What is left of the county court met yesterday afternoon, those present being Commissioner Peterson and County Clerk Wherry—rather a hot-tail court. Yesterday was the regular meeting day, but Judge Gray and Commissioner Peterson were not in the city, so adjournment was taken until Monday. On that day County Judge-elect Trenchard and Commissioner-elect Clarke will be sworn in, and the affairs of the county will be attended to.

The Oriental liner Indrapura arrived down the river yesterday with the smallest cargo ever taken by that vessel from this port. She brought a miscellaneous freight list, worth \$85,000. The Indrapura came down the river in six hours and 45 minutes, making the fastest trip from Portland ever made by one of the large ocean liners. She made an effort to get out yesterday afternoon, but was unable to do so, and is still in the lower harbor. She will probably put to sea this morning.

With characteristic enterprise, Herman Wise has arranged a Fourth of July display in his handsome show windows that for originality and attractiveness is seldom equaled. In the center of the window is a large picture of Washington, which is draped with the national colors. Hundreds of people were on the streets last night and all stopped to look at the decoration. Other big Commercial-street stores are also being attractively decorated, and the city will present a gala appearance on the Fourth.

The water commission has not yet decided to make the extensions to East and West Astoria asked by the Chamber of Commerce committee. The chamber desires to have the mains extended for the convenience of the people residing there. The water commissioners do not regard with favor the extension of the system into East Astoria, because of the expense attached, but the West End extension can be made for much less money. The commissioners will give the matter their attention and reach a conclusion before long.

The funeral of Arthur J. Blake, who was drowned in Portland on Monday last, will be held from Grace church today at 1:30 o'clock. Mr. Blake was a grandson of the late A. H. Sale, of Youngs River. All friends of the family are invited to attend the funeral.

"Beauty," Mrs. J. T. Ross' handsome bulldog, is the proud mother of six of the prettiest pups ever seen. The dogs are very well bred, both father and mother being of noted pedigree. "Beauty" took the first prize in the Portland dog show this year, and the pups promise to be equally as successful as prize-winners.

Take Points, which are Eastern oysters developed in Shoalwater bay, are unlike all others—good at any season of the year. They are fat and delicious. Crew-fish are now just in season and are excellent eating, as are crabs and all the other numerous delicacies served so skillfully at the Toké Point oyster house on Eleventh street.

At the last meeting of Astoria Central Labor Council a communication was received from the machinists' union suggesting that steps be taken to place labor tickets in the field at the city election to be held in December and also in future state elections. The recommendation received the favorable consideration of the council and arrangements will be made to enter the political arena.

On July 5th the A. & C. R. R. will resume its regular summer schedule, trains leaving Astoria for Seaside via Plavel and Port Stevens, at 8:15 a. m., 11:30 a. m. and 5:50 p. m. daily, and for Seaside direct at 11:35 a. m. daily. Beginning same date the evening train from Portland will leave Union depot at 7 p. m. daily, except Saturday, and the Portland-Seaside express will leave Portland every Saturday at 2:30 p. m., arriving at Astoria at 5:50 p. m.

The following committee has been appointed by President Carnahan, of the Push Club, to prepare a salmon dinner for the delegates to the National Dairy & Pure Food Association, who will be in Astoria, July 11 and 12. Martin Fowd, William Madison, P. A. Trullinger and Dr. H. L. Henderson. There will be about 80 or 100 delegates in the crowd and, as all have heard a great deal of Astoria, and particularly about the local fisheries, it is the intention to give them a right royal reception.

The steamers Bailey Gatzert and T. J. Potter managed to get through from Portland yesterday, but, according to the best advice obtainable, the night boats will not arrive down this morning. The engineers of practically all the river steamers have refused duty, and about 40 men are out. Captain Crang, of the Gatzert, lost his second assistant engineer yesterday and the departure of his boat was delayed until after 10 a. m., in consequence of which she did not arrive until 8 last night. At a conference between the engineers and the steamboat owners in Portland yesterday the situation was thoroughly discussed, but no agreement was arrived at. Infections are that the steamboat men will be compelled to grant the demands of the engineers, which are as follows: On the steamers Potter, Hasbald, Thompson, Oklahama, Lardine and Bailey Gatzert, chief engineers are to receive \$110 per month, and assistant engineers \$85 per month. On logboats, Willamette river boats, Columbia river boats and Snake river boats, chiefs to receive \$100 per month and assistants \$75 per month. On smaller boats, such as the Irada, Republic and America, engineers to receive \$60.

