AN OLD SORE

Will sour the sweetest disposition and transform the most even tempered, lovable nature into a cross-grained and irritable individual.

If impatience or fault-finding are ever excusable it is when the body is tortured by an eating and painful sore. It is truly discouraging to find after months of diligent and faithful use of use of internal remedies that the place remains as defiant, angry and offensive as ever. Every chronic sore, no matter on what part of the body it comes, is an evidence of some previous constitutional or organic trouble, and that the dregs of these diseases remain in the system; or, it may be that some long hidden poison—perhaps Cancer—has come to the surface and begun its destructive work.

The blood must be purified before the sore will fill up with healthy flesh and the skin regains its natural color. It is through the circulation that the acid, corroding fluids are carried to the sore or ulcer and kept irritated and inflamed. S. S. S. will purify and invigorate the stagnant blood when all sediment or other hurtful materials are washed out, fresh rich blood is carried to the diseased parts, new tissues form, and the decaying flesh begins to have a healthy and natural look; the discharge ceases and the sore heals.

Several years ago, my wife had a severe sore leg and was treated by the best physicians but received no benefit. Our druggist advised her to try S. S. S., which she did. Fourteen bottles cured her and she has been well ever since.

Cohoes, N. Y.

S. S. S. is the only blood purifier that is guaranteed entirely vegetable. It builds up the blood and tones up the general system as no other medicine does. If you have a sore of any kind, write us and get the advice of experienced and skilled physicians for which no charge is made. Book on Blood and Skin Diseases free.
