## CLERKS STOLE EXAMINATION QUESTIONS AND SOLD THEM.

Flagrant Offense in Police Department  
Unearthed by District Attorney  
Who Springs Sensation.

New York, Feb. 10.—Max C. Benisch has been convicted before the justices of special sessions of agreeing to have Thomas B. Cavin appointed to the fire department for \$400. Benisch was convicted under a section of the penal code which made the offense only a misdemeanor and the maximum punishment of which is a year and a \$500 fine.

The justices had called on him to stand up and be sentenced when District Attorney Jerom hurriedly entered the court room and addressing the justices said:

"I am informed by Colonel Ogden of the civil service commission that he has evidence in hand which will connect this man Benisch with a series of the most flagrant and iniquitous frauds that have ever been perpetrated on the community since civil service has been in vogue.

"I ask that Colonel Ogden be allowed to state what he knows. The whole thing is so far reaching that we cannot yet see nor even guess at the limit."

Colonel Ogden then took the stand. He said that two young clerks employed in the civil service department had confessed to him that on May 2 last they stole copies of the questions to be out in an examination for police patrolmen. This examination was held on May 17 last and nearly 1800 men were eligible for the examination. The young clerks confessed, Colonel Ogden said, that they had taken the copies of the questions to Benisch and that he had paid them \$150.

The regular price of a copy of questions at the civil service examination to patrolmen is said to be \$50. On hearing Colonel Ogden's statement the sentencing of Benisch was postponed.

## ANTHRACITE TAKES TUMBLE.

Dealers Unable to Sell for More Than \$6.50 a Ton.

New York, Feb. 10.—A reduction in the retail price of anthracite from \$7.50 to \$6.50 a ton has gone into effect in the yards of the retail dealers throughout Greater New York. This reduction was agreed on at a meeting of the Retail Coal Dealers' association, held late on Saturday evening. A member of the association said:

"When the winter began there was not a coal dealer in the city who would have predicted that coal would have been selling at \$6.50 a ton before May. The last reduction in prices was brought about by the market for independent coal going to pieces last week."

## BETTING IS A CRIME.

It Violates the Law Against Gambling, Says a New York Justice.

New York, Feb. 10.—Justice Gaynor, in the Brooklyn supreme court, has

section 351 of the New York state penal code to mean that the recording or registering of any bet, not the making of it, upon an issue of chance is in violation of the laws against gambling and consequently is a crime. The decision was rendered on writs of habeas corpus and sued out in the interest of George Reardon and others.
