PRESIDENT TALKS TO VETERANS

New Hampshire Welcomes Chief Executive; Governor's Staff Serves Him.

EUROPE PRAISES ROOSEVELT

Foreign Paper Predicts That No Power Will Risk War With United States Over Monroeism.

NEWBURY, N. H., Aug. 28.—President Roosevelt tonight is the guest of Secretary of State Hay, whose summer home is a few miles from here. New Hampshire's arms were open today in readiness to receive the president. Long before he was awake a committee representing the governor boarded the train. The welcome they extended was magnified later in the day in the smaller towns through which the train passed at Nashua, Manchester, The Wiers and Concord; although the day was replete with misarrangement of arrangements.

At The Wiers, where the Grand Army reunion was held, the people, in excess of the desire to accord the president a fitting reception, came near causing a crush which might have resulted disastrously. As it was, the president was for a time in the midst of a howling, surging mass, and was all but carried off his feet. So inadequate were the police arrangements that the crowd had entire control of the situation and some relief was expressed into the hotel for luncheon.

Here the carefully laid plans for his entertainment went astray, the luncheon being finally served through the gallantry of the governor's staff, who acted as waiters. The president's speech at the park, where the veterans were gathered, was most favorably received.

A great crush occurred at Concord as the train was pulling out and for a time it was feared the people would be hurt.

EUROPE PRAISES ROOSEVELT.

LONDON, Aug. 28.—President Roosevelt's declaration on trusts and the Monroe doctrine are both subjects of extensive comments in the London press this morning. Discussion upon the former matter centers less upon the intrinsic merits of the trust question than upon the outcome of the president's struggle with the party leaders. All the papers express admiration of President Roosevelt's courage and boldness, but hesitate to predict the result.

The Daily News says: "Many chances are on Mr. Roosevelt's side. St. George goes out to meet the dragon and the wishes of the whole world are with him in his fight."

The Daily Telegraph expresses the opinion that the trust question will prove to be the most epoch-making issue in American politics since Bryan's scheme on silver, and says there is absolutely no discernible limit to the vista of the political convulsions, vicissitudes and divisions which may be the outcome thereof.

The Morning Post and Daily Chronicle both admit that Great Britain has no cause to cavil at what they characterize as "President Roosevelt's modified interpretation of Monroeism," which plainly stated, the doctrine to be a sanctification of the status quo on the American continent, and which the Post says means that British possessions in the Americas are to be secured by what is practically a United States guarantee.

The Chronicle thinks the matter wears a different aspect to the continental powers who see in South America the last and most tempting fields for colonization and for new markets. This paper doubts, however, whether any power will risk the tremendous chances of war with the United States for the prize ever so seductive.

"One thing seems clear," says the Chronicle; "If Monroeism is ever seriously challenged it will be soon. The United States appears to realize this and is building a fleet to defend the doctrine."

The Times says it believes that President Roosevelt has reasserted that Monroeism is in a more distinct and definite form than it has been presented to the world by any person with authority to speak on the subject since the policy of the doctrine came into being, and says: "As Monroeism is defined by President Roosevelt in strict conformity, indeed, with its original conception and objects, it is a policy to which Great Britain has nothing to take ex-

ception and which we have no interest in obstructing, and at the same time we have no reason to object to the protest of the United States against the acquisition of new territorial rights in North and South America by any of the European powers."

TWO MEN CONFESS KILLING.

Men Who Shot Peter Nelson Are in Jail at Walla Walla.

WALLA WALLA, Aug. 28.—"Bill" Killeit, for several years an engine wiper at Pasco, and Oscar Bradshaw, a son of a prominent farmer residing a few miles from this city, are in the county jail, charged with having murdered Peter Nelson, the Swede who was held up and shot at Pasco Monday morning. The capture of the two men was brought about by Sheriff Davis, of Franklin County, and Sheriff Keen, of Walla Walla, who did some good detective work and acted quickly upon a slight clue obtained soon after the crime had been committed. On Bradshaw, when he was arrested, was a revolver with two chambers empty, thought to be the one used in killing Nelson.

Killeit is about 24 years of age, while it is said Bradshaw is 19. Killeit has been employed at Pasco for some time, and Bradshaw was employed by the Northern Pacific as a fireman on a freight train running into Pasco, where the two became acquainted. Young Bradshaw has been reared on a farm, and it was a surprise to everyone when he was connected with the crime.

After the men were locked up in jail they were given a "sweating" by the officers and as a result, a practical confession was made covering the crime from start to finish, the men declaring that they shot the Swede by accident. The younger of the two entered the car and proceeded to hold up Nelson, while the older man kept watch outside. Nelson resisted when his money was wanted, and Bradshaw claims that he was not accustomed to the gun, and it was discharged accidentally. The revolver was given to Bradshaw just before the crime was committed, by Killeit. The two men will be arraigned in court on the charge of murder.

GREAT DOWNPOUR IN ARIZONA.

