, especially by women, to the treatment and cure of whose special diseases Dr. Pierce has devoted over thirty years of almost constant labor. But though this example is out of the ordinary, it may serve as an evidence of the amazing benefits reaped by the public from the mail service. It puts every outlying hamlet in touch with the most advanced medical specialism of the day. It gives at a cost of a two-cent stamp the skill and experience that it has taken years to acquire. Literally at the cost of a two-cent stamp, since Dr. Pierce invites sick women to consult him by letter without charge. And this would seem to be one of the most remarkable services rendered by the postal system, perhaps the supreme service of all. For while it is a splendid thing to be able to shop in New York while living in Kansas, and a grand thing to be able to command the learning of great professors while working in the Michigan woods, it is a still grander thing that by means of this cheaply supplied service, men like Dr. Pierce, who have the disposition to be helpful, are enabled to take their skill and knowledge at the disposal of those who are being dragged down by disease, without the possibility of help from those about them. When one contemplates the vast and far reaching benefits of the mail service, so briefly touched upon in this article, it makes the familiar gray uniform of the postman the most glorious of all uniforms, for it is worn by the soldiers of the army of peace, whose help and knowledge at the disposal of those who are being dragged down by disease, without the possibility of help from those about them.
