**GARMENT WORKERS ON STRIKE.**

Special Order Makers Have Been Locked Out for Three Weeks.

Chicago, Feb. 11.—The trouble between the special order clothing makers and the United Garmentworkers for jurisdiction has reached a point where every shop in this city is picketed and strife is constant.

The special order workers are growing desperate for they have been locked out three weeks and in many cases their places have been taken by out of town workers. President B. A. Arger of the garmentworkers asked the locals of his union in Cincinnati, Philadelphia and Boston to send all the idle tailors in those cities to Chicago. It is asserted that from 50 to 100 are arriving every day and are being sent to the north side, where the special order members are strong.

**IN THE LINE OF DUTY.**

Strike Picket Exempt From Arrest, Says Supreme Justice.

New York, Feb. 11.—Supreme Justice Gaynor, sitting in Brooklyn, has ruled that a police officer has no right to arrest a strike picket who is not obstructing the streets or interfering with public traffic.

The opinion was rendered in suit for damages, brought by James M. Flanagan, a labor union member, against two policemen, who had arrested him at different times while he was on picket duty in front of a Brooklyn factory in which there was a strike. The justice said to the jury:

"This man says he was a picket for a labor union. He has a right to be under the law. Capital has a right to organize and so has labor. It is not an obstruction of the highway to go about the street or to stop in it."

**WOMEN WERE EGGED.**

Imported Stitches Met With Hot Reception From Strikers.

Lynn, Mass., Feb. 11.—Eggs flew thick and fast last night when about a dozen stitchers were brought here by the Boot and Shoe Workers' union to take the place of Knights of Labor stitchers who are on strike at the George F. Nicholson's company's factory left work to go to their boarding places.

The women left the factory under the escort of the union cutters and all were at once surrounded by a crowd of men and boys. The police anti-

**Cancerous Ulcers**

At first have nothing about them to indicate their true nature. They look like ordinary sores and are usually treated as such, some simple salve, wash or powder being used in the hope of drying them up and stopping the discharge; but while the place may temporarily scab over, it again inflames and festers, becoming as bad or worse than ever. After awhile the deadly poison begins to eat into the surrounding flesh and the sore spreads with frightful rapidity. Then the sharp shooting pains, which distinguish the cancerous from the common ulcer, are felt, and the unfortunate patient is brought face to face with the most dreaded of all maladies, a cancerous ulcer.

Whenever an ulcer of any kind is slow in healing it should be closely watched, particularly if there is an inherited predisposition to cancer. Often times a malignant, stubborn ulcer starts from a boil, wart, mole, bruise, blister or pimple, for when the blood is tainted and the germs and seeds of cancer are implanted in the system, you cannot tell when nor where the deadly poison is going to break out.

S. S. S. cures these cancerous ulcers and chronic sores, by driving out of the system all the morbid and unhealthy matter that keeps the ulcer irritated and discharging. It purifies and strengthens the blood, and enabling it to throw off the germs and poisons, thus checking the further formation of cancer cells, and when all impurities have been removed from the blood and system the ulcer heals naturally and permanently.

All ulcers, even the smallest, should be looked upon with suspicion and treated promptly before they become cancerous. S. S. S. is a purely vegetable remedy, a perfect blood purifier, and an invigorating tonic. Write for our free book on Cancer. The Swift Specific Co., Atlanta, Ga.

pating trouble at other places were not near the Nicholson factory and the women and their escorts ran quite a distance in the shower of eggs. The crowd melted away as soon as the police appeared.

**FIRE DESTROYS HANDSOME BLOCK IN SALT LAKE CITY.**

Banks, Business Offices and Residence Apartments Entirely Consumed by the Flames.

Salt Lake, Feb. 11.—The Atlas block, a large five-story office building extending from 34 to 38 West Second South street, was totally destroyed by fire at an early hour this morning. At 4:45 the fire continued to burn fiercely and had spread to the Central block, in which is located the immense store of the Salt Lake Hardware company.

At this hour the loss is estimated at fully a quarter of million dollars. The origin of the fire is unknown. It started in the basement of the Atlas block and spread with startling rapidity. Within half an hour the entire building was enveloped in flames. The handsome D. F. Walker office building, which adjoins the Atlas block, caught fire several times, but the flames in this building were quickly extinguished with little damage.

In the Atlas block were located the Bank of Commerce, and the bank of F. E. McGuerrin & Co. In addition the building had about 100 tenants, mostly professional men.

Nothing was saved by any of the tenants.

**ART COLLECTION SOLD.**

Prices of Paintings Ranged All the Way From \$50 to \$9000.

New York, Feb. 11.—At the sale held in Mendelssohn hall of the art collection of David C. Lyall of Brooklyn, 15 water colors, 35 oils and one pastel sold for \$251,045. The highest figure was \$5,000, paid for Jules Breton's oil painting, "La Fin du Travail."

