### PECULIAR TRIAL SCENE

#### WIFE CHARGED WITH MURDERING HUSBAND FREE.

#### Recorder Goff Refers to Ancient Court Trials—Must Face Children She Made Orphans.

NEW YORK, July 16.—A violent storm of rain and hail, accompanied by heavy lightning, has put an end to the hot wave here. Brooklyn suburbs were swept by hail, which shattered many windows. Trees were uprooted in the gale and two houses set on fire by lightning.

In the lower section of Manhattan the most severe effects were noticed. The steel frame work of the Handover Bank's new 20-story building at Pine and Nassau streets was apparently charged with electricity, sparks dancing with almost as much brilliancy as that given out by the arc lights.

Lightning struck the flagpole on the roof at Tammany Hall, shattering the staff half way down its length. As the splintered wood fell into Fourteenth street, crowds made a rush for pieces to bear off as souvenirs. The bolt passed off without doing further injury, although there was considerable excitement in the neighborhood.

The storm was general throughout northern part of New Jersey. Lightning struck the steeple of the Arlington M. E. church, setting it on fire. The steeple stood out like a great blazing torch, attracting crowds from all parts of the city. The firemen were unable to cope with the fire so high in the air, and the steeple burned down 120 feet to the roof of the church. The loss was estimated at \$5000.

Hail stones fell in Newark, doing considerable damage. Windows were broken and several horses stampeded in the streets. A terrific storm visited the Muscogonin valley in New Jersey. Hail fell steadily for 15 minutes and did great damage. Trees were entirely stripped of their foliage and young

fruit was blasted. It is thought that the peach crop was ruined. Mrs. William Hoffman was killed by lightning at New Village.

#### HILL TO ADDRESS CONFERENCE.

CHICAGO, July 16.—President Hill of the Great Northern, and President Mellen of the Northern Pacific, have sent an affirmative reply to an invitation to be present at a conference to be held between the railroad managers and the farmers at Davenport, Wash.

The letters of invitation sent to the presidents were written by Senator McCroskey and Alfred Coolidge, president of the National Bank of Colfax, Washington. Messrs. Hill and Mellen will address a delegation of representative farmers of the entire Big Bend and afterward will meet a committee in conference over difficulties which exist between the railroads and producers relative to freight rates.

#### DEPUTY COLLECTOR RESIGNS.

NEW YORK, July 15.—Colonel Dudley P. Phelps, who was appointed deputy collector of customs under General Chester A. Arthur, 39 years ago, has resigned his position as deputy in charge of the Ninth division. Colonel Phelps has been granted a 90 days leave of absence, at the expiration of which he will retire to private life.

#### ONE PERSON KILLED; FRUIT CROPS ARE RUINED

#### Rain and Hail Followed by Electric Storm Causes Heavy Loss—Trees Uprooted in Gale.

NEW YORK, July 16.—An extraordinary scene was witnessed in the court room of Recorder Goff, when a jury acquitted Mrs. Lizzie Maddux of killing her husband with a potato knife. The recorder has charged the jury strongly for conviction and few believed the defense could hope for anything better than a disagreement. Even the prisoner, who had been stoical throughout the trial, cried as the recorder finished his charge. Mrs. Maddux' five children, including her prison-born infant, were in court and in the nearby corridor. When the jury returned and the foreman announced the verdict, Recorder Goff said to the prisoner:

"The ancients had a law whereby, in the case of a very outrageous crime they could inflict, and something final to live that he might suffer the shame of his crime, which they considered a severer punishment than any they could inflict, and something like this must have been in this jury's mind when they let you live and look upon the face of your children, the children whom you have made orphans.

"The result of this verdict, most extraordinary as it is, even in the face of your own testimony, gives you your freedom, but you will carry with you the remembrance that you have murdered your husband and orphaned your children. You may go."

The recorder refused to order the restoration to the mother of the two children who have been placed in the care of a charitable society.

#### POWDER MAGAZINE EXPLODES

(Continued from Page One).

about 1 o'clock this morning, causing a loss of life that at present cannot be estimated, or even guessed at. At 4 o'clock 27 men had been taken

out of the mine dead and several others had been recovered in a half dead condition. These were all brought out through the Ontario mine shaft, which is a mile distant from the Daly West, in which the explosion occurred. The 1200 foot level of the Daly West corresponds to and is connected by tunnel with the 800-foot level of the Ontario.

In the Daly West mine between 100 and 150 men were at work. In the Ontario were nearly 100. It is believed, NUMBER CANNOT BE ESTIMATED

It is not known how many of these are dead, but the disaster extends to the Ontario, as the noxious gases that have been let loose are known to be the cause of several of the deaths. The presence of these gases leads miners to believe that the powder was burned, that the explosion, if one occurred which, in the excited condition of the town it is impossible to ascertain, was not the chief cause of the disaster.

There are two powder magazines at the 1200 foot level of the Daly West, one at each side of the shaft, with a capacity of one to two cars of powder each. A car of powder was added to the supply within the past few days.

Three dead men have been taken out of the Ontario shaft. They are:

George Garvin, — Sweet, employes of Ed Copp, who has the ore hauling contract for the Daly West, and Soderup, a miner employed in the Ontario, who was working at least a mile from the magazine that exploded. It is believed all three were suffocated. The explosion occurred at about 1 o'clock this morning at an hour when every person in the town was either asleep or at work. The shock was so tremendous that it awakened every one within a radius of miles. As an example of the awful force, it is told that two horses in the ore tunnel one and a half miles away, were killed by it.

#### RESCUERS ARE LOST.

The excitement is tremendous. Not a person in the town but has friends or relatives working in the mine. Women and children are thronging to the Ontario shaft house, which is midway between Park City and the Daly West mine. Nearly all of them have husbands and fathers in the mines, and their grief is pitiable.

All of the doctors in town are at either of the mines. They are doing what they can to resuscitate the poor, unconscious fellows as they are taken out, but it is difficult to obtain information down town, as the tele-

phone to the mine has stopped working.

Members of a relief party who went into the Ontario mine shortly after the explosion occurred, have not yet returned and fears are entertained for their safety.

#### PATTERSON'S WIFE DEAD.

DENVER, July 16.—Mrs. Thomas H. Patterson, wife of Senator Patterson of Colorado, died this evening of nervous prostration.

#### CAN COMPLETE RAILROAD.

BERLIN, July 16.—The Frankfurter Zeitung prints a special dispatch from Peking which says that an imperial decree has been issued, giving the American-China Development Company authority to issue \$10,000,000 in bonds to complete the railroad from Hankow to Canton.

#### ELEVATOR BURNED.

MOSCOW, Ida., July 16.—The Pacific Coast elevator caught fire yesterday and the conflagration of nearly \$50,000 resulted.
