SHANAHAN'S

Shanahan Building, Commercial St

THE WEEK IN SOCIETY

Mrs. Dr. Henderson will have her mother as her guest during the summer.

Mrs. Hocace Thing is the guest of her sister, Miss Nellie Sherman, at McGowan.

Mr. and Mrs. Frank Spittle have gone for an outing up the Willamette Valley.

The Misses Tuttle and Miss Mabel Taylor were the guests of the Misses Elmore the last of the week.

Captain Randall is seriously ill at Port Townsend. Mrs. Randall was summoned to Port Townsend by a telegram.

Mrs. J. H. Montague and her two sons from Independence, Missouri, are the guests of Mrs. Montague's sister, Mrs. C. R. Thompson.

The charming weather of the last week tempted many of our society people to the beaches and outing parties were very popular.

Rev. Oberg and family are camping out at the ocean beach for a few weeks. The pulpit, however, will be occupied as usual on Sunday.

Mrs. R. L. Wilson held a very enjoyable "at home" on Wednesday in honor of her sister, Miss Marcy. The game of "Guess" was played. Miss Pearl Cole winning the prize, a beautiful painted plate.

Miss Charlotte Bennet entertained the Thursday Afternoon Club. A novel lunch was served on the lawn, preparing the coffee over a camp fire. The game of hearts was played, Miss Nan Reed proving the winner.

There are an unusual number of charming young ladies at present visiting in our city. Mrs. Finch, Mrs. Wilson and Mrs. West have each a guest. Mrs. Trechard has two young lady friends with her, and there are several others here temporarily.

This has been rather a quiet week socially. Several informal afternoons and one or two evening affairs only. Miss Floretta Elmore entertained on Tuesday. A new (?) club, the W. B. Club, was temporarily formed. About 30 of the young ladies and young matrons of the city were her guests.

Mrs. Rannels entertained the ladies of the W. C. T. U. on Thursday afternoon in honor of Mrs. M. Kronquist, of San Francisco. Refreshments were served and the game of "skill" was played. Mesdames Ball and Bell

each were presented with a beautiful plate. The guests report a very pleasant afternoon.

Mrs. A. A. Finch and Miss Floretta Elmore gave the first "walkout" party of the season last evening. Arrangements for the party had been made early in the day and the guests found cozy-corner rugs, Chinese lanterns, tables and all sorts of delightful surprises awaiting them on the bank of Young river. A big bonfire on the beach, hammocks, a camp-fire and the delicious odors from the steaming coffee kettle gave a very hospitable greeting to the forty young people.

CHINA'S PRINCE VISITS FRANCE.
Studies Our Systems of Education—Delighted With Americans.

NEW YORK, July 19.—Prince Chen, of the imperial family of China, coronation envoy to London, and his principal envoy, Liang Chen Tung, the newly appointed Chinese minister at Washington are making a thorough inspection of the educational system, civil and military of France, have visited the military school at St. Cyr, says a Paris dispatch to the Tribune.

Liang Chen Tung, who studied at Phillips' academy, Andover, from 1871 to 1881 and Prof. Bancroft, is delighted at his appointment to the country where he has so many friends. He says that the voyage of Prince Chen is of great significance as it is the first time in the history of China a prince of the reigning house ever visited foreign countries and acquired foreign languages. Liang Chen says this indicates a decision completely to revolutionize the present educational system of China and bring it up to date. In fact he declares the Chinese government has already taken educational reform on a large scale.

When questioned on the present situation in China, Liang Chen said that owing to the fresh taxation imposed to raise money throughout the country for the foreign indemnity, revolts and fanatical uprising already had occurred and were likely to become general. The outlook he considered, very gloomy indeed.

Prince Chen and Liang Chen will inspect schools and colleges until they sail from Cherbourg on July 26 for New York on the Philadelphia. They intend to pass one week in the eastern states, visiting Washington, West Point and Annapolis, and probably Harvard, Yale and Princeton before resuming their journey home.

CHARTER FOR GUM CARBO CO.
AUSTIN, Tex., July 19.—A charter has been filed in the secretary of state's office here for the Gum Carbo Company, with a capital stock of \$10,000,000. The concern will manufacture

a substitute for rubber by refining Texas oil combined with cottonseed oil.

GREAT INTEREST IN FIGHT.
Both Men Are in Splendid Condition—People Coming From East.

SAN FRANCISCO, July 19.—Interest in the Jeffries-Fitzsimmons fight is increasing. People are coming from the East and interior points to see the contest and seats are being rapidly sold. George Siler, the well known referee, is among the latest arrivals. There has been no change in the odds and very little betting at the 10 to 4 price quoted. Jeffries people are holding out for a shade better quotation.

Referring to the rumor that Jeffries is out of condition, Billy Delaney said: "It is all nonsense. Jeffries was never in better shape in his life than he is right now, or as good for that matter. He is exactly where I want him. To keep him there I have asked him not to do so much work for the next few days. It is always a sign to cut out hard going when a man commences to get cranky. Wednesday Jeffries was a bit out of sorts and I asked him to call a halt. He has done it—nothing more."

