Tuesday evening next the great musical farce comedy "McCartys' Mishaps" will be the attraction at Fishers' opera house. It is conceded to be the best show on the road. Most elaborate costumes, the greatest dancers, best specialties, new songs. Up to date sayings, funny comedians. It is the most laughable performance ever witnessed in Astoria. Seat sale opens Monday morning at Griffin & Reeds.

It is reported that a petition is to be formulated and circulated for signatures which if it accomplishes its object will effect a revolution in the handling of school books. Parties interested in the scheme desire that school books be printed by the state and sold at cost and also that radical changes in grade work do not occur so often.

An active interest is being manifested in the proposed bridge across the mouth of the Lewis and Clark and a paper is being circulated for voters to sign petitioning the county court to effect the improvement. It is expected the chronic kickers will get in their work, but it is further believed that public opinion is of such a nature in regard to the matter that the proposal cannot be killed.

Robert Hall, a pioneer of Pacific county; and lately a resident of Southern Oregon, where he had a government mail contract, died on Thursday morning at the Good Samaritan hospital in Portland, and was buried yesterday in Ilwaco. Mr. Hall was a very popular man and leaves many friends and relatives. Mrs. Geo. Baker, Mrs. W. B. Hawkins, Claude Hall, and Wm. Hall are his children.

Four Portland firms, the Star Box Company, Multnomah Trunk Co., Cascade Construction Co., and the Standard Box Co., have entered into a contract with the L. R. & N. Co. whereby the latter agrees to haul ten million feet of logs from Shoalwater Bay to Ilwaco each year for three years at \$1 per thousand. The road has not yet received its full equipment of trucks, but has already filled the large boom at Ilwaco, the largest trap being hauled last Thursday, containing 47 thousand feet. As a result of this new market seven new logging camps have been started up on the Nasel and Nemah rivers.

Captain M. A. Hackett of the Columbia River Digger Co., who was taken to Portland recently for the benefit of his health is reported to be rapidly improving. It is not known however whether or not he will return to the Lewis and Clark before the work being done there is completed. His son, Earl Hackett, is over seeing the work during the captain's absence.

Frank L. Parker and Tom Trullinger have had a complaint sworn against them for not paying a license that is levied against teams. The license amounts to \$14 and is supposed to be paid quarterly as described in city ordinance 2701. Parker and Trullinger contend that as their team is used for free delivery it should be exempt. On these grounds the case will be fought. The complaint was sworn to by the chief of police and the outcome will be watched with interest as the result will act as a precedent.

The Columbia River Digger Company's dredger which has been employed on the Lewis and Clark for the past two months will complete its work in about three weeks. Six hundred acres of tide land belonging to W. E. Dement is now being reclaimed and this will require several more days for completion. The dredger has worked up the river from Peterson's Point and it will be necessary to go over the entire dyke again before the job will be satisfactorily completed. The measurements of the dyke are 30 feet base, 12 feet top and 6 1/2 feet high. It is impossible to build to the height the first time over as the earth slides after being thrown up. At the second working another foot and a half will be added and a solid mass will be the result. A hand dyke had been put up north of where the dredger started in so there is in all nearly 1000 acres reclaimed. The value of the land will of course be greatly enhanced by the construction of the dyke, and it is expected to create an impetus in the improvement of land throughout the county.

TRAVELED 24,000 MILES

Long Journey in Interest of
Salmon Trade.

J. T. N. Callaway has just returned to Astoria from a record breaking trip of 24,000 miles, having visited all but four states of the Union, in the interests of the salmon trade of Samuel Elmore & Co. Mr. Callaway left Astoria early in last October, and has been on the road continuously ever since, doing business in all the important cities particularly in the east and south, and booking large orders for spot and future goods at very full prices, which testifies to the strong belief of the wholesale grocery trade in a continuation of the prevailing sound and prosperous condition of business throughout the country.

Mr. Callaway said: "Salmon as an article of food is growing more and more every year in public favor. Apart from its dainty flavor and nutritious properties it has the great merit of being absolutely pure and unadulterated."

"It must be a great source of satisfaction to Oregonians to know that the salmon caught in the rivers of this state still hold first and highest place in the estimation of the coming public, or at least those who know anything of the relative merits of the different varieties of salmon and prefer the tasty and dainty chinook to the coarser descriptions caught in Northern waters."

"The choicer grades of salmon are mostly consumed in the cities, while the cheaper fish find a ready sale among the poorer laboring classes, and particularly among the negroes in the south."

Mr. Callaway leaves this morning for San Francisco where he is to be married, and will return with his bride in a few weeks to remain in Astoria.

\$1,000,000 FOR CHARITY.

A fortune of \$1,000,000 was recently left to a charitable institution in one of our Eastern cities, and while much good can be accomplished by the careful expenditure of this sum of money, there is another agency which deserves mention because of the good it has done and the suffering it has relieved during the past 50 years, and that is Hostetter's Stomach Bitters. No other medicine can take its place as a cure for stomach, liver and kidney troubles, such as headache, belching, heartburn, indigestion, dyspepsia, constipation or biliousness. We would therefore urge you to give it a trial. The genuine must have our private stamp over the neck of the bottle. Do not accept a substitute.
