SITUATION IS SERIOUS

WARSHIPS NEEDED AT CA-RACAS, SAYS BOWER.

Valencia Is Surrounded and Battie Is Now in Progress at That Point,

WASHINGTOS. Oct. 15 .- United States Minister Bowen, of Caracas, be sent to reinforce the gunboat Marietta at La Guavra in view of the pres ent critical situation which has arisen at the Venzeuelan capital.

Some time ago, when President Castro left his capital, Minister Bowen expressed to the state department his fears that an occupation of the capital by the revolutionists would result in rioting and pillaging, and be attended with great danger to unprotected foreigners. Such a situation, it is inferred here, is again imminent.

It is possible that either the Panther now at Colon, or the Cincinnati at present in Haytien waters, will be ordered from their present stations and sent to the Venzeuelan capital

The following cablegram received at the state department this morning from Minister Bowen dated last night at Carascas, shows the critical condition of affairs in the field:

"The army is still near Valenica. No particulars obtainable. closely surrounded and battle going on

PATAL NEW YORK FIRE.

Three Men Badly Burned and Forty Horses Lost.

NEW YORK, Oct. 15 .- Forty horses were burned to death and three men had narrow escapes from a like fate in a fire that started today in the five-story structure at 339 West Sixteenth street ccupied by the Gansevoort livery and building stables. The building was practically destroyed, together with a shed used for storing vehicles. Nearby tenements were emptied by a squad of police.

The fire started in a truck load of furniture in the first floor. John Hyland and James Kelly, stablemen, were in the basement, where they had rooms. Over the window of the room in which they were was a stout wire netting. The policemen pulled this away and drew the men out. Hyland was unconscious and burned slightly, Kelly had to struggle in such a strenuous manner with the grating trying to force it up that he and his comrade could get out that his hands were torn and bleeding, his arms and wrists lacerated and in many places there were gaping wounds on his hands and forearms.

After the fire was out, one of the of the firemen found John Spencer, a laborer, in a small shed in the rear, frightfully burned. He was lying on a smouldering bale of hay.

DENIAL FROM PALMA.

Cuban President Says His People Are

Not Ungrateful.

NEW YORK Oct. 15 .- President Palma has denied in emphatic terms the reports that the Cubans are displaying ingratitude toward the United States, or that they are now indifferent to the outcome of the reciprocity question, says a Tribune dispatch from Havana.

'We have always been grateful to the United States," he is quoted as having said, "and this feeling of the Cubans will never change. It is also our desire to have the closest com-

making the total for this year 329,338, a decrease of 62,654 as compared with the registered vote of two years ago. In 1900 the total registration was

DAMAGED BY EARTHQUAKES.

Great Property Loss Suffered in Meyico and Central America.

SAN FRANCISCO, Oct. 15,- theat damage was done to various ports or the Mexican and Septral American coasts by an earth-punke and total

wave September 23 and 24. Captain Von Riegen, of the German steamer Denderah says he was unable at some of the ports to even make landing owing to the destruction of the piers. At Salina Cruz on Tehanatepe he says the loss was greatest and that Jaunches and lighters were carried inland over 100 feet

At Ocos, Guatemala the entire pler at least 1000 feet in length was wrecked. The damage to that yort and city will amount to millions. The earthquake and tidal wave were felt as far up the coast as Manzanillo.

THE MINES INVESTMENT CO. owns one of the best mines in California. This property is not a prospect; It is an alread equipped mine with a Risdon 10-stamp mill, a 10x10 in. air compresseor, power drills, etc., operated by water power. The development consists of 3350 feet of tunnel, of which 2955 feet are on the various veins, and 640 feet of upraises and shafts, blocking out 85,000 tons of ore, milling \$12 per ton. This alone will net \$800,000 after all expense is deducted. Our object in selling 100,000 shares of the treasury stock is to acquire sufficient funds to buy and erect two concentrators, to finish a 380 foot crosscut tunnel, and for road repairing, so that a more economic system of mining may prevail.

The best security ever offered the public.
