to follow them when the Colombian officials in charge ordered them back on board the doomed schooner.  
"Let them perish with her," he exclaimed. The six unfortunate men, innocent of any wrong doing, were left to their fate on a sinking schooner with no sails and no boat.

**THOUSANDS OF TONS OF COAL ARE UNDELIVERED.**

Yards Are Photographed Showing Loaded Cars of Anthracite—Evidence Is Verified.

New York, Jan. 15.—The statement that thousands of tons of anthracite were awaiting delivery to retail dealers at the docks of the New Jersey Central railroad at Elizabethport, N. J., has been verified in detail by a photograph of the yards practically blockaded by loaded cars. There were nearly 400 cars in the yards and more than 100 additional on main tracks leading into the yards waiting to be taken in by drill engines. Averaging the 500 cars' capacity at 60,000 pounds each would make the total in Elizabethport at the hour of the count 15,000 tons.  
At other points there was also a suggestion of coal laden cars, which the officers of some of the coal carrying roads says is mainly due to the confusion caused by the separating of cars containing independent coal from those bearing the company coal. Notwithstanding the promise made by George F. Baer, president of the Philadelphia and Reading company, who, as the spokesman of the coal operators, told Mayor Low that all the coal yards in the tenement districts would be supplied with coal for the poor, there is great suffering in New York because thousands are unable to obtain fuel.

the St. Joseph Western League team, has received notice from President Hanlon of the Brooklyn Baseball league team that he has been selected to captain the Brooklyn during the coming season. Mr. Flood will accept the Brooklyn offer. In his letter Mr. Hanlon instructs Mr. Flood to get to Augusta, Ga., and meet the men there.

**WHOLL INSPECT THE SEWER?**

Reward Offered for Man Who Passes Through Quicksand Bog.

New York, Jan. 15.—One hundred dollars is offered to any one who will make an inspection of a two-foot sewer, 1800 feet long, says a dispatch from Friendship, N. Y.  
The sewer is built through a quicksand bog on a farm which is being drained in order to obtain a foundation for the crossing to be built for the Pittsburg, Shawmut & Northern railroad.  
The sewer is laid 30 feet under the ground. The railroad will not accept it until a man has passed through and inspected it. The journey is perilous because of the liability of cave-in and because there is a stream of ice cold water running through the pipe.

**WOMAN PHYSICIAN DEAD.**

Dr. Susan R. Pray Had Been Prominent in Missionary Work.

New York, Jan. 15.—Dr. Susan R. Pray, one of the conspicuous women physicians of Brooklyn, is dead at her home in that borough. After her graduation she practiced in Brooklyn three years and then went to China as a missionary for the Women's Foreign Mission board of the Methodist Episcopal church. She was in China two years. Her health failed and she had to return to Brooklyn. She is survived by two brothers, J. N. Pray Jr., of California and Emerson D. Pray of Brooklyn, and one sister, Mrs. Mar Van Riter.

**ENGLAND IS COLD.**

Nothing to Be Looked for but Snow and Frost for Some Time.  
New York, Jan. 15.—England is in the grip of winter, says a dispatch from London to the Tribune. North, south, east and west, the conditions are the same—biting winds, brisk weather, with a dash of frost and in some places enough ice to make skating safe. The movement of the barometer indicates that there is no reason to look for any startling atmospheric changes, and frost, occasional snow showers, with interludes of fog, are likely therefore likely to be prominent items for some time in London's meteorological program.

**SIGN OF THE AVENGER.**

Letter A Was Made in the Snow by the Side of the Dead Man.

Chicago, Jan. 15.—The sign of the "A," whatever it may mean, may lead to the arrest of the men who caused the death of the man whose body was found in Jackson park Tuesday night. Scratched in the snow near where the body of the supposed Italian was found was a letter "A" followed by a dash, and the police believe it may be the avenging mark of some society whose agents lay in wait for the unknown, bent on his death. The 12 knife wounds on the body were inflicted by at least two different weapons—a stiletto and a long knife.