Alphonse de Neuville's "The Destruction of the Telegraph Line" brought \$12,000. It is understood this picture is to go to the Pittsburg Art gallery. The water colors brought moderate price until the first of the Millet's was offered, and though this was a tiny bit of water color it brought, after spirited bidding, \$2300.

Theodore Russe's "The Oak Sunset" went for \$5100 and a Corot, "Near the sea," brought \$6200. It is understood that both pictures went to Senator Clark, who was present with his family. Other prices ranged from \$50 to \$2000.

**FAMOUS SCOUT DEAD.**

Killed Notorious Indian With Last Bullet After Being Shot.

Albuquerque, N. M., Feb. 11.—Colonel J. L. Morris, one of the most famous of western scouts and Indian fighters, is dead here after a long illness.

In 1870, Morris, with 13 men, killed Chief Juanska and 39 Apache warriors who had been terrorizing the country. Morris was wounded in the neck, one of his men killed and 1 wounded. The leader, after being shot, killed Juanska with his last bullet.

Congress awarded Morris a medal for bravery. Colonel Morris served with a Kansas regiment during the Civil war. He will be buried here Thursday with military honors.

**NAVY YARDS RUSH WORK.**

Orders From Washington Direct That All Possible Haste Be Made.

New York, Feb. 11.—Haste in the work of repairing the ships at the Brooklyn navy yard is the order of the day. Repeated commands have been received from Washington directing that no delay be permitted and that all ships be put in commission as rapidly as possible. To obey these orders it has become necessary to employ about 200 additional machinists and mechanics.

No definite information as to the reason for hurrying the repairs is in possession of the officers at this yard, but they are pushing all work.

**STOWAWAYS DETAINED.**

Agencies at Work Smuggling Italians Into the Country.

Boston, Feb. 11.—The 37 Italian stowaways found on board the steamer Com monwealth on her arrival from Italian ports Sunday are being kept under guard on the steamer, the police having declined to take charge of them until the steamer sails on Saturday. Immigrant Commissioner George B. Billings says that he would not be surprised to find that there are men here engaged regularly in bringing stowaways across, being assisted by men in Italy and on board vessels coming to this port from the Mediterranean.

**NO STEPS FOR NEW TREATY.**

New York, Feb. 11.—The Copenhagen correspondent of the Daily Telegraph learns with regard to rumors of renewed negotiations of the sale of the Danish West Indies, says the Tribune's London correspondent, that the Danish government considers that the treaty was finally rejected by the Landthing in October. If matters should be resumed a new treaty must be concluded; but no steps are being taken in that direction.

**ALL SIDES OF THE LABOR QUESTION REPRESENTED.**

Different Speakers Handled Subject, "Perquisites of Industrial Harmony" at Economic Club.

Boston, Feb. 11.—The theorists, the active worker in labor, the high officials in industry and the employer of labor were all represented at a dinner discussion held by the Economic club last night. The subject was "The Perquisites of Industrial Harmony."

The role of what presiding officer George E. McNeill called the "theorist" was filled by H. Gaylord Wilshire, editor of Wilshire's magazine, prominent as an expounder of socialistic doctrine. The industrial was H. Riebenack, who is the assistant controller of the Pennsylvania railroad; the labor employer was represented by George E. Chace, treasurer of the Bourne mills, Fall River, and Henry R. Towne of the Yale & Towne Manufacturing company of Connecticut and labor itself by Henry White, secretary of the National Garment Workers' union.

Mr. Riebenack explained the various pension systems now in operation on the Pennsylvania railroad.

Mr. Wilshire devoted some time to considering the system set forth by Mr. Riebenack with respect to the economic relation to and effect on industrial conditions. He thought that the socialists have the only reasonable solution for the present economic conditions.

The next speaker, Mr. Chace, explained the profit sharing system carried out by the Bourne mills in Fall River.

Mr. Towne expressed the belief that what we most needed today in industry is a closer relation between employer and employee.

Mr. White of the Garment Workers' union, the final speaker, argued against profit sharing plans on the ground that their effect is to bind the working classes to the employer and to prevent an increase of wages if they do not bring about a cut-down in pay.

**COMPANY IN OAKLAND MAKE DEMAND THAT CLAIMS BE PAID.**

Salvadoran Government Was Given One Year of Grace by Commission and Now Its Time Is Up.

San Francisco, Feb. 11.—The Salvador Commercial company, composed of a number of capitalists of Oakland, Cal., has a claim for \$600,000 against the government of Salvador and the money will fall due next month, about the time the Pacific squadron under Admiral Glass arrives in the vicinity of the turbulent Central American states. The company was organized in 1894 and its representatives went to Salvador, where they procured the exclusive harbor facilities of the principal ports. A number of influential Salvadorans obtained stock, but the Americans controlled the corporation and its docks. Docks were constructed and a thriving business was being done when the Americans were frozen out and the property confiscated by the government.