Herman Wise, who has been at Seaside for a few days, reports that the new salt water baths are about completed, and says they are sure to be a great attraction this summer. The building is a large, handsome structure, situated about 250 feet north of the new Grimes Hotel and facing the beach. There is a large swimming pool in the center, where the people can enjoy a delicious warm sea bath. There is also a gallery, from which spectators can watch the antics of the bathers. Some 40 private bath rooms have been built for the accommodation of those who desire to bathe by themselves. Then there are shower baths, dressing rooms and a large sitting room and every other accommodation for the comfort and convenience of guests. The management has arranged to have attendants on hand to teach beginners the art of swimming.

The Push Club met in regular session last night. Letters from J. B. Cochran, of Ripley, Tenn., and William Hanson, of Lake Linden, Mich., asking information about local business opportunities, were referred to Secretary Lyman for reply. Mr. Gaston, of the roads committee, reported that the Lewis and Clark road was being planked and that the county mill was cutting 11,000 or 12,000 feet of lumber daily. Mr. Gaston also stated that the grade of the Nehalem road within the city limits had been completed, with the exception of the bridge being constructed by John Chittwood. President Carnahan reported that he had talked with Mr. Malarkey, of the new sash and door factory, and that he was told the factory would commence work Monday night. The new edition of the booklet got up by the agricultural committee will be out in the course of two or three weeks.

The session of congress just closed accomplished much for Oregon and Washington. The river and harbor bill was not talked to death this time and the Columbia gets \$600,000 for immediate use and \$1,500,000 for continuing contracts. This money will increase the depth at the bar so that there will be no more delays to commerce. For rivers and harbors, Oregon, including the Columbia river, gets about \$2,583,000, and Washington over \$981,000. The Indian bill carried the necessary amount for continuing schools and agencies in both states, while minor appropriations were made in the sundry civil bill. The Portland postoffice is assured of \$200,000, and \$10,000 allowed will put the finishing touches on the custom house. Aside from appropriations Oregon has been exceedingly fortunate in local legislation, getting an Indian war pension bill, the Crater Lake National Park; authorization of the sale of Umatilla lands, and relief for Sherman county settlers, added from a number of private pension bills.

Persons who amuse themselves by shooting off fire-crackers are warned to be careful that they do not injure pedestrians. The practice of throwing crackers at passers-by is a very dangerous one, and a few years ago came near resulting in the death of a young lady, whose light dress caught fire from a cracker carelessly thrown by a Fourth of July enthusiast. Yesterday there was much promiscuous throwing of fireworks and the wonder is someone was not hurt. A firecracker will destroy the eyesight or cause other lamentable injury, and it is to be hoped the enthusiasts will exercise care while amusing themselves.

A brief session of the circuit court was held yesterday. Only two orders were handed down by Judge McBride, as follows: Reid, Murlock & Co. vs. the Alaska Fishermen's Packing Co.—plaintiff allowed 90 days in which to prepare and file a bill of exceptions. This suit is one for damages claimed by plaintiffs because of the alleged failure of the defendant to deliver a quantity of salmon at the time specified in the contract. The defendant corporation went out at the trial in the circuit court here. In the case of the United States vs. J. M. Bulger et al, a motion for a new trial was overruled and the defendant allowed 60 days in which to file a bill of exceptions.

