WYTHEVILLE, W. Va., Nov. 8.—Colonel Slomp, the republican candidate for congress in the Ninth district, will ask the supreme court in Richmond for a mandamus compelling the county to receive and canvass the returns from Pattison and Austinville precincts in that county, which have been rejected by them on account of irregularities. A semi-official count gave the county to Slomp by 50, but the official gives it to Rhea (democrat) by 20 majority.

Latest returns show the legislature to be republican by one on joint ballot.

All Efforts to Discover Missing Superintendent Alive Is Abandoned.

BUTTE, Mont., Nov. 8.—A special to the Miner from Klipsel says a severe snow storm is raging in the northern part of Montana and the Great Northern railroad is compelled to use rotary plows to keep the tracks clear. All hope of finding Superintendent Egan of the Great Northern, who is lost in the mountains, has been abandoned and the company has offered \$500 for the recovery of his body.

RICH STRIKE OF SILVER

Great Excitement prevails—People Everywhere are Staking Claims.

PUEBLO, Colo., Nov. 8.—For 20 years people have been trying to find the source of the Oreatus silver cliff and at last it has turned up only half a mile from town. The strike seems to be the most important in southern Colorado. For several years ore has been found just below the surface on the government land. There is great excitement in the region and everything has been staked for miles.

Two-Inch Hawser and Two Engines Used to Strangle Him.

NEW YORK, Nov. 8.—Mandarin, the zoo elephant, was executed by strangulation tonight. A two-inch hawser was placed around his neck and each end of the hawser fastened to the drum of a "winch" engine. The engines were started at the same time and the hawser quickly tightened. The elephant had recently become unmanageable, rendering his destruction necessary.

DISCOVERS A GREAT RIVER

Exploring Party Returns From Important Canadian Tour.

NEW YORK, Nov. 8.—W. J. Wilson, an explorer of the Canadian geological survey, has returned with his party from a tour through the unexplored country to the southwest of James bay, says a Times dispatch from Ottawa. Mr. Wilson reports the discovery of a large river, hitherto un-

surveyed and running between the Albany river on the south and the Ottawa Picket river on the north. It has a course of over 300 miles and near James bay divides into two branches, emptying into Hudson bay. Several new lakes were also discovered.

GENERAL LOSES REASON

Remembrances of Surrender of Santiago Causes Insanity.

NEW YORK, Nov. 8.—General Toral who commanded the Spanish army at Santiago de Cuba at the time of the town's surrender, lost his reason in this way, cables the Madrid correspondent of the Herald:

A few days ago while at Alhama, in the southwest of Murcia, he received instructions from the Spanish government to draw up a full account of the surrender of Santiago. From that time he showed great signs of agitation and was frequently heard repeating the words, "surrender, surrender." The news has created a sensation in Madrid.

MYSTERY WILL BE SOLVED

Boston Police Have Been Given Name of Jack the Slugger.

BOSTON, Nov. 8.—The strange case involving the murder of Agnes McFee and Clara Morton, two murderous assaults upon many others, was a step nearer solution today, for the police were given custody of a young negro who pawned watches which were taken by the so-called "Jack-the-Slugger" from the bodies of his victims. The negro confessed that he secured the watches from a man in Cambridge. He has given the name of the man to the police, but the latter refuse to state whether he gave the name of Alan G. Mason, the prominent business man who is under detention on a charge of having murdered Miss Morton.

STOCK MARKET NOT RELIEVED

Election Has Not The Effect on Prices That Was Anticipated.

NEW YORK, Nov. 8.—In the stock market, the week was broken by the interval of election day. Expectation that the passing of the elections would relieve the market from a repressive influence proved wholly deceptive and the dull and irregular movement of prices continued. The immediate prospect was less favorable for gold exports, but the market continued to be influenced by the prospect that gold may go out later and that the supply of credits may remain restricted over the year-end. The rising course of wages and the declining course of railroad net earnings were contributory causes to the dullness and hesitation in

ATTACK ON SECRETARY ROOT

Purpose Is to Make It Appear That Unnecessary Severity Was Practiced in Conduct in Philippine War.

WASHINGTON, Nov. 8.—The war department made public today the statement of General R. P. Hughes in reply to the charges embraced in pamphlets signed by Charles Frances Adams, Carl Schurz, Edwin Barrett Smith and Herbert Welch, committee, under the title of "Marked Severities of Secretary Root in Philippine Warfare." Hughes quotes the following extract from the pamphlet:

"The Eighteenth regiment marched from Ilo to Capiz under orders to burn every town from which they were attacked. The result was they left a strip of land 60 miles wide, from one end of the island to the other over which the traditional crow could not have flown without provision."

Hughes, who commanded Tpanani at the time, says the burning of Ilo was shown by the official records of the insurgent counsel to have been the work of insurgents. Hughes further says:

"The Eighteenth regulars had no order to burn all towns from which they were attacked and they left the country uninjured; the towns and villages intact; roads improved; bridges rebuilt and the 600,000 natives of the section covered were left in full enjoyment of their property and rights."

COAL SNAP ALARMS EASTERNERS

Coal Dealers Unable to Supply Orders of Consumers.

NEW YORK, Nov. 8.—Although coal company and railroad officials say every effort is being made to supply this city with anthracite it is stated that only enough is reaching here to supply the demand—that is New York is receiving, five per cent. of the output against theoretical requirements of 10 per cent. Coal dealers who announced the scale of \$4.50 a ton recently, were flooded with orders, as bins had been scraped clean everywhere and are now forced to admit their inability to supply the coal promised.

A decided drop in the temperature during the past 24 hours has caused the shortage to be emphasized and predictions of a cold wave are adding to the fears of the consumers.

SWINDLERS WERE SMOOTH

Beat Life Insurance Companies in Unique Manner.

EL PASO, Texas, Nov. 8.—T. C. Richardson and W. Mason, charged with one of the biggest insurance swindles of recent years, are on trial here. The general plan of whoever perpetrated the swindles was to secure the assistance of a healthy man who impersonated a consumptive, the subject of the name on the application, for the policy, a strong man being made the beneficiary. In two instances, involving policies of \$10,000 and 15,000, the parties insured mysteriously disappeared. The examining physician at Dallas today identified Mason as the man who represented himself as one Evans for a policy of \$10,000. Another application for \$10,000 is claimed to have been fraudulent. The bodies of the people who died at Chihuahua will be exhumed for the purpose of determining whether or not policies had been issued to them.

TRY TO ESCAPE FROM CARS

On Their Arrival at Yorkton They Will Be Driven to Their Villages by the Mounted Police.

WINNIPEG, Man., Nov. 8.—The Doukhobors are being held at Minnedosa. They will be forced to return to Yorkton. Despite the persuasion of the dominion government authorities, the Doukhobors are inclined to behave badly and it is feared that if police reinforcements do not arrive serious trouble may result. The local authorities doubt their ability to prevent the continuation of the march toward Winnipeg. A mounted police detachment stationed at Portage La Prairie has departed for Minnedosa. If necessary, force will be used to entrain the Doukhobors for Yorkton.
