YOU WANT

Well-fitting clothes, certainly. There are two sure ways to get them.

One is, pay the best custom tailor in town \$75 or \$100 for a suit or overcoat; nothing makes clothes fit like paying \$75 or \$100 for 'em.

The other way is to buy clothes with H. S. & M. in them; pay \$18 to \$30; if they don't fit you get your money back. You know the place.

United States Cruiser Arrives at Domingo City to Protect American Consul General There.

MANY LOST IN BATTLE

President Vasquez Demands Surrender of the City and is Opposed By Rebels.

Cape Haytien, April 2.—The situation in Santo Domingo city is very critical. The commander of the United States cruiser Atlanta, which arrived at Santo Domingo from this port yesterday, landed a detachment of 50 blue jackets to guard the United States consul in that city.

A shell fired last night by the Dominican cruiser Presidente, which is on the side of President Vasquez, fell on the German consulate. The damage done, however, was purely material, as the projectile, it happened, did not burst.

A battle lasting three hours took place yesterday morning between the government troops and revolutionists on the banks of the river Ozama, which flows into the Caribbean sea at Santo Domingo. A hundred men were killed or wounded.

President Vasquez demands the surrender of Santo Domingo City, but the revolutionists are disposed to resist up to the last moment.

The Clyde steamer New York from New York, March 18, which reached San Pedro de Macoris March 28, has not yet arrived here, and apparently has been prevented from proceeding by the authorities at Macoris. All communication and news from the interior is interrupted and business is practically suspended.

A quantity of arms and ammunition was shipped today on a gunboat which is in the hands of the rebels for an unknown destination. The situation is critical.

already spent \$1,250,000 in transferring the Dublin slums into decent dwellings for the working class.

An interesting report is current in Belfast that as an outcome of Mr. Wyndham's promised civil service in Ireland all recruiting for the Royal Irish constabulary has ceased and that a considerable reduction in the existing strength of the constabulary is contemplated.

To Separate Church and State

Bishop Burke Deprecates the Move in France Which is Driving Out Many Catholic Orders.

New York, April 2.—"Not only is the attempt to suppress the religious orders of France a move against the Roman Catholic church, but it is an attempt to de-Christianize that country," said Bishop M. F. Burke, of St. Joseph, Mo., when he arrived here on the steamer Kaiser Wilhelm der Grosse. He had been abroad to attend the pope's jubilee.

"This movement is a dreadful one, and I suppose it will keep on to the bitter end," he said. "I cannot tell what the outcome will be. Many of the sisters and members are coming to this country. The Carthusian monks, I believe are going to settle on the island of Gozzo, a British possession near Malta. The movement is an attempt to separate church and state. This is not desired by either the holy father or by Catholics."

Earthquake Blocks River

Butte, April 2.—A Miner special from Kalispell, Mont., says:

Residents of Helena Falls, five miles north of Kalispell, were terrified last night by an earthquake. At the point on Whitefish river where the disturbance occurred, over five acres of bluff land were carried a distance of 600 feet and deposited in the channel of the river. The dam is over 300 feet long and no trace of the former channel can be seen. Water is backing up and flooding the bottom lands.

The shock was felt for over a mile, causing houses to shake and dishes to rattle and fall from tables and shelves. The river is absolutely blocked to all traffic and timbermen are nonplussed at the condition which confronts them.

Refugee Orders Look Westward

Chicago, April 2.—A dispatch to the Inter-Ocean from New Orleans says: Bishop Rouzel, who is in charge of the archbishopric see of New Orleans in the absence of Archbishop Chapelle, says that he is flooded with applications from the refugee religious orders in France, which are desirous of establishing themselves in Louisiana.

Some of the convents may be able to receive a number of the refugee sisters, but they will take no action until the return of Archbishop Chapelle which is expected about Easter.

WINDY CITY GREETES HIM

Tour of President and Party Has Now Begun in Real Earnest.

CHICAGO ACCORDS WELCOME

Distinguished Guest Welcomed by Mayor and Committee—Addresses Thousands

Chicago, April 2.—President Roosevelt's tour of the west began in earnest here today when he stepped from the Pennsylvania special at 8:45 o'clock and was received by Mayor Harrison and a special reception committee, not to mention a huge crowd which made its unofficial presence known by cheers which could be heard across the river. The program prepared for the president's 15-hour stay in this city was repeated to him by Charles S. Deenan, chairman of the reception committee, and served to remind the president of the strenuous nature of the life he would be called upon to lead during the next two months.