By some peculiar combination of circumstances not yet explained by Weather Observer Johnson, the rainfall for the month of June was half an inch less than the average precipitation for that month. Mr. Johnson is very sorry that the deficit occurred and says he will see to it that it does not happen again. During June the rainfall was 2.50 inches, while the average is 3.25. Since September 1, 75.75 inches of rain has fallen, the excess over the average for the same period being 5.41 inches. The mean temperature just came up to average—67.5. The warmest day saw a thermometer of 86, while the lowest mark reached by the glass was 44. Of the 30 days, six were clear, 14 partly cloudy and 19 cloudy. Rain fell on 10 days.

The positions of the different organizations for the parade are announced as follows: United States troops will form on Bond, right resting on Eleventh. G. A. R. will form on Bond left resting on Eleventh. Eagles and float will form on Bond left resting on rear of G. A. R. Finnish Brotherhood will form on Bond right resting on Tenth. Other civic organizations will take position in order. Liberty car on Bond in rear of Eagles. All carriages on Tenth between Bond and Commercial. Foresters will form on Bond right resting on Ninth. Clerks and float will form on Bond left resting on Ninth. All other floats will form on Bond below Eighth. Fire department will form on Eleventh right resting on Bond. Chief of Police and Officers will form on Eleventh and Bond. Band will form on Eleventh and Bond.

J. H. O'CONNELL, Grand Marshal.

**THE BAND CONCERT.**  
What promises to be one of the most enjoyable features of the big celebration will be the band concert, to be given by the Eagle Military Band, under the leadership of G. M. Edwards. The concert will be held at the court-house pavilion between the hours of 7 and 8. The program will be as follows: March, "Chicago Tribune"; "Chamber's Overture"; "Post and Parade"; "Rhapsody"; "Hillean Dance"; "Manana"; "Misad Overture (Medley)"; "The Winner"; Vaudeville Dance; "Japonica"; "Stanford Solo (cornet)"; "Le Serenade"; Concert Gavotte; "Eugenia"; "Chamber's Star Spangled Banner."

**FOURTH OF JULY NOTES.**  
All visitors to the city on the Fourth will be returned to their homes by the free boats to be operated to most lower river points. The committee is looking after the city's guests and all will get back to their homes promptly at the time set.

The number of entries for the illuminated bicycle parade insures the unqualified success of that feature of the celebration. Cyclists who have not yet entered should do so at once. Fire Chief C. H. Stockton will have charge of the liberty car. H. L. Fletcher and L. E. Selig will fire the daylight, noon and sunset guns. Be careful not to throw firecrackers at anyone. You may put out his eye and feel like a lobster the rest of your life. Orafer Dolliver and his bodyguard will arrive in the city this afternoon. Don't pass any wooden nickels on them.

Will S. Gibson is down from Portland. W. H. Raymond, of Portland, is at the Occident. George S. Miller is registered at the Occident from Portland. Mrs. L. B. Tarley, of Gearhart, was shopping in the city yesterday. Mrs. S. Danziger, of San Francisco, is in the city on a visit to relatives. A. N. Smith returned last night to Portland, after a short business visit. W. E. Mallory, of Portland, was among yesterday's arrivals at the Occident. James B. Mullay, who had been in the city for a few days, returned to Portland last evening. Miss Clara Simpson returned yesterday from Knappa, where she spent several days with friends.

**PERSONAL MENTION.**

Will S. Gibson is down from Portland. W. H. Raymond, of Portland, is at the Occident. George S. Miller is registered at the Occident from Portland. Mrs. L. B. **OFFICIAL COUNT.**

Vote by Counties in Oregon on Initiative and Referendum Amendment.

I. F. I. Dunbar, secretary of state of the Oregon, pursuant to the provisions of an act of the legislative assembly entitled "An act submitting to the electors of the state of Oregon at the general election to be held on the first Monday in June, 1902, the pending proposed constitutional amendment," do hereby certify that the following is the result of the canvass of the vote of the various counties in this state upon the "Initiative and Referendum Amendment," submitted at the general election June 24, 1902, as shown by the abstract of votes cast in each county at said election upon said amendment, as certified to me by each county clerk in this state, to-wit:

County.	Yes.	No.	Electors Voting.
