Kills One Man and Seriously Wounds Another—Escapes to Mountains.

POSSE HAVE TAKEN TRAIL

Citizens Endeavor to Arrest Him and He Opens Fire—Served Years in Prison—Killed Man Two Years Ago.

FRESNO, Cal., July 28.—In Porterville yesterday James McKenney ran amuck and initiated his performance by shooting out the lights of a saloon and tried to shoot the cards out of the hands of a man in a card game. That he only wounded the man was due to his poor marksmanship and not to his criminal attention. He then proceeded to a livery stable and secured a rig at the point of a revolver. A constable and deputy and several citizens attempted to arrest McKenney, but he opened fire and four of them were more or less seriously injured. Officers in surrounding counties were notified and a sharp outlook is being kept. McKenney has a bad record, having some years ago been sent to state's prison from Tulare county. Two years ago he killed a man in Bakersfield, but was exonerated. William Lynn a gambler, whose abdomen and legs were filled with buckshot, has succumbed to his wounds. McKenney also filled the right arm of George Barrows, a printer, with shot, sent a bullet into the mouth of Deputy Marshal Willis, another into the arm of Deputy Constable Tompkins, and a load of shot into the arm of W. B. West. Before leaving town he called at the house of Dave Mosher. He awakened Mosher and called him to the door. Standing before the door, gun in hand, McKenney exclaimed: "I've got into a h— of a fight. They came after me, but I whipped them all. I killed three or four of them. They have not treated me right. They can send the whole town after me. I'll die game. You can talk about Tracy? Tracy, he won't be in it with me. They hurt me."

Putting his hand to his leg he squeezed up a handful of blood. He then drove off to Lingsey and is headed for Fresno county, where it is supposed he will make for the Mountains. McKenney, who has a shot gun, rifle and revolver, is a desperate character, and will not be taken alive. Sheriff Parker and his deputies are in pursuit, but no definite information has been received as to the desperado's whereabouts.

MYSTERY AS TO WOMAN'S DEATH

Supposed to Have Been Drugged and Taken to Resort Where She Was Strangled.

INFORMER MAKES HIS ESCAPE

Two Men Seen in Her Company Have Been Arrested—Woman Not Known to Frequenters.

CHICAGO, July 28.—Her face black from strangulation and blood flowing from a wound in the side of her head, the body of an unidentified woman, about 22 years old and fashionably garbed, was found in a wine room of Henry O'Hara's saloon in Wells street, near the river, early this morning. The police soon after arrested James Grant and Edward Goff, said to have been seen in the company of the woman. The policemen on duty in Wells street were notified by an unknown man that a woman was dead in the saloon. The officers at once entered the place allowing the unknown man to pass on. In the rear room they found the dead woman. Other women and men who were found drinking at tables in the place, seemed to be ignorant of the tragedy that had occurred so near. The dead woman is unknown to the frequenters of the place and the police do not believe that she was accustomed to entering such saloons. The theory of the police is that she was drugged, taken into the saloon and there killed. Bloodstains were found on the collar, necktie and shirt of one of the men under arrest.

BELIEVE JURY WILL ACQUIT MURDERER.

Owing to Her Being Deformed—Punished as to Outcome of Trial

NEW YORK, July 28.—The state authorities are puzzled as to a satisfactory disposition of the case of Nina Danforth, the deformed girl, who killed A. J. Emery and is now in the Cambridge house of correction, says a Boston special to the Press. Attorney General Parker feels that because of the pitiable circumstances a jury would acquit her. Yet, by her own admission and by the testimony of eye witnesses she killed Emery as he stood in the doorway of his home in South Framingham. It is the fear of having a verdict of not guilty which causes the attorney-general so much trouble. He is afraid that the traditions of the Massachusetts courts will be violated by a return of a verdict in direct opposition to the evidence. The authorities are said to have at last reached the conclusion that the best ending of the case would be an arrangement which the state could accept without establishing a bad precedent and would let the girl out of the house of correction under restraint or watch which would not be so close as to threaten her already weak condition of mind. This may be accomplished by a verdict of manslaughter with a light sentence from which will be taken the time already spent by the prisoner in the house of correction.