The police have thus far been unable to identify the body. Scores of Italians have been taken to the morgue in the hope that some one of them might admit knowing the dead man, but all professed ignorance of his identity. The oath of the Mafia forbids members to seek redress in courts or to give evidence before them, and in other cases which the police have dealt with this law of the Mafia has been difficult to overcome.

**PACIFIC EXPRESS FAVORED.**

Wells, Fargo & Company Will Give It Preference for Through Business.

San Francisco, Jan. 15.—The Examiner says:  
Wells, Fargo & Company's express has ordered its agents to give preference to the Pacific express over all other express companies in the routing of through business. "The Pacific express has issued similar instructions to all of its agents. This is pursuant to a plan recently agreed upon by E. H. Harriman of New York.  
The Southern Pacific is a large hold-

er of Wells, Fargo & Company's stock, and Mr. Harriman is a director in the latter and chairman of its executive committee. The Union Pacific, Mr. Harriman and George Gould own the Pacific express.

While there is no consolidation of officers, stock or finances, there is to be a "community of business," and the latter is looked upon as the forerunner of an actual consolidation. It is understood that this combine will soon swallow the Denver & Rio Grande express on the road of the same name, the latter being a Gould line.

**BUSINESS IS STOPPED.**

No Fresh Coal Has Arrived and There You Are.

Chicago, Jan. 15.—Business in East Chicago, Ind., has been brought to a standstill by lack of coal, says the Tribune. The plants of the Republic Steel & Iron company and Emylewyn Rolling mill have shut down and 5000 men, practically all of the workmen of the town, are idle. The two plants consume 200 tons of coal a day, and the supply ran short last Saturday, when only one carload of coal arrived. No fuel has been secured since.

**HOSPITAL FOR CONSUMPTIVES.**

Large Money Given for Such Institution in New York.

New York, Jan. 15.—New York City is to have a hospital for the study and treatment of consumptives that will rival that given to Philadelphia by Henry Phipps, says a dispatch to the Herald from Philadelphia. Its endowment will be at least \$1,000,000. The name of the donor is kept secret. It is stated that the impending announcement of the New York benefaction precipitated the publication of the donation of Mr. Phipps.

Butte, Mont., Jan. 15.—A special to the Miner from Helena says:  
County Attorney-elect F. C. Woodward of Carbon county, has been disbarred by the supreme court for forging an application for a license.

**CHOSE DEBATERS.**

Stanford University, Cal., Jan. 15.—The try-out for the selection of the freshman debating team to represent the 1903 class in the annual freshman-sophomore debate resulted in the choice of J. L. Maloy and E. A. Cunha of San Jose and Joel Nibley of Salt Lake City.

**NO ADVANCE IN RATES.**

G. A. R. Encampment in 'Frisco Will Not Advance Hotel Prices.

San Francisco, Jan. 15.—The hotel committee of the general committee of the National Grand Army encampment to be held here this summer has decided to make no advance in rates for hotel accommodations during the week of the encampment.

Millions of the world's best people use Cuticura Soap, assisted by Cuticura Ointment, for preserving, purifying and beautifying the skin, for cleansing the scalp of crusts, scales and dandruff, and the stopping of falling hair, for softening, whitening and soothing red, rough and sore hands, in the form of baths for annoying irritations, inflammations and ulcerative weaknesses, and for many sanative, antiseptic purposes which readily suggest themselves, as well as for all the purposes of the toilet, bath and nursery.

**NOT A RELIEF BUT A CURE**

YEPPINGTON, Nev., Oct. 2, 1902, Dr. FERRIS, Helena, Mont.  
Dear Sir—I have not finished the former bottle and am so entirely well. My eye was one most physicians would have pronounced incurable. My appetite is good, have gained 15 pounds in weight and feel like a new lease of life was given me. One of the bottles I send for this time is for a friend and the other for myself as I do not intend to be without it.  
Very truly yours,  
T. R. HARRIS.
