The affair seems to cause amusement when referred to, and in some quarters there seems to be a doubt as to the guilt of the persons arrested.

The matter of instituting a government hatchery on waters tributary to the Columbia river will be brought up by Congressman Tongue at an early part of the next session of congress. The establishment of such a plant is much desired by those interested in the fisheries of the state and doubtless every effort possible will be used to get the measure through and there is no particular reason apprehended but that such efforts will result in success. As previously noted the only reason provision has not already been made for a government hatchery is because the pointed a committe to walt upon the bill providing for one was not intromerchants of the city and determine duced at an early sitting of congress, but on this occasion this difficulty will

According to the San Francisco Trade Journal, the salmon market remains unchanged, an othere are practically no sockeyes or reds and chinooks to be had from first hands. The f. o. b. quotations for 1902 from first hands in round lots are as follows: Puget sound sockeyes, talls, \$1.25, flats \$1.40, haives -c; cohes, talls 85c, flats 80c, chums 57 1-2 talls.
