Brigadier-General Randall, in command of the department of the Columbla, has put in his annual report. In doing so the general deplores the increased number of court-martials and traces the cause to the abolition of the canteen. If soldiers are going to drink at all it is better to have the liquor regulated, and within the barrcks, than where they are led into all kinds coming generally admitted by those who know, that the canteen is the lesser of the two evils.

In a business-like manner the general committee of the Clarke Sword fund, has appointed local sub-committees and suggested an amount which they deem should be raised by each place. Reveals itself in many ways times the impurities in the blood mark and mar the skin with blotches, pimples, boils or other eruptions. Sometimes the

result of bad blood is rheumatism or a debili-tated condition which is popularly described as "feeling played out, hardly able to drag myself to drag myself around."

The impurities and poisons which corrupt the blood, clog the liver and cloud the skin are removed by the use of Doctor Pierce's Golden Medical Discovery. It does more than eliminate the poisons; it increases the activity of the blood-making glands so that there is an increased supply of

pure, body-building blood. It brightens the eyes, cleanses the skin, and gives new, physical energy.

Accept no substitute for Dr. Pierce's Golden Medical Discovery.

"I thank God for the good your medicines have done me," writes Mr. James M. Siremore, of Mitchell, Lawreine Co. Ind. Box 50: "I was not well for two years. My throat was always sore, head ached and hack ached nearly all the time. My weight was 150 pounds. I was taken sick with typhoil lever, and when the fever left me I had such a pain in my left side I could not breathe without pain. I thought I must die. My wife went to the drug store and procured a bottle of Dr. Pierce's Golden Medical Discovery and a vial of his 'Piersant Pettess.' I discoutined the use of my doctor's medicine and began with the 'Golden Medical Discovery and 'Pettes.' I at once began to feel better: the pain soon left my side and I could breathe with ease. In a week or so I felt so good I could aut stay in the room. I began to walk about the streets. I felt better each morning. After a month's use of the medicine I was well. That was over a year ago.
