S. C. TURNER, Business Manager.

Of course Russell Sage's strong objections to the trust is because he is not one of them.

Same old story from Walla Walla—loaded gun, woman played with it—coroner's jury says accidentally.

A millionaire jumped overboard from one of the Hawaiian steamers. Perhaps he was anxious to demonstrate that riches does not bring happiness. But this is just a supposition, for he did not return to explain.

Now that Hon. Bourke Cockran's connection with the Northern Securities suit and Pete Power has been exploited, it must be evident to the dullest comprehension that he was the real animating spirit of the Boer war.

Haywards has determined to rid itself of that peculiarly aggravating human pest known as the "hobo." Somebody has suggested as a thorough scheme of extermination that the pests be sent to a public pond and their hides utilized as an article of commerce.

## THE PRESIDENT'S TOUR.

Probably not since President Washington visited New England has any one in that great office enjoyed a heartier welcome and reception than are bestowed now upon President Roosevelt. His perfect frankness and his entire unconventionality impress the sincere people of a section of the country that has always held a reserve force ready for great emergencies and prepared to show the highest spirit of sacrifice for a lofty cause.

In his numerous addresses the country is impressed by the president's tolerant tone in discussing issues that divide his party and his country. Without attacking the acts or motives of others he gives reasons for his own position and thereby invites the exploiting of reasons for a contrary position, giving the country a chance to finally decide upon the merits of the reasons given, and not compelling it to choose between reason and prejudice. There is no doubt that this tour is taken to be the opportunity for judgment between Mr. Bryan and the president. The Nebraskan has just completed a traverse of the same section and has appealed to the impulses and prejudices of the people. The president follows, appealing to their reason, and the country is gratified by his methods, which appeal even to those who differ from his conclusions. The forces are instinctively lining up for the contest of 1904. If Mr. Bryan is to lead the opposition it is now apparent that the issues will not greatly differ from those presented in 1896 and 1900. As made by him those issues appealed to every conceivable human prejudice and to every element of envy in the human heart. It is not by accident that the potent element of religious prejudice is thus early in sight, and it will be among the heavy artillery set in the field by Bryan. In all of our great national contests, however, reason wins. This seems to be the confident belief of the president, and he opposes that weapon to the unreasonable of the opposition leader.

He would be a purblind partisan who would deny that the opposition under a more patriotic and enlightened leader could bring reason into action as the main weapon of its warfare. The country requires two political parties, and to say that only one could have reason on its side would be to say that there should only be one party, which is a condition undesirable in a republic. But the Democracy became irrational in 1896 and continued in that state in 1900, and so far makes no sign of recovery of its brains. It must be confessed that this condition makes the president's task easier, since in ratiocination he has a monopoly. That he will successfully lead his party to continued control of the house of representatives, which is the stake played for this year, there is no doubt, and such a result clears the path of all opposition to his nomination in 1904.

"I know I would long ago have been in my grave," writes Mrs. S. H. Newsum, of Decatur, Ala., "if it had not been for Electric Bitters. For three years I suffered untold agony from the worst forms of indigestion, Water-brash, Stomach and Bowel Dyspepsia. But this excellent medicine did me a world of good. Since using it I can eat heartily and have gained 35 pounds." For Indigestion, Loss of Appetite, Stomach, Liver and Kidney troubles, Electric Bitters are a positive, guaranteed cure. Only 50c at Chas. Rogers' drug store.

## SUITS OUR CLIMATE.

The rapidly increasing use of shingles as covering for the walls of buildings, both to keep out the weather and for ornamental purposes, makes a great demand for a shingle stain which preserves the wood, prevents moss, and retains a fresh, handsome appearance. Particularly is such the case in damp climates. The need is well met in a perfect article made right here in Astoria. Cutbirth's Cresote Shingle Stains are penetrative, preservative, handsome and durable. They are put up in eight colors and every package guaranteed.

A lawyer may be pretty long winded in his brief. NOT A RELIEF BUT A CURE. OINTMENTS and suppositories will not, positively cannot—do more than relieve you. It requires an internal remedy to remove the cause and effect cure. Ask your druggist for Dr. Perrin's booklet on the subject.

## LOVE

It is only in the present. Nature throws a glamour around youth and maiden, so that although they saw misery and marriage walking hand in hand in every home in the world they would fondly believe that they could marry and defy misery.

Young women should be taught to prepare for marriage. They should understand how to preserve their womanly health through the functional changes of maternity. Doctor Pierce's Favorite Prescription is the most effective medicine for the preservation of womanly health and the cure of womanly diseases. It regulates the periods, cures encephalitis, cleanses the system, builds up the system, and cures female weakness. It prepares the womanly organism for maternity and makes the birth of a child a joy.

Doctor Pierce's Favorite Prescription contains no alcohol, opium, cocaine, or other narcotics.

"I was afflicted with uterine trouble for several years," writes Mrs. C. J. Day of Little Rock, Arkansas, "and in November, 1901, I received a box of your Favorite Prescription. I wrote you and told you of my trouble. You sent me a box of your Favorite Prescription and I took six or seven boxes. I am now perfectly cured and two of my children are born. I am now a happy mother and my household work is a pleasure."

Dr. Pierce's Pleasant Pellets cure biliousness.