The program, to which the president gave his hearty approval, provided for an immediate run to Evanston, 17 miles to the northward, and a brief address there to the students of the Northwestern university; luncheon at 12:30 at the Auditorium annex, a trip in the afternoon to the University of Chicago, where the president was to receive the degree of LL. D.; a banquet at 6:20 at the Auditorium, he being the guest of 119 citizens, and a meeting in the evening.

Addresses Thousands.

Chicago, April 2.—With 6000 in the hall, the seating capacity of which is but 5000, encouragement was given to President Roosevelt when he stepped upon the stage of the Auditorium tonight.

The great building has held many throngs, but never one that was more interesting in its applause than the crowd that filled it tonight. From the first floor to the roof was packed to its utmost capacity, and every seat was occupied.

When the president, escorted by members of the local committee, appeared on the platform he was met with great enthusiasm, the vast crowd arising to their feet and supplementing its hearty cheers with waving programs and fluttering handkerchiefs. The president acknowledged his reception with repeated bows and took a seat between Franklin MacVeagh, chairman of the committee, and Mayor Harrison. As soon as his voice could be heard Mr. MacVeagh announced in a few words that the nation's chief executive would be made welcome to the city by Mayor Harrison, who then spoke briefly, extending the president a hearty welcome.

Communication With President

Washington, April 2.—During his absence from Washington President Roosevelt will be, at all hours of the day and night in close touch with the White House. Telegraphic communication will be maintained between the president's party and Assistant Secretary Forester, who is in charge at the White House, where routine executive business is transacted.

Before leaving Washington President Roosevelt disposed of practically all questions relating to appointment, but if necessity should arise he will make appointments while enroute. They will be announced at the White House and not from the president's train.

During the two weeks and two days the president will spend in Yellowstone park, Secretary Loeb will be on the special train which will be sidetracked at Cinnabar, near the entrance to the park. He will be in daily communication with the president through telephonic or telegraphic system in the park or by carrier.

Seattle Whisky Made Him Crazy

Drunken Man Shoots Three Othes and Is Himself Shot by Policeman.

Seattle, April 2.—Dan McCauley, cradled by tenderloin whisky, attacked a crowd of men in the O. K. saloon at an early hour this morning with a revolver. James Clark and William McLaughlin were mortally wounded by shots from McCauley's gun and an un-

known man received a serious wound from a third shot. McCauley was shot twice by Patrolman Griffith in attempting to escape from the saloon and may not recover. No other cause than bad whisky is assigned for McCauley's outbreak.

Steerable Balloon Made Trial Trip

Returned to Starting Point After Successful Cruise.

Paris, April 2.—The Petit Parisien stated that the steerable balloon belonging to the brothers Pierre and Paul Lebaudy, was again successfully tried yesterday at Noissey. The ariship ascended, made a number of maneuvers and followed the course of the Seine for some distance. It then returned and was brought to the ground easily 100 yards from the starting point.

Will Fight In San Francisco

San Francisco, April 2.—The Yosemite club of this city has been awarded the heavyweight championship battle between James J. Jeffries and J. J. Corbett in a competitive bidding affair that hardly developed a contest. The bout will be held in the latter part of August and the club will either guarantee the fighters \$20,000 in cash or allow them to take 75 percent of the gate receipts, but not both. On or before May 15 the principals will make the selection and arrange such other details as may suggest themselves in the meantime.

GIFT OF UNKNOWN DONOR.

Boston, April 2.—An anonymous gift of \$50,000 has been announced at Harvard for a new hall of philosophy to be called Emerson hall and to cost in all about \$150,000. Of this amount \$55,000 has already been raised, and a further sum of \$10,000 has been promised on the conditions that the money be raised by May 24, Emerson's birthday. The object of the proposed edifice will be to carry out the work of social philosophy now conducted under the direction of Prof. Peabody.

"DEATH TO GOVERNOR"

Mexican Mob Marches Upon Official's Residence and Hurls Stones At It.

CELEBRATION ENDS IN RIOT

Political Partisans Make Unholy Capital Out of an Historical Event.

Monterey, Mexico, April 2.—During the celebration here today of the victory of the republican troops under General Diaz at Puebla April 2, 1867, political capital was made of the affair by the partisans of various candidates for governor of the state of Nuevo Leon, and a mob of 1500 citizens formed into line and marched to the residence of Governor Reyes and hurled a shower of stones at the mansion, shouting, "Death to Reyes."

The police were sent for and in the mix up that ensued in disposing of the mob, two policemen and two citizens were killed and many wounded. Quiet now prevails, but it is not unlikely that trouble may break out afresh, as political sentiment is high and strong feeling prevails against Governor Reyes.
