### PULITZER MURDER

Last Developments Implicate a Grandson of Brigham Young.

Police Have Drag Net Out and Are Piling Up Stack of Circumstantial Evidence to Clear the Mystery.

NEW YORK, Sept. 20.—An autopsy, performed on the body of Mrs. Joseph Pulitzer, who was mysteriously murdered in a Fifty-eighth street flat and whose body was found in the Morrison canal, showed that her death was caused primarily by a knife wound in the abdomen and not by chloral. Several blows were struck on her head, but the skull was not fractured and there were no signs of cerebral hemorrhage. A police dragnet has been thrown out for William Hooper Young, who is suspected of the killing. Among the books found in Young's room in the Fifty-eighth street flat, was the cover of a small memorandum on the front of which was stamped in gilded letters "Practical Reference." On the inside were a number of notes headed "Blood Atonement," and followed by Biblical references, including an excerpt from the Book of Corinthians reading: "To deliver such an one unto Satan for the destruction of the flesh, that the spirit may be saved in the day of the Lord Jesus."

It now develops that when Young's father sailed for France on July 1, two of the sons went back to Utah. Hooper did not make his home with his father, but roomed in the vicinity. Recently he called upon the superintendent of the building and demanded the keys, which were given him. The apartment originally consisted of three suites. These were thrown into one for the use of the family, but upon their going abroad one of them was cut off and was turned over, rent free, to four missionaries, who are proselyting in New York.

These have been living there ever since and were asleep when the supposed murder was committed. Their names are Clarence Snow, Lawrence Taylor, J. L. Woods and John R. Porter. Mr. Snow said: "When the elder Mr. Young went to Europe he left four of us here rent free. Soon after Hooper demanded the keys. He lived in suite 4, which was entirely shut off from us and we saw little of him. Sometimes we heard him come in and sometimes we did not."

"Tuesday night Porter and Taylor were home all evening. Wood and I came in about 11 o'clock and all of us went to bed. I do not think any of us heard Hooper come in that night and we certainly heard no disturbance in his part of the house."

Detectives have traced Young to Brooklyn, where he went on Thursday morning to bid a friend good bye. To this friend he said he was going to the Rocky Mountains. A trunk shipped to Chicago by Young through the Wells-Fargo Express was consigned to "C. S. Elseny." The police do not believe it contained anything other than clothing belonging possibly to Mrs. Pulitzer, as very little of the murdered woman's apparel has been found. Richard E. Anzer, who was a close personal friend of Young, and at one time his partner in the publication of the Hoboken Crusader, has, according to the World, issued a statement saying that Young called at his home in Hoboken last Thursday about 7 o'clock. Young, he said, was driving a horse and buggy, which he stated had been rented by the liveryman who has since figured in the identification of the weight found attached to Mrs. Pulitzer's body.

Anzer says he met Young at Butte, Mont., in 1901. Young was then traveling for a drug house. They became friends and Young, later in the year, joined him in the publication of the paper in Hoboken. They dissolved

### OPERA HOUSE RIOT.

Hissers Resist Being Ejected—Fight Ensued.

SAN FRANCISCO, Sept. 20.—A riot occurred at the Grand Opera house tonight which resulted in several arrests for disorderly conduct. Last week the Gaelic League denounced a series of Boucicault's Irish dramas, now being presented at the opera house, as unworthy representations of Irish character. Tonight the opera house was crowded. The bill was "The Shaughran." As the presentation proceeded a number began to hiss. The police ejected 20 or 30 men who turned on them in the lobby where a fierce battle raged for several minutes. After the excitement subsided the play went on.

### KNOX RETURNS FROM FRANCE.

Was There in Connection With Sale of Panama Canal.

NEW YORK, Sept. 20.—A torney General Knox, who went to France to attend the conference concerning the sale of the Panama canal to the United States arrived today. He would say nothing of what passed at the conference nor would he admit that the title to the canal had been found all right.

Judge Crates Wright the attorney-general's assistant, said that the title of current concession of the Colombian government, which extends from the year 1898 to 1904, was all right, but the concession to be substituted after 1904 had not been affirmed.

### NEGROES MOURN.

Number of Dead 110—Gloom Over the Entire State.

BIRMINGHAM, Ala., Sept. 20.—The negro population of Birmingham is in mourning and a gloom has been cast over the entire state as the people begin to realize the immensity of last night's appalling disaster at the Shiloh Baptist church. Up to tonight the number of dead had reached 110. A large majority of the victims were residents of Birmingham. The injured negroes are being cared for in the various hospitals and in private residences.

### TEN THOUSAND IN LINE.

NEW YORK, Sept. 20.—Ten thousand persons attended the open air mass meeting in Madison Square tonight organized by the Federated Union in sympathy with the coal miners in Pennsylvania. Corps of young women and men marched around the square, using boxes for contributions to be sent to the aid of the miners. They were well patronized.

John Mitchell, president of the United Mineworkers, and Samuel Gompers, president of the American Federation of Labor, denounced the coal operators in striking terms. Other speakers were Henry George, Ernest Crosby, Charles Adams, John S. Crosby and Benjamin Sanford.

### RECOMMENDED BY CHAFFEE.

WASHINGTON, Sept. 20.—Lieutenant Kenneth P. Williams, First Infantry, has been recommended by General Chaffee for a congressional medal for skill and bravery in leading a relief expedition to the rescue of a marine detachment, which completed the famous march across the Island of Samar.

### ENGINEERS MAY RESIGN.

SAN FRANCISCO Sept. 20.—The Marine engineers on all boats running to the Columbia river may be asked to resign until the engineers on the upper Columbia river are granted higher wages.

It is alleged that the vessel owners, whose vessels have been running above the Willamette, have been under paying licensed marine engineers and have managed to keep the wages down by employing engineers not members of the association.

### SHAW WANTS NO REFORM.

CHICAGO, Sept. 20.—As the opponent of tariff revision and as an advocate of reciprocity, Secretary of Treasury Shaw spoke to a great crowd in Mason park tonight.