"I don't know where these rumors of his being sick originated, but suspected they were put in circulation to influence betting. I can only assure our friends throughout the country to take no stock in such rumors and not take fright."

Along with the rumors of Jeffries' condition was another to the effect that Eddie Graney was not to referee the fight. That also proved to be a fabrication, springing from the fact that some difference existed between him and the club as to the price for his services.

Fitzsimmons has been examined by the San Francisco Athletic Club's physician and pronounced in perfect physical condition.

GIFT TO UNIVERSITY.
CHICAGO, July 19.—James F. Robinson, late president of the Rock Island and National Bank and Central Trust & Savings Bank of Rock Island, Ill., left part of his fortune to Northwestern University in his will, which has just been probated.

Mr. Robinson was a graduate and a trustee of Northwestern University. The estate left by him is estimated at \$1,000,000. Just what part of this sum Northwestern will receive is not stated, but it probably will be about \$200,000.

The American University at Washington, D. C., also is left a considerable amount of property.

ARCHBISHOP FEEHAN'S WILL.
Leaves Property Valued at One Hundred and Twenty Thousand.

CHICAGO, July 19.—The late Archbishop Patrick A. Feehan left an estate of over \$120,000, which under the terms of his last will, drawn May 10 last, is distributed among the members of his family and those institutions which for years have been his especial care. The entire estate is in personal property and over half of it is life insurance, made payable to the estate. Copies of the will have been furnished the beneficiaries and others interested and the original testament will be filed for probate early next week. The instrument deals exclusively with the prelate's personal affairs, and there are no directions or suggestions in it concerning the affairs of the archdiocese.

It is stated by those cognizant of the personal affairs of the testator that the estate would have been much larger had the archbishop collected in its entirety the salary of \$5000 a year to which he was entitled from the archdiocese. It is said that for many years he has allowed portions of the salary to remain uncollected and that the will which makes no reference to these arrears, cancels them.

VICE-CONSUL FOR CAIRO, EGYPT.
NEW YORK, July 19.—Hubbard T. Smith, vice and deputy consul-general of the United States at Vairo, Egypt, who is in this city, will sail for his

new post today. Mr. Smith was United States consul at Canton during the Boxer outbreak and later accompanied Commissioner Rockhill to Peking. He has met the newly appointed Chinese minister, Lian Chen Tung.

"He is thoroughly progressive, thoroughly American," said the consul. "Being of the progressive element, his fortunes fell during the Boxer uprising, both politically and materially, but with the restoration of peace his value was recognized."

"China has a great future, a wonderful future before her, if she can insure the world that her government is to be both stable and progressive; and it is just such men as Wu and Liang who will secure her this government if she will let them, and bring in the capital which shall open her giant resources."

ARREST ON THE COLUMBIA.
On Request of the Chief of Police of Portland.

SAN FRANCISCO, July 19.—Acting under instructions from the chief of police of Portland, Oregon, Chief Whitman effected the arrest late last night of "Bill Noble," and a woman giving the name of Clarice Fay. They were passengers on the steamer Columbia and were arrested before the vessel reached her dock. Fred Day, to whom Noble passed \$50 was also arrested. Noble and the woman are suspected of having entered the store of an Italian fruit man recently, taking \$50 from an old trunk in the rear of the building.

LOCATING SMOKELESS GUNS.
The English war office has many schemes for training their soldiers, and which are generally followed up by practical demonstration. The latest is a device for locating guns firing smokeless powder, and its success will mark a new era in military progress. It is also interesting to consider the wonderful advancement in medicine during the past 50 years. It was about that time that Hostetter's Stomach Bitters was first introduced and during those years has made such a wonderful record of cures of such ailments as indigestion, heartburn, dyspepsia, belching, constipation and liver and kidney troubles, that today it occupies the foremost position as a family medicine. Don't fail to try it. Our private stamp is on the neck of the bottle.

ATTENTION, EAGLES!
Meeting at 1:30 today. All members requested to be present. Important business. C. E. FOSTER.

Foley's Honey and Tar
Heals lungs and stops the cough.

Parents' Responsibility Great

It is the right of every child to be well born, and to the parents it must look for health and happiness. How inconceivably great is the parents' responsibility, and how important that no taint of disease is left in the blood to be transmitted to the helpless child, entailing the most pitiable suffering, and marking its little body with offensive sores and eruptions, catarrh of the nose and throat, weak eyes, glandular swellings, brittle bones, white swelling and deformity.

How can parents look upon such little sufferers and not reproach themselves for bringing so much misery into the world? If you have any disease lurking in your system, how can you expect well developed, healthy children? Cleanse your own blood and build up your health, and you have not only enlarged your capacity for the enjoyment of the pleasures of life, but have discharged a duty all parents owe to posterity, and made mankind healthier and happier.

There is no remedy that so surely reaches deep-seated, stubborn blood troubles as S. S. S. It searches out even hereditary poisons, and removes every taint from the blood, and builds up the general health. If weaklings are growing up around you, right the wrong by putting them on a course of S. S. S. at once. It is a purely vegetable medicine, harmless in its effects, and can be taken by both old and young without fear of any bad results.

Write us about your case, and let our physicians advise and help you. This will cost you nothing, and we will also send our book on blood and skin diseases.
