TO THE STRANGERS

For a good many years we have been conducting a Grocery Store in Astoria. During that time our trade has been doubled several times over. We have worked hard to give the best that could be given, and then to make the price as low as possible. Lately we have not served many faces new to us. We invite you all to come and get acquainted. We will try just as hard to please you as we have to please the older generation. have to please the older generation.
