GUIDI WILL HAVE CHARGE OF PHILIPPINES.

Hopes to Bring Church Question to Islands as Predicted by the Pope.

ROME, Aug. 30,-Mgr. Guidi, who has been appointed apostolic delegate in the Philippine Islands, was born in April, 1852, at Alatri, province of Rome, He studied at the Gregorian University and College Romano until 1870, when he entered the pontificial seminary, where he took the degree of philosophy. Pope Plus IX highly regarded the peculiar talents of the young student and sent him to the University of Insbuck, where he remained until 1877, taking the degree of theology and law. He was appointed in 1879 secretary of the extraordinary, which represented the Pope at the marriage of King Alphonso of Spain, and he remained secretary to the nunciator at Madrid until 1883, when he acted as secretary to the extraordinary papal embassy at the coronation of the czar. From 1893 to 1897 he served as secretary of the Nunciature at Lisbon; from 1887 to 1890 he was auditor of the Nunciatur at Munich; from 1890 to 1892 he was secretary of extraordinary ecclesiastical affairs at the Vatican; from 1892 to 1898 he was auditor and charge d'affaires in Brazil.

In 1899 he was seen on an extraordinary mission to Ecuador and from 1899 to 1902 he has been secretary of extraordinary ecclesiastical affairs at the Vatican.

Mgr. Guidi will be nominated a titular archbishop but this title has not yet been decided upon.

Cardinal Rampolla, the papal secretary of state, himself wishes to consecrate him to destroy the report of his opposition to Mgr. Guidi's appoint- Lord Milner's recent visit to Lourenment. The consecreation has been fix- co Marques never has been satisfaced for September 21, so that Manager Guidi will not depart from Rome until the end of September. The apostolic delegate to the Philippines was much pleased with his appointment and is confident that he will be able, with the good will of the Washington and Philippine governments to bring the church question in the Philippines o a solution predicted by the Pope, namely, satisfactory to both sides and the best interests of the islands.

Society Incorporated to Protect Public From Reckless Chaffeurs,

NEW YORK, Aug. 38,-In order to protect the public against reckless chaffours the Long Island Highway Protective Society has been incorporated by several leading residents of Long Island. The principal office of the society will be in Oyster Bay.

Townsend Scudder, a former representative,, who is counsel for the soclety, said the purpose of the organization was to co-operate with the authorities in enforcing the speed limit law, not only as affecting automobiles but also the reckless driving of fast horses. Queens and Suffolk countles, he said, had spent \$10,000,000 on roads, and they had been made useless for pleasure driving by reason of reckless chaffeurs and men who like to speed fast horses. It was the purpose to stop these practices in the interest of men who like to drive, but who have been forced to take the side roads or else give up their pleasure.

ENGLAND TO BUY PORTUGUESE TERRITORY

NEW YORK, Aug. 30 -- One of the most interesting features of the slack season in London is a revival of the rumor anent De Lagoa Bay, cables the Tribune correspondent at London. It is asserted that the purchase of the Portuguese possessions in East Africa will be announced when parliament meets and that it will be followed by German acquisition of a portion of them in accordance with a secret convention with Great Britain. There is no direct confirmation of this story from an authentic source but there is circumstantial evidence that leads close observers to credit the rumor torily explained nor have the proposed annexations of Transvaal territory to Natal any significance unless the intervening district adjoining the Porunguese frontier can be added.

Men versed in African affars are predicting the speedy purchase of Portuguese territory and the extension of Natal northward and material compensation to Germany for the neutrallty maintained during the Boer war.

After landing the stock they say they were taken to Swansea. Wales, and finally shipped to Quebec, Canada, as their contract called for a return to the United States or Canada. They spent all their money before riage contract. Burgio signed this in leaving Wales and finally were assistconsul at Montreal.

Disease and infirmity should not always be associated with old age. The eye of the gray haired grandsire may be as bright and the complexion as fair as any of his younger and more vigorous companions.

Good Blood is the secret of healthy old age, for it regulates and controls every part of the body, strengthens the nerves, makes the muscles elastic and supple, the bones strong and the flesh firm; but when this life fluid is polluted or poisoned and loses its nutritive, health sustaining elements, then there is a rapid decline of the vital powers, resulting in premature old age and disease. Any derangement of the blood quickly shows itself in an ulcer, sore, wart, tumor or some other troublesome growth upon the body, and rheumatic and neuralgic pains become almost constant, accompanied with poor digestion and cold extremities.

The hearing was not concluded.

CAPTAIN MAHAN ADVISES GREAT BRITAIN.

NEW YORK, Aug. 30.-The article on the Persian Gulf in the National Review by Captain Mahan, U. S. N., (retired) is attracting the attention of the leader writers and can hardly fail to exert a decisive influence, cables the Tribune's London correspondent, in preventing concessions to Russia, which would be a standing menace to British commercial interests and naval communications between India and the Far East. Lord Lansdowne has been so efficient in dealing with the China questions that it seems incredible adds the dispatch, that he should have neglected so important a detail.

THE PRESIDENT'S DOUBLE.

If the president had been seeking a double of himself, he could not have ome more closely to the mark than in the man selected for secretary of Dr. T. L. Ball the navy, and while the resemblance may be very striking, there is more possibility of his being taken for the 524 Commercial Street Astoria, Ore. executive than there is of success in palming off a substitute remedy for Hostetter's Stomach Bitters. It has become so well known as a cure for headache, nervousness, indigestion, dyspepsia, constipation and malaria that many unscrupulous dealers will refill the bottles with a bogus article and offer it as the genuine. Beware of such counterfeits. The genuine Hostetter's Bitters has their Private Stamp unbroken over the neck of the bottle. Don't fail to try it.
