Sometime Wednesday afternoon a distressing accident occurred on Sisson creek, whereby Eric A. Siljenaa of this city lost his life. Mr. Siljenaa was in the employ of the Bix Brothers' logging camp and after dinner on Wednesday, went into the woods to work. He was alone and as he did not return in the evening for supper his friends became alarmed and a searching party was organized to look for him. At about 8 o'clock a ghastly sight greeted the searchers. The body of the missing man was found beneath a large tree, the breath literally crushed out of it. Just how the accident occurred will, of course, never be known. It probably happened at about 4:30, as a watch which was on the body was found to have stopped at that time, the natural conclusion being that the force of the tree in striking Mr. Siljenaa was instrumental in stopping the timeplece. The body was brought over to this city yesterday and the funeral will take place Sunday under the auspices of the Pinnish Brotherhood and Seaside lodge, A. O. U. W., to which Mr. Sillenaa belonged. Deceased was a native of Finland, 38 years of age, unmarried, and had lived in this country for the last 14 years, making his home in the west end among the people of his nationality.

The New York Central has not taken action of any kind in the postoffice matter other than to submit to the committee for consideration two sites over its tracks, one fronting on Madison avenue and the other on Lexington avenue Either of these sites is well located for the quick and economical handling of the mails and doubtless would have had favorable consideration by the committee if an appropriation sould have been secured.