Losses of Property Are Heavy—Mines Suffer Great Damages.

JEROME, Ariz., Aug. 28.—This place has just passed through the worst storm in its history. Water poured down the mountain sides in raging torrents, depositing debris and boulders in the United Verde plant to the depth of from eight inches to two feet. A 35 foot embankment on the Jerome railroad washed out, which will necessitate the transfer of traffic for several days until the damage can be repaired. On the east side of Jerome, in Deception Gulch, several thousand dollars worth of mining machinery, including a hoist and air compressors belonging to G. W. Gull, were completely ruined.

The property loss is estimated at many thousands, but no lives were lost. It is estimated that it will take 100 men 30 days to clear away the debris and put the plant of the United Verde Company in the usual condition.

NEW NATIONAL PARK.

Spot Where Battle With Bear Paw Was Fought Is Chosen.

GREAT FALLS, Aug. 28.—Montana has a new national park. The land includes a section on the Snake Creek, north of Great Falls, and is the site where the battle with the famous Bear Paw was fought over 25 years ago. The order withdrawing the land from settlement and the entry has been issued and the ground set aside for a national park.

SEAL CATCH AMOUNTS TO THREE HUNDRED THOUSAND.

SAN FRANCISCO, Aug. 28.—The steamer Brunswick, which arrived today from Dutch Harbor, Kodiak and Seal Island, of St. George and St. Paul, in the season's catch of seal-skins, representing the outside coverings of 22,242 seals and on the markets of the world they will bring in the neighborhood of \$300,000.

AGED DEMOCRAT DEAD.

Came to Pacific Coast in 1859—Prominent in Politics.

WHATCOM, Wash., Aug. 28.—Captain Samuel Bas, who came to the Pacific coast in 1859, died here tonight, aged 71. He has been a prominent Democratic politician in this state and in Oregon for the last 40 years, holding numerous federal and state offices.

THOUSAND MEN OUT OF WORK.

BUTTE, Aug. 28.—The concentrator of the Montana Ore Purchasing smelting works was destroyed by fire tonight and 1000 men will be thrown out of work.

FIERCE BATTLE WITH STRIKERS

Soldiers Compelled to Charge With Fixed Bayonets—Militia Captain Injured.

SITUATION GROWS SERIOUS

Strikers Attack Troops Who Protect Miners—Pelted With Rocks—Aid for the Workmen.

TAMAQUA, Pa., Aug. 28.—The first clash between the striking miners and the troops occurred this morning, and as a result five prisoners are in the guard house and Captain J. Beaver Gearhart, of Company F, Twelfth regiment, is suffering from a stone wound on the shoulder.

This morning a report gained currency that the striking miners were gathering in force to make a march on the No. 4 colliery, where the Lehigh Coal & Navigation Company is mining and cleaning coal. The colliery is at the west end of the Panther Creek Valley. Companies F and K, of the Twelfth regiment, were placed on trolley cars and run through the valley. At Summit Hill the cars were surrounded by strikers, who hurled rocks at the soldiers and called them hard names. While Jimmy Marteen, an Italian, was in the act of hurling a stone at a car, several soldiers jumped off and attempted to capture him. Marteen offered resistance, and the soldiers were compelled to fix their bayonets. In the melee Marteen was wounded slightly in the left side.

The troopers started back to camp, and as the cars rounded a curve just outside of Summit Hill, at a point where the tracks take an abrupt dip, the motorman on the first car made the discovery that the rails had been greased. The cars were stopped and soldiers were sent ahead to place sand upon the rails. When this had been done it was possible, by moving the cars slowly, to reach Lansford in safety. A mob had been gathered there, and for a time it looked like a riot. As the first car was passing through the mob, Captain Gearhart was struck on the right shoulder by a stone. Several soldiers jumped from the car in pursuit of the stone thrower. After an exciting scuffle they captured Joseph McCann, a young miner.

They proceeded again, but had not gone far when another crowd was encountered and the soldiers were again taunted and stoned. Half a dozen soldiers jumped off and captured three men, who, it is said, were urging the crowd to attack the troops. The men gave their names as John King, Timothy King and John Kelly. They were taken to camp at Manilla Park, where, together with McCann and Marteen, they were placed under a heavy guard.

OUTPUT IS SMALL.

Mines Now Working Are Turning Out Nothing Like Capacity.

PITTSBURGH, Pa., Aug. 28.—The chances for an early resumption of the mines in the anthracite coal fields on the same scale as they were operated previous to the strike of the miners, are not good, according to the outlook here. Several collieries have been started, but not one is working at anything like its capacity. At each of these mines it is admitted by the companies, only about 100 men are at work, but the claim is made that they are getting more every day. The normal tonnage of these mines during regular working time is 1000 tons per day, while at present they are turning out less than 200 tons.

While an average of 3000 tons of mined coal is being prepared in the district, the average for 1900, when but 176 days were worked the year was 28,888 tons per day.

MORE TROOPS CALLED OUT.