The matter was directed to the attention of Secretary of State Hay and a commission was named to consider the merits of the claims. After long deliberation the commission awarded the Americans the sum of \$600,000. The judgment of the commission requiring Salvador to pay interest from the date the award was made until the claims were fully satisfied.

One year of grace was given Salvador by the commission. The time will be up next month and a representative of the Oaklanders' interests has gone to Washington to enforce the payment of the claims.

**BANKS WILL CONSOLIDATE.**

National Institutions Will Release Their Charter and Individuality.

Worcester, Mass., Feb. 11.—The Telegram says: The Central National bank and City National bank are to be consolidated with the Worcester Safe Deposit & Trust company. Both national banks will relinquish their United States charters and will cease to exist as individual institutions. Their stock will be exchanged for the stock of the safe and deposit trust company, the capital of which will be increased to \$500,000. The three institutions with combined capital of \$700,000 will form one trust company.

**HOLLAND SUBMARINE BOAT.**

Grampus Will Undergo Various Tests at San Francisco.

San Francisco, Feb. 11.—The crew which is to take the Holland submarine boat Grampus on her trial trip has arrived here from the east. Captain E. P. Cable, who conducted the tests made with submarine boats on the Atlantic side, is in charge of the party and will

have command of the Grampus. Before being tested under water the Grampus will be given a surface trial with the new crew in charge. A preliminary submarine trial will be held next week.

**RELATIVES OF MRS. FAIR GAIN AN IMPORTANT POINT.**

Husband Died Before His Wife, According to Affidavit of Physician Who Examined Both Bodies.

New York, Feb. 11.—A most important point has, according to the American's Paris correspondent, been scored for Mrs. Hannah Nelson of New Jersey and the other claimants to the estate of Mr. and Mrs. Charles L. Fair by the filing of an affidavit with the United States consul here by Dr. Perriquet, the physician who examined the bodies of the Fairs after the fatal automobile accident, that Charles Fair died before his wife.

This affidavit is at variance with the doctor's original statement that both the Fairs were killed instantaneously and simultaneously, but the doctor now claims that his affidavit is backed up by medical evidence beyond dispute, and that his first statement was made upon the impulse of the moment and without regard to the greatness of the interests at stake.

In all there are 11 witnesses whose evidence will be of material use to the contestants for the Fair millions, and the lawyers here say that the proof is incontrovertible. Several of these witnesses will be sent to New York and the depositions of the others will be sent, properly attested, to the lawyers in that city.

**INTERESTING EXHIBIT.**

East St. Louis, Ill., Will Show in Separate Building at Fair.

St. Louis, Feb. 11.—While Illinois is to be represented at the Louisiana Purchase exposition in a manner that will compare favorably with any of the other states, East St. Louis, Ill., has decided to erect a separate building at the fair. It has been planned by leading citizens to furnish money for the erection of a building which will illustrate the settlement, history, Indian wars and struggles of the early citizens of the old settlement of Cahokia, which later enlarged into East St. Louis.

**DIED OF HIS BURNS.**

Another Victim Added to the List Caused by Accident in Steel Works.

Pueblo, Col., Feb. 11.—Another death has resulted from the accident at the steel works here Monday last. Virgil Trine, who was assistant superintendent of the converter, died at the hospital as the result of burns. The others who were injured are reported in a fair way to recovery.

A coroner's jury has been impaneled to investigate the accident.

**1000 REWARD, \$100.**

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages and that is catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers, that they offer one hundred dollars for any case that it fails to cure. Send for list of testimonials. F. J. Cheney & Co., Toledo, Ohio. Sold by druggists, Geo. Hall's Family Pills are the best.

**NOTICE FOR PUBLICATION.**

United States Land Office, Oregon City, Ore., Dec. 16, 1902.

Notice is hereby given that in compliance with the provisions of the act of congress of June 3, 1878, entitled "An act for the sale of timber lands in the states of California, Oregon, Nevada, and Washington territory," as extended to all the public land states by act of August 4, 1892,

BRIDGET GRANT, of Astoria, county of Clatsop, state of Oregon, has this day filed in this office her sworn statement No. 5983, for the purchase of the se 1-4 of sw 1-4 of section No. 32, in township No. 7 n, range No. 9 w, and will offer proof to show that the land sought is more valuable for its timber or stone than for agricultural purposes, and to establish her claim to said land before the register and receiver of this office at Oregon City, on Saturday, the 28th day of February, 1903.

She names as witnesses:

John Chisholm, of Astoria, Oregon; Angus McPherson, of Wise, Oregon; James Howard, of Wise, Oregon; Alec Grant, of Astoria, Oregon.

Any and all persons claiming adversely the above-described lands are requested to file their claims in this office on or before said 28th day of February, 1903.

CHAS. B. MOORES, Register.
