English Employers Will Learn a Few Things From American Ideas.

NEW YORK, Nov. 28.—In an editorial article today the Times says that Alfred Mosely's industrial commission has been met in the United States with true American hospitality and open-mindedness and Mr. Mosely's idea is one that appeals forcibly to the alert, practical American intelligence, cables the London correspondent of the New York Times. There can be no doubt that Mr. Mosely's example will be followed in the United States as well as in England with immense benefit to all concerned, continues the correspondent. One thing delegates certainly have everywhere noted is the superior alertness and business keenness of the average American employee.

There is indeed room for another Mosely commission to take the masters about the United States and show them how far they are behind the Americans.

"HOGS, HOGS, WHO EAT HOGS."

Sultan of Bacolod Writes of Americans—Officer and Man Killed in Battle.

MANILA, Nov. 28.—Constabulary Inspector Hendrix in Samar island was killed last Tuesday by badrons. His detachment was routed and Hendrix with one soldier was killed. The sultan of Bacolod, after professing friendship for Americans, has written a letter to Captain Pershing in which he calls Americans "Hogs, hogs, who eat hogs," and challenges them to fight. It is probable Pershing will be ordered to take a column to Bacolod.

FENCES WILL CAUSE WAR

Government Land Agent Determined to Enforce Law.

OMAHA, Neb., Nov. 28.—Colonel J. S. Mosby, special land agent of the government who has been called here to testify before the federal grand jury, says: "There will be bloodshed in Nebraska over fence matters before it is done with, but I propose to have fences torn down, if I have to send cavalry forces there to do it. I will go to Alliance and look after the Stardard Cattle company. That firm probably has more land fenced in Nebraska than any two people and I must look into it."

AS HOME, SO AMERICA

United States Will Fall as Did Latin Empire.

NEW YORK, Nov. 28.—In a sermon at Old Trinity, Bishop Worthington of Omaha, Neb., quoted from Gibbon regarding the voluptuousness of Rome and compared this country's possibilities of downfall with that of the empire. "There is peril," he said, "in our prosperity, even in the blessings which we ask today as a nation. There is sin in our luxuriousness and presumptuous extravagance."

BEN HUR'S AUTHOR ILL

Faebly of Lew Wallace Admired At His Weakened Condition.

CHICAGO, Nov. 28.—A dispatch to the Chronicle from Crawfordsville, Ind., says: "The family of General Lew Wallace is alarmed over the illness with which he has been suffering. His trouble started with a diseased tooth, but has developed until the general is in quite a weakened condition."

CORRUPTION ON INCREASE

Serious Conditions in China Owing to Decline of Silver.

LONDON, Nov. 28.—The Times publishes a dispatch from Peking dealing with difficulties which have arisen in consequence of the decline in silver. The correspondent says there is no

reason to fear that China will fail to meet engagements, but a discouraging feature of the situation is that no effective attempt has yet been made to introduce any kind of financial reform anywhere in the empire, while, if anything, corruption is on the increase.

AMERICAN CATTLE EXCLUDED

After January First American Stock Not Received in England.

LONDON, Nov. 28.—The board of agriculture has closed the ports of the United Kingdom against the importation of animals from Maine, New Hampshire, Vermont, Massachusetts, Connecticut and Rhode Island. The order takes effect January 5. Cargoes arriving in the meanwhile will be the subject of special investigation.

The exclusion of American cattle has caused a feeling amounting almost to consternation in shipping and meat traders. Fears are expressed that the interdiction may be extended to imports from all United States ports which would result in a great rise in the price of meat.

ST. LOUIS AGAIN

Men Are Charged With Fraudulent Voting—Indictments Served On Others.

ST. LOUIS, Nov. 28.—The October grand jury submitted a final report this evening and adjourned. The report is sensational in the extreme, advocating a change in election laws and severely criticizing city officials connected with boodling cases. Information charging fraudulent voting were issued against four men and a number of indictments were returned against persons whose names were kept secret.

WILL BE PENSIONED

U. S. Employees Will Be Retired He after Upon Pension.

OMAHA, Nov. 28.—Rules and regulations for the pension system which will go into effect January 1, have been completed by the officials of the Union Pacific by which employees will be retired on pensions. Details of the system will not be made public until later.

Reynolds, a well known mining engineer and one of the experts employed by Marshall Field and the Pullman company to investigate their mining property in Mexico, was attacked with neuralgia of the heart while riding on a street car and died a few minutes later at the Park Emergency hospital.

MORE POWER FROM NIAGARA.

It has been decided to build a large power plant on the Canadian side of Niagara falls, which when completed will enable the operators to furnish 200,000 horse power. A few years ago the idea of using Niagara's power would have seemed ridiculous, but the progress of invention during last century has now made it possible. There also has been wonderful progress made in medicine during that time, the most noticeable being the introduction of Hosieter's Stomach Bitters about 50 years ago. This family medicine is for everybody, but more especially for those who are weak and sickly. It will strengthen the stomach and nerves, cure indigestion, insomnia, constipation and malaria, fever and ague. Try it and see for yourself.

MISS ROSE OWENS, WASHINGTON, D. C.

"If every suffering woman has the same experience with Wine of Cardui that I had, your medicine will be most popular. About a year ago I began to have a worn out tired feeling with lameness, pains in the back and head which kept increasing every month. I felt that I needed something, but to get the right medicine was the trouble. I finally decided on your Wine of Cardui and only needed to take three bottles when I was fully recovered."

Miss Rose Owens.

WHEN Miss Rose Owens, who has a responsible position in the Government service at Washington, D. C., decided to try Wine of Cardui, she made a wise choice. Over a million women have been relieved of female weakness by this same Wine of Cardui. It is not a strong medicine but may be taken every day in the year by any woman with benefit. It does not force results, but corrects derangements of the menstrual organs. It strengthens the nervous system, gives tone to the bodily functions, acts directly on the genital organs, and is the finest tonic for women known to the science of medicine.