SHENANDOAH, Pa., Aug. 28.—The Second Philadelphia city troop, number about 60 men, arrived this morning and went into camp at Indian Ridge, on the site vacated last night by the governor's troops.

AUSTRALIANS AID MINERS.

LONDON, Aug. 28.—At a meeting today of the Council of the South Wales Miners' Federation, it was decided to forward \$5000 to aid the striking miners of the United States.

QUIET IN PANTHER CREEK.

TAMAQUA, Pa., Aug. 28.—Tonight the situation in Panther Creek Valley has quieted and the troops are enjoying a rest. This evening Company K, Twelfth regiment, escorted non-

union men to their homes in Lansford and Coaldale. A large number of strikers had gathered on the streets but there was no hostile demonstration.

TO RELIEVE MONEY MARKET.

Secretary Shaw's Plans in Case of a Possible Stringency.

WASHINGTON, Aug. 28.—In view of the rumors as to Secretary Shaw's plans for relieving the money market in the event of a possible stringency, the secretary authorized the following statement:

"The secretary recently invited some of the larger national banks in the principal cities to order additional amounts of circulating notes to be printed. The national banks are entitled to issue a circulation to the full amount of their capital. The aggregate capital of the national banks is \$700,000, but the banks have outstanding only \$258,000,000 of the circulation.

It is not his intention that they should issue this additional circulation at all now, but only in case of actual necessity and emergency. With this in view those banks which have made arrangements to deposit United States bonds as security for such an additional circulation have sent in their orders and the secretary has all the branches of the treasury service busily engaged in expediting the preparation of the notes pending the possible emergency.

CORBIN AND YOUNG TO ATTEND MANEUVERS

BERLIN, Aug. 28.—Major-General Corbin and Major-General Young, of the United States army, who, with Brigadier General Wood, are to attend the army maneuvers, their aides and Mrs. Corbin and Mrs. Johnson, upon their arrival here found at their hotel Emperor William's invitation to attend the gala opera performance on Thursday.

His majesty has intimated through the United States Embassy that he will be pleased to receive the American generals in audience at an early date, but the time is not specified. Doubtless, because the emperor is occupied in entertaining the king of Italy. The presentation of the generals will probably take place at the parade on the Templehof field Saturday next, when the American officers will ride with the reviewing party.

TO WORK FOR LABORING MEN.

Legislature Will Be Asked to Carefully Attend to Laws Effecting These Men.

PORTLAND, Aug. 28.—The Multnomah county legislative delegation at the net session of the legislature will be asked to give careful attention to the enactment of laws intended to advance the interests of laboring men. The labor unions are already considering the measures which they think should be given a favorable consideration. The intention is to be moderate in their demands and to frame bills so as to make them subject to as little criticism as possible.

BOYCOTT IS NOT ILLEGAL.

So Decides Judge Richardson of the Superior Court.

SPOKANE, Wash., Aug. 28.—In the superior court today, Judge Richardson held that a boycott is not illegal when peaceably conducted and when not so conducted must be dealt with by the criminal court, not by a court of equity. He denied the application of K. Takahashi, the Japanese restaurant keeper, for injunction to stop the aggressive boycott of the Cooks & Walters union.

THREATENED WITH INSTANT DEATH

American Missionaries Ordered to Leave Field of Labor in Mexico.

NO MOTIVE FOR THE THREAT

Unless They Vacate Before September 17 They Will Be Murdered—Appeal for Protection.

PLAINFIELD, Ind., Aug. 28.—Word has been received from Everett Morgan and wife, formerly residents of Plainfield, now missionaries at Cotococi, Mexico, that natives of that place have warned them that unless they leave the city by September 17, they will be put to death.

Mr. and Mrs. Morgan were sent out by the board of foreign missions of Friends about four years ago and have been at that place about a year. Appeals for protection have been sent to the government authorities.

DEMOCRATS ELECT TICKET.

Agree Upon Fusion With Silverites, and Make Nominations.

RENO, Nev., Aug. 28.—The Silver Party and Democrats agreed upon a fusion and made the following nominations: Democrats: United States senator—F. G. Newlands. Congressman—C. D. Van Duser. Governor—John Sparks. Attorney general—James G. Sweeney. Superintendent of public instruction—John Edward. Regent of University—W. W. Booher. Silverites: Lieutenant governor—Lemuel Allen. Supreme judge—G. F. Talbot. Secretary of state—Eugene Howell. Treasurer—David Ryan. Surveyor general—E. D. Kelley. Resident of University—C. E. Mack. This practically completes the labors of the conventions and all that remains to be done is to meet in joint convention and ratify the nominations.

NO TRUTH IN RAISING PRICES.

HAMBURG, Aug. 28.—The Hamburger Nachrichten says it learns on the best authority that the reports that J. P. Morgan's shipping combine proposed to reduce the speed of steamers and raise fares and freight rates with the co-operation of the German lines are pure inventions.
